**Description of** The project : The castle of La Chèze is a Middle Ages castle with a rich history.

**Workcamp:** Abandoned for few centuries the site was almost completely covered by vegetation.

10 years ago two organisations have chosen to revive this important site of Medieval heritage. They organize workshops to renovate it and a music festival called ¿Blues au château¿ which takes place every year at the end of August.

Local people are very much involved in the work done by this organizations. They are waiting for you and ready to give you a warm welcome!

Works : You will have the chance to participate in the renovation and the enhancement of this Medieval castle according to traditional masonry.

Location : The village of La Chèze is located in the heart of the Bretagne region which is bordered by the Atlantic Ocean and the English Channel. This region is known for its wonderful natural richness and its great cultural heritage!

Accommodation : in tents

Nearest big town : Saint-Brieuc

For seekers of nice

landscapes !

**Description of Workcamp:**

The project : The town of Montautour has a very rich and remarkable construction heritage. The city center is protected as Historical Monument. Restoration works started a few years ago. Today, there is still one major part of this heritage which needs to be renovated to finalize the project. In order to help the town, Compagnons Bâisseurs is supporting this project. The local authority called Vitré Communauté decided to support it by organising an international workcamp. There is large amount of work to be done.

Workcamp will take place for the third consecutive year! The local partners want to use the workcamp to encourage local youth to move and commit themselves to the project. It will be the opportunity for you to meet the young people of Montautour : they will happily show you their region and their culture.

Works : 'Parish enclosure' is a translation of the French term 'enclos paroissial'. It refers to a wall that was build all around a parish church that we found especially in Brittany and date back to the 16th and 17th centuries. You will renovate a stone wall with lime mortar according to traditional masonry in order to rebuild the parish enclosure in Montautour city center.

Location : Montautour is a lovely town located at around 60km of Rennes, in a green landscape of Brittany region. It is situated only 1 hour from the see and its famous Mont Saint Michel: Wonder of the Western world !

Accommodation : in tents

Special Requirements : Physical work. :-)

Name: ARPEJE - Wooden boat on the Garonne River

Location: PARIS

Address:

Project: CONS-ENVI - Construction-Environmental

Initial Date: 07/07/2016

Final Date: 28/07/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

Project:

Unforgettable days await you on this work camp between the Jardins d'aujourd'hui shared gardens and the ARPEJE shipyards, at few minutes from the docks of Bordeaux!

ARPEJE is an association that works on social and educational reintegration of young minds. For 3 years, they have built and renovated wooden sailboats. In collaboration with Concordia for a fourth year, ARPEJE wants to reinforce its partnership with Les Jardins d'aujourd'hui, an association promoting alternative agriculture in link with social development. As an added bonus, you get to visit Bordeaux, an exceptional city to discover!

Work:

You will participate in the layout of a site hosting a pedagogical vegetable garden with the construction of a wooden structure sheltering an ancient bus used as office. You'll also help repairing the roof of the shared kitchen. Work involve: carpentry/woodworking, painting and some interior fittings.

Accommodation and meals:

Camp on the grounds belonging to the association Les Jardins d'Aujourd'hui. Tents for 2 will be provided. Please bring your floor mat and your sleeping bag. There will also be a collective tent for cooking and diverse activities and an old bus transformed to host you! You will share collective tasks and prepare meals as a group. You will also have to manage a budget provided by the group facilitators and participate in grocery shopping, favoring healthy and local foods.

Location and activities:

L'ARPEJE and Les Jardins d'Aujourd'hui are located in the middle of the wet docks in Bacalan district, Bordeaux. This city is rich in history and known throughout the world for its wine. Among the planned activities, you will visit the city, castles, vineyards and will have the possibility of sailing the Atlantic ocean!

Special remarks:

Bring clothes, gloves and work shoes, warm and rain clothes, a flashlight, sun-screen and -glasses and a swimsuit. The nights can be cool; so take warm clothes and a good sleeping bag and mat. You can also take recipes from your country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Marmande train station.

Closest airport:

Bordeaux or Toulouse Meilhan is a small village located on the edge of the Garonne River which annually organizes the festival of the Gabares, which are traditional flat-bottomed boats originally intended to transport goods. This festival brings together the whole village, enthusiasts and others, to see the boats leave the Meilhan dock and go down the Garonne River. This project will allow the maintenance and development of the hold and the route of the boats along the river, on the occasion of the village festival. You will maintain the hold and the route manually by cleaning and weeding the venue of the festival, as it is the only possible way to make it nice and attractive. Helping the town and its people to organize the festival will be an opportunity to meet with the locals and share unforgettable moments with the community. Accommodation will be available. You will share the various collective tasks and prepare meals as a group. A budget will be allocated by the animators and you will participate in grocery shopping and meal preparation, emphasizing on healthy and local products. Meilhan (1300 inhabitants ) is located in the Lot-et-Garonne county on the left bank of the river , 70 km from Agen city and 15 km from Marmande city. Bring clothes, gloves and work shoes, a raincoat, hiking shoes and a swimsuit. The nights can be cool; so take warm clothes and a good sleeping bag. You can also take recipes from your country, musical instruments and games.

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. Closest airport:

Toulouse or Bordeaux Come to discover Mendionde, a small village between the Atlantic Ocean, Spain and the Pyrenees mountains. For lovers of the Basque culture! Mendionde is a town rich in history in the deep Basque countryside. The town undertook the renovation of the Garro Castle, built in the 13th century and symbol of independence of the Navarre region. Concordia has worked on the walls and stairs of the castle in the past. Work resumes this year and you can explore this beautiful village in the heart of Basque country, meet the people and experience local traditions through dances, games and nature hiking. You will continue the restoration started last summer on the exterior walls of the castle esplanade. You will consolidate stone walls via traditional masonry techniques (tapping, stitching, grouting). You may also intervene in the interiors of the castle (cleaning, painting and various repairs). You will stay in a typical Basque house in the heart of the village. Sleeping on mattresses on the floor in shared rooms (bring your sleeping bag). You will share the various collective tasks and prepare meals as a group. A budget will be allocated by the animators and you will participate in grocery shopping and meal preparation, emphasizing on healthy and local products. Mendionde is a town of about 800 people at the foot of the mountains of the Pyrenees, not far from the Spanish border. During weekends you may be able to visit the village of Saint Pee sur Nivelle, the cities of Bayonne and Biarritz and swim in the Atlantic Ocean. Bring clothes, gloves and work shoes, a raincoat, hiking shoes and a swimsuit. The nights can be cool; so take warm clothes and a good sleeping bag. You can also take recipes from your country, musical instruments and games.

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. **Description of Workcamp:** Meeting point:  
Pont-du-Château train station.

Closest airport:

Clermont-Ferrand, Lyon or Paris For six years now, international volunteers have been restoring Pont-du-Chateau's terraced gardens. The site has already changed a great deal. You too can participate in this big project!

Situated near the natural river Allier, Pont du Château is a town that wishes to bring nature into the city through sustainable management of natural areas.

