**Description of Workcamp:**

The Sugny Refugees Centre accommodates people who have asked for asylum in Belgium. Many of them fled from war or persecution. Before these people may start their new lives, their refugee status has to be proven and accepted. While waiting for the documents that will enable them to remain legally in our country, the immigrants are accommodated in this centre.

People living there await the solution concerning their administrative status. They never know what tomorrow may bring to them.

Therefore, residents often found themselves overwhelmed by feelings of relief and anguish, hope and disappointment. The life of Sugny Asylum seeker Centre reflects these individual dramas and big international tensions. This project is based on a dynamic meeting between the volunteers and the residents of the refugee center. With the help of technical leader, volunteers, young and older residents will work together to achieve several missions within the center: development of the outdoor meeting spaces (construction of benches, outdoor games, garden ...), you will also be asked to organize activities with the residents: sports, crafts, games. To a lesser extent, you will also paint some rooms of the centre. Volunteers will be sleeping in a common room (dormitory) in a building next to the central one. Showers are accessible in a central building.

Meals will be provided by the Centre. Please, be aware that meals are simple. Vegetarian or any other diet should be announced in advance. Sugny is a very small and isolated village in the south of the country (near the French border). By choosing this workcamp, you decide to live in the nature. All around, there are fields, woods and small villages. But there are plenty of opportunities for entertainment: football fields and basketball playgrounds, TV room... During the weekend, it will be possible to organise cultural visits and to travel to the biggest Belgian cities. This project requests volunteers with a good level of motivation for its theme and who are prepared to integrate the life of a refugee center. We recommend that they have an idea about the policy concerning refugees in their own country.

In order to demonstrate this, we ask the candidate volunteers:

- to answer our specific questionnaire (if you do not have it yet, please ask it to your sending organisation).

We will not confirm any placement request before analysis of the questionnaire.

Workcamp language: Kids are quite fluent in French thank to school, adults take longer time to learn foreign language. The languages used among the residents are very different – French, Russian, English, German... more than 15 in general and depend on current presence of residents.

**Description of Workcamp:**

The aim of this camp is to offer to people with light mental disability the possibility to go on holidays with young international volunteers. During the workcamp, they share leisure time activities, make cultural visits and, above all, have fun. Thanks to this stay, people with learning disabilities can leave their parents, their daily life, and spend time with other adults of their age. They wouldn't be able to go on holiday alone. Volunteers and the CBB staff will accompany them in their leisure time and help them with their daily tasks. There will be 13 people with learning disabilities and 10 leaders. The disabled people are between 18 and 50 year old. The two 1st days will be dedicated to prepare the activities and the shedule of the project (the people with learning disabilities people will arrive the 26th of July). From the 26th, volunteers, CBB staff and disabled people will spend together 24 hours a day. The CBB staff and the volunteers will be the guides of the disabled people. They will be responsible for them, they will organise the leisure time (excursions, walks, games, parties, etc.) and the meals.

If at the beginning you ask yourself about what's going on, after 2 days you will be amazed by the jarring atmosphere. While respecting the rythm of each one, we are all there to enjoy ourselves! We will share a cottage. We will have several dormitories and all the modern facilities, but you will need to bring your sleeping bag. Meals will depend on your cookery talents (self-catering). Chevetogne is located at the South of Belgium between Dinant and Rochefort. Many activities are possible in this very green part of the country. The house is surrounded by a huge park equipped with swimming pool, mini golf, lake, and barbecue. Please, check the web-site for more details: <http://www.domainedechevetogne.be/> for more details (you can choose French or Dutch). This project request volunteers with a high level of motivation for the theme of inclusion. The volunteers must have a basic knowledge of French. Previous experiences in groups animation or in work with people in situation of mental disability, ability to cook for 25 people, talent for fun and entertainment are really welcome (but of course, you are not supposed to be able to combine all these qualities!!!).

