Description

Partner:

LYVS is a non-governmental organisation, founded in Minsk in 1994. The full member of the Alliance of European Voluntary Service Organisations since 1998. Our central objective is to assist young people in the implementation of their ideas on the basis of voluntary service and through the methods of non-formal education.

Work:

The volunteers will clean the territory and green areas from old branches and rubbish. They will also help with the renovation of the gazebos and other areas as well as renovation (mainly painting) of the main building.

Accommodation and food:

The volunteers will be accommodated in 2 wooden cottages, located in the territory of the Recreation center. There are beds, a common room and a kitchen, a toilet and a shower in each cottage. No washing machine. The volunteers will need to prepare food themselves. Please, take into consideration that local cuisine has its peculiarities and is a part of the intercultural experience. Belarusian diet includes various porridges, many vegetables, potatoes, meat, river fish rather than seafood, dairy products, soups.

Location and leisure:

Recreation center is a place for people with disabilities to lead an active way of life, where they are learning and practicing dancing in wheelchairs and even parachuting. There is a big territory with lots of green areas which needs improvement and this will be the main task for the volunteers. The center is located in Kolodishchi which is a suburban area of Minsk. There are shops, banks, a post-office, a hospital in Kolodishchi and it has a good transport connection with Minsk. The wifi is not available at the site of the camp.