Former terraced gardens are gradually being redeveloped and managed as ecological gardens by international volunteers. Your task on this project will be to reconstruct the walls that border the terraces. This seventh international workcamp in Pont du Château will let you discover its medieval Centre and share friendly moments with its inhabitants. During your stay, you will meet volunteers from other international work camps staying in Pont-du-Château. This summer we are giving you the chance to restore the outer stone wall. The render is falling off and there are large cracks in the wall. Your work will consist of reinforcing the wall and thus making it look more appealing! Working alongside a technical instructor, you will learn traditional building techniques using lime mortar, how to rebuild a stone wall and apply a natural render. You will also participate in making a stone buttress. All the work will take place in an area rich in natural resources, not far from a stream. You will sleep at the local site in two-person tents (please bring your sleeping bag). You will have your meals and showers in the stadium, which offers a large living space in a calm place near the river. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes using good products from the market and local producers. The entire stadium will be available to you and closed to the public. Pont-du-Château is a lively town which looks over the river Allier. The town is proud of its natural surroundings and the area is great for walking. The castle is in the heart of the town and offers a remarkable view over the agglomeration of Clermont-Ferrand city and the Auvergne volcanoes. This charming market town, full of tiny alleyways, timber-framed houses and remarkable buildings is full of wonderful surprises for visitors. Clermont-Ferrand, the capital of the region, is located 15km away and can be reached by train. You will be welcomed by local organizations who will offer you a whole load of activities to do during your leisure time: kayaking, hiking, swimming, dancing, learning how to play boules, accordion classes, badminton, basketball, football etc. For more information have a look at: <http://www.pontduchateau.net> and <http://www.planetepuydedome.com> Please bring good shoes, working clothes and your swimsuit. As the nights can be quite cold, remember also to bring warm clothes and a sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Pont-du-Château on foot and by minibus. Foreigners belonging to the European Union must bring with them a

personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of  
Workcamp:**

Project:

Imagine yourself restoring a little chapel from the 11th century, nestled at the top of a hill in a wild valley, far away from any roads or civilisation...Saint-Pal-de-Mons is a charming little town and the gateway to the Velay, a region of extinct volcanoes interspersed with valleys. For several years, the town council has been running a project to maintain and showcase local heritage for visitors. You will follow in the footsteps of previous international volunteers who have come from all around the world for four consecutive summers to participate to this project. This year, you will work on the site of a small, isolated Roman chapel in a very beautiful valley that can only be accessed by foot. The local population and young people will be a great help to the workcamp and time will be spent getting to know each other during local celebrations, leisure activities and when exploring this region that is rich in natural heritage.

Work:

Your mission will be to reconstruct the roof of the chapel. You will work alongside a technician specialised in traditional building methods in order to mend cracks on the roof's exterior and strengthen the building work level with the gable. You will be accompanied by a specialised company in order to transport materials on foot up to the work site, put up the framework and cover the chapel roof. It may be possible to develop the chapel in other ways. In this way, you will learn traditional building techniques, how to construct a roof and how to enhance heritage sites.

Accommodation and food:

You will sleep in two-person tents in two possible places: on a field located in the grounds of the village primary school with use of a building lent by the council for social purposes (fully-equipped kitchen, dishwasher, large dining room) or at the site of the chapel, camping independently. When the weather is good you will eat your meals outside. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

Location and leisure:

Saint-Pal-de-Mons (2,000 inhabitants) is located in the Haute-Loire district of Auvergne, 60km North of Puy-en-Velay and 30km from Saint-Etienne. It is a very beautiful region of medium-sized mountains (800 metres above sea level) with a very natural landscape made up of beautiful valleys. You will have the opportunity to take part in outdoor leisure activities (Hiking, picnics and swimming in the river and Lavalette lake, rail-biking or even a high ropes course), sharing football matches and a barbecue with the local team, and visiting towns such as Puy-en-Velay and Saint-Etienne. You will be able to attend different shows throughout your stay. For more information have a look at: <http://www.ot-lepuyenvelay.fr/>

Special requirements and remarks:

Work will take place high up on scaffolding. The work site is relatively isolated. It will better suit people who like the great outdoors and walking. Bring work clothes,

walking boots and a swimsuit. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Saint-Pal-de-Mons on foot and by car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

Meeting point:

Bas-Monistrol train station, in the Le Puy en Velay to Saint-Etienne railway line.

Closest airport:

Saint-Etienne, Lyon or Paris airport.

**Description of Workcamp:** HIGH UP WORK SOMETIMES Project:

For five summers now, international volunteers have been coming to the Davayat village to learn how to build with stones and lime mortar, to discover the region and share meals with the community.

Concordia has been participating in the renovation of Davayat's former lime kilns since 2011, working alongside a local organization called Cynorhodon 135, set up by friendly volunteers. You will see how much the work has progressed! This year again, the organization's volunteers are looking forward to showing you their region. You will share friendly moments and good meals with the inhabitants.

Work:

This is a very important year, because you will finish building the outer walls of the kilns! You will also help the building works blend in with the countryside. Your goal will be to rebuild the north-facing outer wall and the kiln's decorative top. On the western side, you will construct a slanting stone roof. Finally, on the eastern side, you will finish building the descending wall and clear the land ready for planting trees and plants. The work will be varied and there will be plenty to do! Supervised by a technical instructor, you will learn traditional building techniques using local stones and lime mortars.

Accommodation and food:

In tents built for 2 (bring your sleeping bag) in the village near the leisure center. Access to toilets, shower facilities, a kitchen and two rooms of activities in the leisure center nearby. When the weather is good you will eat your meals outside. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. On the first evening, you will be welcomed by the locals who will have prepared local culinary specialties for you!

Location and leisure:

Davayat is a big village in the Auvergne region situated on the plain of Limagne, at the foot of the volcanic mountains. Situated at around 20 km north of the city of Clermont-Ferrand, it is a wine-producing region which offers many hiking opportunities, canoe/kayak trips and swimming in the lakes. Your stay will also include seeing concerts and shows in the town of Riom. For more information have a look at: <http://www.ville-davayat.com> and <http://www.tourisme-riomlimagne.fr>. Special requirements and remarks:

You might work high-up on a builder's trestle. Bring work clothes, walking boots and a backpack. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Davayat on foot and by car.

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. **Description of Workcamp:** Meeting point:  
Arvant train station.

Closest airport:

Clermont-Ferrand, Lyon or Paris Blesle's annual music festival is celebrating its 15th birthday! Participate to the festival's most exciting moments, from setting up the venue to celebrating the festival's closing evening with fireworks and a brass band!