In order to demonstrate their motivation and French knowledge, we ask the candidate volunteers:

- to send us a short motivation letter in French (do not be afraid to make mistakes, BUT please do not use any automatic translator !)
- to answer our specific questionnaire (if you do not have it yet, please ask it to your sending organisation).

**Description of Workcamp:**

The staff members of the association APA (Ateliers Paysans Artisans) are very active in the environmental field. They experiment collectively some new ways to produce, consume, live and organize the social relations.

They are committed to cultural openness as well as social solidarities and wish to encourage the exchanges of know-how's and knowledge's through the creation of networks.

They want to arouse the reflection around an alternative lifestyle by using collective and concrete actions: gardening, repair café, harvest and sale of organic vegetables and fruits.<http://www.paysans-artisans.be/> The association bought an old barn of 135m<sup>2</sup>. They would like to use it to collect and distribute all the organic fruits and vegetables of their partners. With the help of technical leader, your team will work inside the barn to renovate it: knocking down and cleaning the inside walls, dismantling the staircase... During some days, your team will be split into 4 groups to give a hand to the farmers of the village (members of APA): harvest fruits, renovation of fences...

The last days of the project, you team will work in the famous Esperanzah world music festival (task to be confirmed: Assembly of certain structures, painting, decoration...) Accommodation

Your team will have a dormitory in a renovated barn. You'll have a kitchen and a dining hall. Be aware that the accommodation is quite basic. The shower will be outside.

**Food**

Your team will cook each evening together. Breakfast at the sleeping place, lunch time at the working place. Floreffe is a city (8.000 inhabitants) in the countryside. One can find everything there: schools, supermarkets, pub... But still, it is surrounded by woods, fields and small villages where the life rhythm remains rural. By train you could easily reach bigger cities as Namur (10km), Liège or Brussels.

**Description of Workcamp:**

There will be limited Internet access during the camp, available just from time to time.

Please take working clothes with you and shoes – boots are just perfect. Check if you have something suitable for rainy weather. Our partner ask you to bring working gloves..

Participation to monastic life (daily mess....) is never compulsory. Obviously, volunteers will be individually free to join some public celebrations in case of wish or personal interest.

While promoting this workcamp in a catholic monastery, CBB insists on its pluralist values. This project offers the volunteers the opportunity to work on a site with high patrimonial and cultural richness. We also see it as a nice opportunity to learn and develop awareness to interfaith dialogue and understanding.

It is an alcohol free camp

**PRE-CAMP SESSION INCLUDED IN THE PROJECT DURATION**

Location : Marche-en-Famenne

Dates: from Friday 05th to Saturday 06th of August

Purpose: the pre-camp gathers the volunteers from different projects. The participation in the pre-camp is compulsory and free of charge. It is a unique opportunity for the volunteers to meet and to attend different workshops on group dynamic, intercultural education and volunteering awareness. The pre-camp lasts from Friday evening to Saturday afternoon. On Saturday, the volunteers will travel together to their camp location (the cost of this train ticket is covered by CBB). The non-profit organization of "Abbaye des Saints Jean et Scholastique" is directly connected with the Maredret's Abbey, a high patrimonial and cultural value of Belgium.

This partnership is built on the will to preserve this patrimonial heritage and to create dialogue between volunteers working for a pluralist association and a local catholic community, each person being accepted with his/her convictions and personal point of view.

Beside its spiritual life, the association organizes activities and creative workshops for everybody interested. The main part of the activities, as Yoga, Grégorian music, vegetable and fruits gardens, gold coating,... try to offer appropriate place to facilitate the exchanges and to feel relaxed. The well preserved area surrounding the abbey with gardens, orchards, and plantation contributes a lot to this peaceful atmosphere

<http://www.abbaye-maredret.be/#sthash.pG5k9F8t.dpbs> The Volunteers crew will work outside, especially to restore the surrounding wall of the Abbey: cleaning the wall, weeding, and pruning, painting benches... Depending on the season of harvest, you'll give a hand to collect fruits of the orchard.