With a backdrop of old stone buildings, the association which organizes the festival wishes to treat the audience with a special musical experience. In a welcoming and family-friendly atmosphere, around 30 groups and more than 100 artists will be invited to perform in several locations during 3 days (from August 12th to 14th). The program is eclectic and open to the wider public: concert, jam-sessions, "musical walking tours" and workshops. The volunteers will arrive in advance in order to help with the organization of the festival and to reinforce the international dimension of this event. The festival will take place in a particularly charming environment (Blesle is one of the most beautiful villages in France). You will participate in different activities together with a group of other festival volunteers. You will help with the logistics before and after the event: setting up and dismantling the stages. You will be helping with the decoration of the festival as well. You will raise awareness of sustainable development (construction of dry toilets). You will also welcome the artists as well as the visitors during the festival and be in charge of two stands of Refreshments and Catering! You will be sleeping on mattresses, on the mezzanine level of the municipal gymnasium in Blesle, which is located in the center of the town. The group activities will take place in the gymnasium, which is entirely reserved for the group. You will have access to the gymnasium's changing rooms, showers and toilets.

The group will be sharing the cleaning chores and preparing meals together. Midday meals will be shared with the other festival volunteers. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. Blesle is a village with 600 inhabitants and is located in the Haute-Loire Department (Auvergne region). It is located 70 km away from Clermont-Ferrand city, in a very beautiful valley called Allagnon. The town is full of charms, with remarkable historical and architectural features, and it has been voted as one of the most beautiful villages in France. It is especially popular with tourists and is a friendly and calm place where you can experience life close to nature without being too far from local amenities. For more information, you can take a look at: <http://aperos-musique-blesle.com> and <http://www.tourismeblesle.fr>. Bring work clothes, walking boots and a backpack. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Blesle village on foot and by car.

Foreigners belonging to the European Union must bring with them a personal EHIC

(European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

Language:

Some basic French is necessary.

ARTONNE ¿ Help the village to become one of the nicest in France !

ARTONNE

03/08 - 24/08

RENO

12 vols

18+

Project:

The village of Artonne is rich of a very important built heritage, including listed monuments witnessing the importance of the borough during the Middle Age. There is also a remarkable collection of mansions and private castles, many dovecotes, vineyard huts, a network of fountains and crosses. As one of 16 villages in the Auvergne region listed as remarkable, Artonne competes for the "Most beautiful villages in France" and "Small town of character" labellings. The municipality is in a heritage restoration process, in order to safeguarding the vestiges of its past, the showcase for its residents and visitors and improve the aesthetic appearance of the town. To do so, the people open the doors of their village for the first time to international volunteers. They are waiting for you impatiently!

Work:

You will begin the restoration of a typical lime kiln. This one is abandoned for many years, vegetation has invaded the building and the furnace collapsed. You will clean the surroundings of the site, un-weed the wall around the ovens, then you will consolidate the beautiful stone entry arch. Depending on the time remaining, you will also undertake the restoration of the furnace chimney. Accompanied by a technical instructor, you will learn traditional building techniques using local stone and lime mortar.

Accommodation and food:

Sleeping in two-places tents around the stadium of the village. Access to sanitation

(shower and toilet), the locker room and cooking space will be provided for the group of volunteers. Meals can be taken outside when the weather is nice and under a marquee installed on site. In case of rain, you can use the multipurpose room located in the town. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes using good products from the market and local producers.

Location and leisure:

Artonne is a town of about 800 people located in the wine-producing Limagne region, between the cities of Limagne and Combrailles. The village has kept its original identity of "Balcony Village" coiled mid-slopes. A green surroundings of the village includes protected natural areas. At about 30 km north of Clermont-Ferrand

is a wine producing region that offers many opportunities for hiking, canoeing and kayaking and swimming in lakes.

Concerts and shows in Riom will also punctuate your stay. For more information have a look at: <http://www.tourisme-riomlimagne.fr/>.

Special requirements and remarks:

Working on heights possible, on mason trestles . Bring work clothes, hiking boots and a backpack. The nights can be cool; so take warm clothes and a good sleeping bag. You can also take recipes from your country, musical instruments and games. You will get around Artonne on foot and by car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

Closest airport:

Rennes or Paris Join us to live a warm welcoming from the people of Bains sur Oust!

For the 4th time, the village of Bains Sur Oust is willing to host an international workcamp. A project will take place nearby the borough on the Souriais domain, an old farm recently acquired by the city-hall to transform it into a cultural center. A very nice place during summer, surrounded by nature. The locals will be pleased to help you discover the local culture, during a real Breton evening for instance and you will undoubtedly make fantastic encounters with the very welcoming population of the village. You will go on with the site development initiated last year. We talk here about weeding out several buildings such as some walls, a bread oven and others of the kind then rebuild and strengthen them using traditional masonry techniques. You will be accommodated in tents for 2, close to the local soccer field (bring a warm sleeping bag and a comfortable camping mat). Collective life will take place in the club house entirely dedicated to the group. You will share the different tasks (cooking, cleaning...) in group. A budget for shopping will be managed by the group with the support of the team leader, favoring healthy local products. Bains sur Oust (3361 inhabitants) is a vivid village in southern Ille et Vilaine county, close to the city of Redon. The town hall, as the locals, is very involved to welcome the workcamp volunteers. Around the borough, you will be able to discover the local heritage through the surrounding trekking paths. You'll also find out the Pies island, little green jewel surrounded by the Oust river, also called the "pearl of the canal from Nantes to Brest". You will be part of the festival of Pies Island, the yearly celebration in Bain Sur Oust! The greatest open-air photo festival takes place each summer in the neighboring village of La Gacilly. Whatever the season in Brittany, you have to foresee at least a warm clothing set (trousers, sweater; socks, closed shoes, rain clothes) and a light one (skirt or shorts, t-shirt, open shoes). We say here that all four seasons can take place during a day! Please also take with you work clothes, gloves and shoes in addition to your best swimsuit. Nights can be cold, take a warm sleeping bag and an insulating camping mat. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of  
Workcamp:**

Project:

Come to animate the hamlet of the Temple, historic location which hosted the Templar Knights in the 12th century.

For his third international workcamp, Carentoir wishes to animate this charming hamlet. The Temple is a small village in the municipality. All consultations are organized with residents in the only trade area, the restaurant-bar. An opportunity to experience the local culture and make unforgettable inter-generational meetings.

Work:

The work is about traditional masonry. Some parts of the wall got damaged and have to be entirely unbuilt then rebuilt to the top, respecting the surrounding walls.

Accommodation and food:

Volunteers will be accommodated in the local camping, in a wooded park, in tents for 2 (bring a warm sleeping bag and comfortable camping mat). Collective life will take place in a room made available to the group. The different collective tasks (cleaning, cooking) will be managed by the group itself. Shopping will be done together with the camp leader and meals should be prepared favoring local healthy products.

Situation:

Carentoir (2 756 inhabitants) is in the Morbihan county. This is a charming little town that has a rich history including a Templar church built in the 12th century. The town's territory is much extended and the site will take place precisely in the hamlet of Temple, where stands the former Templar Commandery. Several hiking trails are built in the town. You can also visit the Farm World, a park with animals in semi-freedom and a village of old Breton trades. Every summer is held the largest open-air photography festival in France in the neighboring town of La Gacilly.

Special requirements and remarks:

The workcamp site is about 3 Kilometers far from the accommodation. We will walk or use bicycles to reach it. Whatever the season in Brittany, you have to foresee at least a warm clothing set (trousers, sweater; socks, closed shoes, rain clothes) and a light one (skirt or shorts, tshirt, open shoes). We say here that all four seasons can take place during a day! Please also take with you work clothes, gloves and shoes in addition to your best swimsuit. Bring a warm sleeping bag and an insulated camping mat as nights are sometimes fresh and wet.

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of  
Workcamp:**

Project:

The municipality of Saint Pierre de Plesguen is a typical small town very committed to the preservation of its heritage. The project takes place at the center of the borough, behind the town hall on a square in full reorganization. This large square already hosts municipal housings and a health care center. You will contribute to the improvement of the living conditions of the community.

Work:

The work is about traditional masonry. The upper part of the square walls will be adjusted to match with the surrounding ones. The joints of the wall will then be scraped and repointed with lime mortar.

Accommodation and food:

At the municipal stadium in tents for 2. (Bring a warm sleeping bag and comfortable camping mat). Collective life will take place in the community center, dedicated to the group. The different collective tasks (cleaning, cooking) will be managed by the group itself. Shopping will done together with the camp leader and meals should be prepared favoring local healthy products.

Location and activities:

Saint Pierre de Plesguen (2800 inhabitants) is big village ideally placed at the crossroad between the cities of Saint Malo, Rennes, Dinan and Combourg in the Ille et Vilaine county. The borough center is surrounded by vegetation thanks to two neighboring forests. The historical and natural heritage offer to the visitor a large number of tours. A library, a multi-sport center, rivers: loads of nice things to do locally out of getting to discover the city of Combourg, the Emerald coast, Dinan's ramparts festival and admire the sea nearby.

Special requirements and remarks:

Whatever the season in Brittany, you have to foresee at least a warm clothing set (trousers, sweater, socks, closed shoes, rain clothes) and a light one (skirt or shorts, tshirt, open shoes). We say here that all four seasons can take place during a day! Please also take with you work clothes, gloves and shoes in addition to your best swimsuit.

**Description of Workcamp:** Meeting point:  
Saint Malo train station.

Closest airport:

Rennes, Nantes or Paris Discover this enchanting village, between land and sea, among the nicest of the country, nestled on the banks of the famous Rance estuary. This second workcamp in a row aims at going on with the renovation of the wall surrounding the Chabossière domain. The Chabossière is an old mansion from the 16th and 17th century. While the domain is now filled with buildings, the former enclosure wall is a testimony of the size of the property at the time. We talk here about traditional masonry work. Some weakened parts of the wall have to be dismantled then rebuilt to the top, respecting the surrounding walls. Once strengthened, finishing joints will be applied. At the municipal camping, in tents for 2 (bring a warm sleeping bag and comfortable camping mat). Collective life will take place in the local school, dedicated to the group. The different collective tasks (cleaning, cooking) will be managed by the group itself. Shopping will be done together with the camp leader and meals should be prepared favoring local healthy products. Saint-Suliac village (901 inhabitants) is part of the nicest French village association for good reasons. A typical Breton village, Saint-Suliac stands in northern Ille-et-Vilaine County, 10 km far from Saint-Malo city. It is a harbor village with a prosperous seafaring past. Nestled in the folds of Mount Garrot, it is covered with woods and meadows filled with cows and sheep. Thanks to its unique features, Saint Suliac benefits from cultural heritage and Breton traditions. You will discover it by joining the « Saint Suliac Autrefois » festival during the first week-end of the workcamp.

The borough is organized around its church and harbor. A number of pathways and small streets, winding and picturesque, greets the visitors with lovely moments spent to discover all the corners of this charming village. A large number of coastal trekking paths leads you to wonderful natural sites, offering wonderful viewpoints on the Rance estuary, on the Saint Malo, Dol and Dinan cities surroundings and on the exceptional Mount Saint Michel. Whatever the season in Brittany, you have to foresee at least a warm clothing set (trousers, sweater; socks, closed shoes, rain clothes) and a light one (skirt or shorts, tshirt, open shoes). We say here that all four seasons can take place during a day! Please also take with you work clothes, gloves and shoes in addition to your best swimsuit. **Description of** Meeting point:**Workcamp:** Étréchy RER (sub-urban train, line C) train station

Closest airport:

Paris Travel through the ages thanks to the geological sites of the Essonne County! Get involved in the protection of the geological sites of a national nature reserve in the heart of the Ile-de-France region.

Listed and protected since 1989, the nature reserve of the geological sites extends to more than 27 hectares, reaching to 10 communes. The reserve is one of the two national nature reserves in Ile-de-France region and the only geological reserve. A 20 m<sup>2</sup> greenhouse was built in 2002 in order to preserve the site and to showcase the 30 million year-old geological layers shaped as steps. At least 180 mollusk and vertebrate fossils were identified there! This workcamp gives you a way to contribute to the preservation the biodiversity and to save the geological heritage of this nature reserve. Furthermore, you will participate to the creation of tourist pathways for the nature reserve and in animations focusing on eco-friendly tips. Along with a technical leader, you will participate to the restoration of an authentic Roman times mine from located in Villeneuve-sur-Auvers. You will lead workshops with the locals about the memory of the place and its history. You will also take part in the valorization and maintenance of the glass-casing protecting the fossils in Auvers-Saint-Georges. Alongside this action, you will initiate an educational pathway through a part of the nature reserve, while proposing games and animations focusing on eco-friendly tips and the protection of biodiversity. You will be hosted in shared room 5 minutes of walk away from the first site at Villeuneuve-sur-Auvers, and 40 minutes of walk away from the second site at Auvers-Saint-Georges. Both walks follow a pleasant forest path. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate to the preparation of dishes with healthy produce from the market and local producers. Located 1h30 from the center of Paris, you will be immersed in the heart of the nature reserve of ESSONNE. The reserve is surrounded by 10 charming communes, and especially Auvers-Saint-Georges and Villeneuve-sur-Auvers where you will work with the inhabitants.

You will be 15 minutes away from the ancient fortified city of Etampes, renowned for its historical heritage, and a few minutes away from the stud farms operating in the region.

Your accommodation will also be located 1h15 away from Disneyland Paris Park. Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes and a good sleeping bag. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Vic-Fezensac train station.

Closest airport:

Toulouse or Bordeaux airport. Let the incomparable charm of Bassoues, a small medieval country-house surrounded by its ramparts, operate on you!

The first thing that knocks you out while entering the village for the first time is its splendidly preserved 43 meters high donjon, finished in AD 1371. A village with the typical medieval features with its fortifications and Saint Fris&apos;s legend, between myth and reality, which rocks his inhabitants for centuries. All the village is listed by the departments of Historical Monuments: a village to discover for nature and heritage lovers!