BEWARE: This workcamp is only based on manual and outdoor tasks and the work

might be sometimes hard. Volunteers will stay in a building with bedrooms for two. Shower and toilets will be available on the same floor. On the ground floor, you'll have your private living room that you can use for the evening and free time. The food will be provided by the community. During summer time, they collect fruits to produce their own fruit juice and marmalade.

Thanks to inform us in advance if you have a special diet. Maredret (25km of bigger cities as Dinant and Namur) is a traditional village, most of the houses are built in stones of the country, extracted during decades of the local quarries. Maredret is a small jewel set in the Molinee's Valley. This region is considered for the beauty of its landscapes and its natural resources. It's very close of the touristic place of Maredsous..

The working place is not the same than the accommodation place so volunteers will leave the town every day. Sleeping in town, working in the countryside. Please, bring some working clothes and boots you do not mind to get dirty. And rainy clothes in case of rainy weather can also be useful The Marche-en-Famenne workcamp is the outcome of the collaboration between municipal authorities and a local non-profit organization. More than ten years ago, the mayor and deputies wanted to develop international contacts for the local youngsters. GRIMM association was just beginning to work on the protection of the local life framework and promoting models of sustainable development. Their members had a full load of ideas but were short of hands to realize them. Thus, they came to the idea of involving volunteers from all over the world. Since then, the municipality makes its buildings available every summer and welcomes foreign youngsters. GRIMM members organize the work. With the help from the volunteers, they are eventually able to realize the projects they dreamt about. Their actions are based on the following philosophy: Nature belongs to everyone. And that each of us may enjoy it, it has to be protected. Assisted by local technical leaders, volunteer group will realize different manual tasks outside: construction of a shelter for donkeys, construction of wood benches. But also the maintenance of previous construction of the volunteers crew from the past: cut branches, sanding, painting, cur branches... Accommodation can be compared to a boarding school: a corridor with double bedrooms; toilets and showers are at the same floor. No smoking inside. Self-catering. Bring your recipes to enjoy 'kitchen life'! Marche-en-Famenne is a city in the countryside and it is also CBB town! One can find everything there: schools, supermarkets, industries... **Description of Workcamp:**

The volunteers are required to have basic knowledge of French. To write a short motivation letter in French and to answer a short questionnaire will be required. Volunteers with knowledge of animation (songs, music, games, dance...) and small group dynamic are very much welcomed.

In addition, it is recommended that they have an idea about the policy concerning refugees in their own country, what the public image of the refugees is there, the place that is assigned for them. Some of these issues might be put on the table during the evenings. This kind of workcamp is a very rich personal and human experience.

Alcohol is formally prohibited in the Centre.

Kids are quite fluent in French thanks to school, adults take longer time to learn foreign language. The languages used among the residents are very different – French, Russian, English, German... more than 15 in general and depend on current presence of residents. To a lesser extent and depending on the weather, your team could have some activities as painting inside or maintenance of the park.

They will be required to get actively involved in the daily life of the Centre. Half of the time will be devoted to proposals of activities for children and adults (according with the population currently present in the Centre).

The management team of the centre is very well used to work with volunteers as they have been hosting this workcamp for several years. Volunteers will be lodged in a common room (dormitory) in a building next to the central one. Showers are accessible in a central building.

Food

Still to be confirmed Rixensart is located in the Brabant Walloon province, 25 km from Brussels and 7 km from Wavre. The zone is highly urbanised and has all the usual conveniences, although, in the past, it used to be a rural and agricultural area. Thus, Rixensart still keeps its countryside charm but one can feel the

proximity of Brussels (40 minutes by train, 20 by car). Refugees Centre is located outside the town centre, but in a walking distance from the famous local lake Genval, cinema, shops, supermarkets, train station. Website (in French): <http://www.rixensart.be>