The village wishes to boost the actions of voluntary work along with the inhabitants; this first edition of international workcamp is an ideal opportunity for it! Together with a group of young locals that are committed every summer to small renovation works for a week, you will intervene in the heart of the village, on the reconstruction of a collapsed outer wall. Rebuilding an outer wall in the village. You will unbuilt the last meter of the existing wall, then rebuild it entirely and joining it with the existing one. You will use traditional construction techniques. You will be accommodated in tents, around a soccer stadium, with access to cloakrooms, toilets / shower and the kitchen of the clubhouse. You will participate in the preparation of the meals and shall favor the use of local products. Bassoues is a charming small village on the road of Ancient country-houses and Castelnaux city, It is also close to the city of Marciac, famous for its international Jazz festival and about 30 kilometers from the city of Auch.

Multiple cultural and sports activities await you there: Bal-musette or disco, outdoor cinema, fishing, rugby, local meals, hiking, theater evening, tennis and so on. Consider taking work clothes and shoes (waterproof if possible, in case of rain).

Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc.

Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Aubiet train station.

Closest airport:

Toulouse or Paris For this workcamp, let's mix pencil and mason's trough, renovation and illustration! For this first workcamp, we shall intervene on the reconstruction an outer wall at the entrance of the village. Over a week, we shall also participate to the organization of a festival around illustration and around meeting with authors, organized by the "Librairie-Tartinerie", a bookstore-snack in Sarrant. This year, the festival also hosts a group of young Czechs over a week through a European exchange program.

Seen from the sky, Sarrant looks like a snail shell firmly rolled up around its 15th century church. A fortified main entrance controls the access to the alleys of this village enlisted as one of the "most beautiful villages of France". A well-known stopover for merchants traveling between Toulouse and Lectoure in the Roman times, Sarrant bears a major historical legacy. Charm guaranteed! Volunteers will consolidate what remains of the wall because of tree roots push it back and destabilize it. We will rebuild the wall on its weakest parts with traditional masonry techniques. You will be accommodated in tents, around a soccer stadium, with access to cloakrooms, toilets / shower and the kitchen of the clubhouse.

You will participate to the preparation of the meals. We shall favor the use of local products. Sarrant is an ancient country-house of 400 inhabitants situated in the northeast of the Gers region. The fortified village is circling around the Saint Vincent church, 10 Km away from the borough of Mauvezin and 40 minutes far from the city of Auch. Gastronomic specialties, itinerant night-market, vegetable farmers nearby, numbers of shows in Larréol, close to the leisure centers of Solomiac and St Cric and so on. Let yourself be tempted by the sweetness of the Gers region! Consider taking work clothes and shoes (waterproof if possible, in case of rain).

Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Don't forget your nicest swimsuit. Tents will be provided but you can also bring your own.

Do not hesitate to bring specialties from home, photos, games, music instruments, etc.

Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. **Description of Workcamp:** Meeting point:  
Escalquens train station.

Closest airport:

Toulouse or Paris You will work with the Emmaüs community in Escalquens, in the Midi-Pyrénées region. The secular solidarity movement of Emmaüs was born in 1949 from a will to help people in need. Under the leadership and example of the Abbé Pierre, the "compagnons" have been working all around the world in order to help deprived people to find security, dignity, autonomy through work and mutual support.

They retrieve all kind of objects (furniture, clothes, household appliances etc.) in order to fix them up and resell or recycle them. The benefits of the sales are used to help people in need and to encourage people to get involved in this solidarity approach.

You will organize yourself in order to maintain the facilities that you will be using, to clean it and to prepare meals. You will decide together on what to do during your free time and to organize with the locals in order to encourage communication with the young local You will work with the Companions of Emmaüs and the volunteers to make the "Bric a Brac" live (recycling of objects, sorting, renovation, sales, preparation of the meals for around thirty people...). You will stay in tents on the site of Emmaüs Escalquens. You will have access to the bathroom and showers. You will share meals with the Companions. Escalquens (6000 inhabitants) is located at the gates of the Laurageais area, between sunflower covered hills and houses.

It is in this beautiful setting that you will find a bridge from AD 1772, a green brick castle from AD 1568 in the city center and a 14th century church. At the Cousquille crossroads, you will find local shops, many celebrations and the Sunday market.

During your days off, you can reach Toulouse in less than one hour by bus. Toulouse is a beautiful, innovative, cultural and dynamic student city famous for its rich heritage.

In the area, you will get to discover villages, castles and wine estates, together with the UNESCO World Heritage "Canal des Deux Mers". You will need to write a motivation letter in order to apply to this workcamp.

You will live with the "Compagnons" which may come from difficult background; they are spending a year in the Emmaüs facilities as part of their integration process. They usually had previous professional or social difficulties, related to their age, health or highly unstable setting.

You will share the same place and therefore the same rules will apply to you in order to live all together. You will work mornings and afternoons (about 6/7h a day), help prepare meals and clean the place. Your days off will be Sunday and Monday. During the day, you will share the companions' life and will be with the other volunteers in the evenings or time off. Outsiders are not allowed outside

working hours, alcohol is forbidden on the facilities with no exception. Consider taking work clothes and shoes (waterproof if possible, in case of rain). Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc. Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Capdenac train station.

Closest airport:

Toulouse or Paris Heritage and natural marvels, rich and varied gastronomy, we come from afar to discover or appreciate the specialities of the Aveyron region! Capdenac-le-Haut is a magnificent village with a very important historic past, perched on a peninsula-shaped rock overlooking the valley of the Lot River. Discover impressive ramparts, the Gallic and Caesar's fountains and the so-called "English" troglodyte fountain. The XIVth century donjon welcomes you in the entrance of the village, with terraces offering an exceptional point of view on the region.

It is the fourteenth year that the municipality of Capdenac-Le-Haut calls on to the volunteers of Concordia to restore elements of its heritage. The municipality is recognized and certified by the association of the Most Beautiful Villages of France. Come to discover a remarkable environment by participating in this workcamp! Continuing last year's workcamp, you will intervene on the construction of a stone wall bounding a footpath right in the heart of the village. You will use traditional construction techniques. You will be accommodated under tents around the soccer stadium, with access to the kitchen, to toilets and to collective showers. A cloakroom will be available to store your luggage. A big collective tent will be installed to take meals and for collective life.

You will participate to the preparation of the meals by favoring the use of local products. Close to the cities of Figeac, between Cahors and Rodez, Capdenac is surrounded with many charming villages with remarkable monuments: the medieval city of Rocamadour hung on its cliff, Najac which is outlined on a headland, the caves of Foissac, the banks of the Dordogne river valley from Sousceyrac to Souillac, the wild canyons of Aveyron river, the paths to Santiago de Compostela and so on. Canoe, hikes, traditional dances: a local heritage to be discovered! Consider taking work clothes and shoes (waterproof if possible, in case of rain). Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Auch train station.

Closest airport:

Toulouse, Bordeaux or Paris Come to discover the small village of Gazax-et-Barccarisse, in the deep countryside of Gascogne region, cradle of the famous musketeer D'Artagnan. Such an ideal workcamp for nature lovers!

Delighted by the organization of their first international workcamp last year, the 90 hyper- dynamic and involved inhabitants signed up again for a new international workcamp adventure. This year we shall intervene on a memorial monument and on the basement of the church. The interaction between locals and volunteers is guaranteed: be sure you will be thrilled by the cheerful atmosphere of this typical small village of south-west France!

Culinary specialties, hiking on the circuits of castles and ancient country-houses, the lake of Lupiac nearby, the medieval villages, the popular balls, the city of Auch and so on. From Gazax the Gers region offers itself to you! At first you will have to defuse the steps of the monument of remembrance, to redo the foundations, then you will reinstall the steps of the building.

Secondly you will intervene on renovation work on one of the low walls of the church with techniques of traditional masonry. You will be accommodated in tents on a ground of the municipality. A few meters away from there, you will have at disposal a kitchen, toilets, showers and a large room for collective life. You will have a kitchen garden at disposal and we shall favor purchases with local producers. Gazax-et-Baccarisse is a small village of 90 inhabitants situated 40 minutes away from the city of Auch in the Gers region. You will discover the great historic center of Auch and the numerous typical villages often listed for their exceptional flowering. To be noted the city of Lupiac, place of birth of the famous d'Artagnan of the 3 musketeers, and its lake at 20 km from the workcamp. And of course the most beautiful gastronomic surprises of the Southwest! Situated not far from Marciac city, you will have the opportunity to go to its famous jazz festival! Consider taking work clothes and shoes (waterproof if possible, in case of rain).

Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc. As the lake is close, take also your swimsuit. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc. Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of  
Workcamp:**

Project:

From Luz-Saint-Sauveur, the Pyrenees Mountains are all yours; all the nicest sites of the region are easily reachable. You will find there the pleasure to inhale, to move, to keep cool, to transcend yourself, to enjoy Life!

The great writer Victor HUGO was describing it like a ¿Charming old city deliciously standing in a deep triangular valley. Three large rays of day reach there through the three recesses of the three mountains. When the ¿miquelets¿ (Catalan militia men) and the Spanish smugglers were arriving from Aragon through Roland¿s Breach, they were suddenly glimpsing at the end of the dark gorge a great clarity, like what the door of a cellar is to whom is inside it. They hastened and found out this large borough, sunlit and alive. This borough, they called it Light, Luz.¿

The municipality started up a big rehabilitation project of its local heritage, and wishes to propose to its visitors a stroll marked out by its numerous wash houses. This year we will intervene on the renovation of one of these wash houses.

Work:

You will restore a wash house placed in the heart of the village. The building was modified throughout the years so the goal of the workcamp is to put it back to its original shape. You will participate to demolition works and renovate the coatings with traditional construction techniques.

Accommodation and food:

You will be accommodated nearby the workcamp site in 2 flats with a kitchen, dormitories, toilets, showers, a collective life room and so on.

Location and leisure:

The municipality is in the Hautes-Pyrénées County, in the southwest of France near the pilgrimage city of Lourdes. It is close to the most beautiful natural marvels of the Pyrenees Mountains: the Midi Peak, the Gavarnie circus, the Bridge of Spain, the Néouvielle natural park, the Pyrenees national park with its numerous lakes.... A territory which, by its beauty and its diversity, presents a real historical, architectural and environmental interest.

Special requirements and remarks:

Think about taking clothes, gloves and shoes for working (if possible waterproof in case of rain). Take both light and hot clothes (Luz is at 750 meters of altitude). Bring a warm sleeping bag and trekking shoes. Do not hesitate to bring specialties from home, photos, games, music instruments....

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and be reimbursed once back home.

Meeting point:

Reach Lourdes Train Station then take a bus until Luz Saint Sauveur.

**Description of  
Workcamp:**

Project:

Couze-et-Saint-Front, famous for its numerous mills dedicated to paper production is a typical village of the Perigord County. This village is at the outfall of the Couze River into the larger Dordogne River. You will work on cleaning the algae that blocks river sediments and on maintaining the river banks to fight against floods and valorize this local natural heritage. The welcoming and friendly local population will also help you discover the traditions of this picturesque village.

Work:

You will contribute to the manual cleaning of algae from the river and its banks, feet into the water!

Accommodation and food:

You will be accommodated under tents with a dorm room and kitchen area and group life under marquees. You will share collective tasks and prepare meals as a group. You will also have to manage a budget provided by the group facilitators and participate in grocery shopping, favoring healthy and local foods.

Location and activities:

Couze et Saint Front (800 inhabitants) is a village in the south of Dordogne county, in a beautiful area 20 km far from Bergerac city.

Special requirements and remarks:

Bring a warm sleeping bag and mat, work clothes and work shoes, sport shoes, warm and rain clothes and a flashlight. The work will be physical and usually into the water so bring boots or shoes made for water activities.

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Aubigné-Racan train station.

Closest airport:

Paris If you are interested by archaeological area, this workcamp is for you! It is the 4th year of partnership between Concordia, the Sarthe department and the city of Aubigné-Racan.

Aubigné-Racan is a lovely city near the Loir's river and it spreads over 3203 hectares with 2112 inhabitants. A very important part of Aubigné's heritage is the Gallo-Roman complex composed of a theater, a temple, thermal facilities and markets built in the second half of the 1st century. This archeological site, property of the Sarthe department, is one of the most beautiful sites of the Pays de la Loire region. This area is very rich in built heritage and natural discoveries. You will discover archeology through the explanations of an Archeologist from the CAPRA (Center of Archeological Propection and Research of Allonnes) about the Gallo-Roman history of Aubigné and about the wild life. You will take part in the local festivities: July 14th parade and fireworks, lightening of the old city called "Nuit des Chimères", discovery of the local heritage, hiking. Like the tree previous workcamps, you will be restoring a part of the archeological site: weeding, restoring the low walls using traditional masonry. You will be staying in a collective accommodation under tents in a field with toilets and bathroom in a local football club building. Meals will be taken there. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. Aubigné-Racan is located 40km south from Le Mans, 15 km west from the Château du Loir. Meeting with inhabitants will be organize by exchanges of services. For more information, have a look at: <http://www.association-capra.com/content/view/20/64/> and <http://www.aubigne-racan.com/> You will be cycling on a daily basis to go from the city to the workcamp (4km). Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you have your own!). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:**

Project:

For nature lovers, you will discover a very beautiful environment: hedgerows, marshes, seaside, heaths. It is the third time that Concordia organizes an international workcamp with the Cotentin and the Bessin Marshland Regional Nature Park. Located in the south of the Cotentin's peninsula, this wide surface of marshland polders contains unique fauna and flora. The park's house proposes touristic information, exhibitions and animation in the aim of discovering natural and architectural heritage. Around this place, you will have the opportunity to hike, sail boats, discover the local and environmental heritage and enjoy animations. This workcamp is a part of a long-term project. This is an old farm built with homemade mud bricks owned by the Manche region. This place is now used for the trainings organized by the Regional Nature Park about homemade mud bricks building.

Work:

You will be supervised by two leaders. Continuing on from last year's restoration, you will take part in the restoration of the farm frontage, and will learn old masonry techniques: clear it off undergrowth, masonry work, repair the joints of the bricks by using traditional techniques (e.g. lime mortar)

Accommodation and food:

You will be staying in a collective accommodation under tents in a field with the toilets and bathroom in a building. The meals will be taken in the building. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

Location and activities:

60km south of Cherbourg and 20 Km north of Saint-Lo. For more information about the park: [www.parc-cotentin-bessin.fr](http://www.parc-cotentin-bessin.fr)

Special requirements and remarks:

You may work in a scaffolding, be sure to not have vertigo in order to participate to the camp.

You will work on small scaffolding; you should therefore be able to work at height.

Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you own one!).

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. Chôlet train station

Closest airport:

Nantes or Paris For historic architecture lovers, stand up for the restoration of old heritage in the small but lovely town of Nuailié. In the middle of countryside, the village is surrounded by a forest with a lot of hiking path to discover. In the middle of the town, some old buildings have been renovated and opened to the public for visiting (library, cultural room). To go on with the valorization of this heritage, the city council decided to organize an international workcamp. You'll be involved in the improvement of a site with a chapel. During your collective leisure times, thanks to visits, hiking and local animation you will enjoy the beauty and charm of this natural and rural area of France. You'll also be in touch with the inhabitant, who can't wait to see you all coming for the first edition of this workcamp in their town! You will be supervised by two leaders. In this first year, you will take part in the renovation of local heritage: an area with a chapel and a garage. Dismantling of the brick garage, sorting out bricks, cleaning, removing cement coating and some minor works on the chapel. You will be staying in a collective accommodation in tents in a field with the toilets and a bathroom in a local football. The meals will be taken in the building. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. Nuailié is located 10 km North-East of Chôlet, and 60 km South-West of Angers. Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you own one!). You will be using bicycles during the project. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. Workcamp: L'AIGLE ¿ The secret of the tower

05/08 ¿ 26/08

RENO

15 vols

18+

Project:

For historic architecture lovers, stand up for the restoration of the old tower in the town of L'Aigle.

L'Aigle is a lovely town very rich in history, known for its local gastronomy, its meteorite and of course its architectural heritage. Among all the listed monuments, the city suggests you to discover a new one! You will help to clear, renovate and study an old building looking like a simple tower but which could finally be a former wind-mill. During your collective leisure times, thanks to different visits, hiking and local animation you will enjoy the beauty and charm of this natural and rural area of France. You'll also be in touch with the inhabitant, who can't wait to see you all coming for the first workcamp in their town!

Work:

HIGH UP WORK

You will be supervised by two leaders. In this first year, you will take part in the restoration of an old tower, and will learn old masonry techniques: weeding, masonry work, repair the joints of the bricks by using traditional techniques (e.g. lime mortar).

Accommodation and food:

You will be staying in a collective accommodation under tents in a field with toilets and a bathroom in a building. The meals will also be taken in the building. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

Location and activities:

L'Aigle is located 70 km North-East of the city of Alençon. For more information about the town: [www.ville-laigle.fr/](http://www.ville-laigle.fr/)

Special requirements and remarks:

You will work on small scaffolding; you should therefore be able to work at height. Please bring gardening gloves, good shoes and working clothes. **Description of Workcamp:** Meeting point:  
Vaas train station.

Closest airport:

Paris Le Moulin de Rotrou is a water mill from the 16th century, located in the city of Vaas, on the Loire River.

Thanks to the local association "Friends of the Mill", visitors can discover the various steps of making bread, a pedagogical process that started in 2011. Quickly after its inauguration in June 2013, the site became a key element in the touristic development of the city. Many renewable energies-related events are organized there, such as the "Fête des Céréales" and the organic market, therefore developing a new attractive side related to the heritage of the Loir valley area. The association is more than 25 years old and the mill project brought a new vitality to it, mainly thanks to the intergenerational exchanges, the involvement of the volunteer and the great dynamism of the current facilitator. The Friends of the Mill association has been linked to the Jinov network for more than a year. Jinov aims at promoting youth initiatives and intergenerational cooperation with the purpose of the implementation of a youth center in the Mill. Concordia has been organizing international workcamps in the Sarthe department for many years, and it is thanks to this involvement that the second international workcamp will take place in August. Therefore, international volunteers and local youth will get to communicate and work together, animating the local community and strengthening the attractiveness of the territory. The workcamp will allow the area to be more outward looking, through the valorization of the local heritage and the preservation of the Mill. You will take part in the renovation of the walls inside the Mill: clear off undergrowth, masonry work, repair the bricks joints by using traditional techniques (e.g. lime mortar). You will be staying in a collective accommodation in tents in a field. Toilets and bathroom in a building indoor, nearby. The meals will be taken in a room in the mill with the volunteers of the organization. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. 40km south of Le Mans and 15km the west of Château du Loir. You will be part of the local animations: discovering the local patrimony, hiking, "Nuit des Chimères" event in the old city of Le Mans, meeting with an AMAP (association that preserves local farming), and various other events. For more information about the mill: <http://lemoulinderotrou.over-blog.com/> Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you own one!). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for

it, and then be reimbursed once back in their home country.

Name: PELISSANNE - A mill in the heart of Provence

Location: PARIS

Address:

Project: RENO - Renovation

Initial Date: 20/07/2016

Final Date: 10/08/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:** Meeting point:  
Salon de Provence train station.

Closest airport:

Marseille or Paris Bring back to life an age-old mill in Pelissanne, a typical town in Provence nestled in herbs-smelling hills and enchanted by the sounds of cicadas.

The Costes mill, an 18th Century stone building, hosts an olive oil mill in its western end that was rehabilitated in 2001 by a local non-profit organization (Its olive oil production has won several awards).

The eastern end of the building hosts a flour mill fueled by the Craponne canal's water flow.

The city council purchased recently the mill in order to finalize its renovation.

A previous international workcamp led by Concordia was organized there in 2015.

By participating to this Workcamp, you will contribute to preserve the cultural heritage of Provence and its traditional handicraft. You will carry on the rehabilitation of the walls and apply coating on the eastern and northern sides of the building. The mortar will be made of lime, sand and pigments to obtain the most suitable color according to the stones and original mortar.

Renovation work in the rooms inside and on the woodwork will also be done if time allows it. Your accommodation is still to be determined, depending on the dates.

You will be sleeping in a tent or in a building in town, dedicated to the group during the project.

Bring your sleeping bag and mat in any case.

Daily life (shopping, cleaning, preparation of meals made of local products...) will be managed collectively, along with your camp leaders. Pelissanne is a little town of Provence. It hosts 10 000 inhabitants during the year but attracts a lot of tourists in summer. You'll enjoy visiting its historical center, its 16th century belfry, the Pelican's Fountain, and of course tasting the Costes' mill olive oil!

Located less than 50 Km from Aix-en-Provence, Arles, Avignon and Marseille, you will have a huge choice of discoveries in your free time. You will also enjoy the summer activities of the little town (like bullfighting) and its well-known Sunday market. For more information about the village and its surroundings, please visit:

<http://www.ot-massifdescostes.com/fr/> Please bring: work gloves and shoes, casual clothing, hat/cap, sunglasses (and swimming suit!) Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Chambéry-Challes-les-Eaux train station

Closest airport:

Lyon or Paris In the heart of Savoy region, come discover La Motte-Servolex, city open to the world, and celebrate the 15th birthday of our international workcamp! Over the years, La Motte-Servolex's workcamp became a landmark into the culture of this small town, which will welcome you with a lot of conviviality and generosity. With the support of the communal services, you will participate to a collective action for the heritage enhancement, together with locals willing to share with you their knowledge and traditions. You'll participate to the renovation of a dry-stone low wall in the surroundings of the Saint-Jean-Baptiste church and to small restoration works on the Place de la Lecture, in the heart of the city. For 15 years, the communal agents have accompanied the realization of the workcamps, and transmitted their skills. You'll be sleeping in tents in front of the Sports Hall Didier Parpillon, at the Raoul Villot stadium, right by the city center. Bring your sleeping bag and mat. The kitchen, toilets, showers, and the collective living space will be inside the Sports Hall, which will also allow the group to shelter in case of bad weather.

You will participate to the preparation of the meals in turns. We'll favor the local products and the short supply circuits. Tastings of local specialties may also be organized with local producers. La Motte-Servolex (11 500 inhabitants) is a municipality situated in the Savoy county, in the new Auvergne-Rhône-Alpes region. It's bound to the Chambéry urban agglomeration, less than 10 km away. Thanks to the motorway network, Lyon and Genève are situated respectively 1h20 and 1h away from La Motte-Servolex.

You'll have access to many leisure activities (open-air cinema, swimming to the Bourget lake, cycling...) in an environment both mountainous and urban. The municipality will provide gloves, reflective jackets and safety glasses for the work. Don't forget to bring working clothes and closed shoes with you. As the nights can be cool, take a warm sleeping bag with you. Some convivial times will be organized! If you want to share a bit of your culture with the others, bring a piece of your country in your backpack (cooking recipes, traditional tales, unusual objects...). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Mâcon-Ville Train station

Closest airport:

Lyon or Paris Between the Bourgogne, Beaujolais and Jura regions, come to discover a natural wooded area hosting an outstanding wildlife!

The municipality of Crottet, concerned with maintaining its environmental heritage while enhancing its value, wishes to create a discovery trail within a preserved wetland where the observation of nature will allow the hikers to appreciate the diversified richness of the site. Thanks to your collective work during this international workcamp, you'll help making this space accessible while clearing the dense vegetation that expands there for many years. For this first workcamp organized in this locality, you'll participate to clear a plot of one hectare.

With the help of the locals, you'll skid dead wood, clear the trees blocking the accesses and suppress the brambles. The local flora will have to be preserved as much as possible. You will sleep in tents on a municipal land, close to the center of the village. Don't forget to bring your sleeping bag and mat. The kitchen, toilets, showers and the collective living space will be installed near the campsite. A communal room will be at your disposal to shelter in case of bad weather.

You will participate in the preparation of the meals by turns. We'll favor the local products and the short supply circuits. Tastings of local specialties may also be organized with local producers. The municipality of Crottet (1700 inhabitants) is located in the south of Bresse area, in the Ain County, at the border between the Rhône-Alpes and Bourgogne regions, two regions famous for their gastronomy and their wine-making. It is situated close to road and motorway networks, allowing to reach the cities of Macon in 20 minutes, and Lyon in one hour.

Bordered by the Saône River, the municipality offers various natural areas from which depart several trails allowing to discover a peaceful and unspoiled region. You will participate to the Intervillage Games and to the Cormoranche Lake celebrations, punctuated by several animations and fireworks. At the leisure base, you'll have access to swimming, laser-game, bike riding, hiking, fishing, canoe... Bring along a pair of working gloves, sturdy shoes and clothes that can get dirty. As the nights can be cool, take a warm sleeping bag and mat with you. Some convivial times will be organized! If you want to share a bit of your culture with the others, bring a piece of your country in your backpack (cooking recipes, traditional tales, unusual objects...). **Description of Workcamp:**

Project:

In the Loire countryside, an old forgotten wash-house awaits you to get back to life!

Only the elders still remember this old wash-house. It was a living and meeting place, the last relic from a period when we were taking the time to meet and do things manually. Come and take the time to rebuild this heritage with us, giving its authenticity back. Allow it to regain its place in the history of Neulise, and in the heart of its inhabitants.

Work:

You'll participate to renovate a laundry house built in early twentieth century, completely rehabilitating the roof damaged by the time. Some small masonry works will have to be done to strengthen the construction. You will also work on weeding out the outskirts of the building and on cleaning the pond to facilitate its access by the hikers.

Accommodation and food:

You will sleep in tents on the municipal football stadium, next to the wash-house. Bring your sleeping bag and mat. The kitchen, toilets, showers, and the collective living space will be indoor, reachable from the stadium's changing rooms, which will also allow the group to shelter in case of bad weather.

You will participate in preparing the meals in turns. We'll favor the local products and the short supply circuits. Tastings of local specialties may also be organized with local producers or garden owners.

Location and leisure:

Neulise (1 300 inhabitants) is a municipality of the Loire county, located in the north of the new region Auvergne-Rhône-Alpes. The cities of Lyon and Saint-Etienne (French capital city for Design) are both 1 hour drive away. The Auvergne region and its volcanoes are also very close.

Located near Roanne, the « Pays entre Loire et Rhône » gathers 16 municipalities. It's bordered by the Col du Pin Bouchain (760 m. high) on the east and the Gorges de la Loire on the west. It's a land of small mountains with, alternately, ridges and valleys where many rivers flow. This land rich in heritage has everything to please fresh air lovers, vast horizons and beautiful landscapes.

Special requirements and remarks:

Don't forget to bring work gloves, clothes and closed shoes with you. As the nights can be cool, take a warm sleeping bag with you. Some convivial times will be organized! If you want to share a bit of your culture with the others, bring a piece of your country in your backpack (cooking recipes, traditional tales, unusual objects).

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:**

Project:

During the summer, numerous associations are looking for volunteers to pursue their all-over-the-year actions in order to help disadvantaged people. Solidarity is never on holiday! During the summer months the associations search for reinforcing their actions. In Grenoble, even though the associative network is very important, many organisations are closing their doors because of a lack of human resources. A collective of associations that acts in favour of the most vulnerable people has decided to take action by welcoming a group of volunteers, in order to support the local initiatives and continue with the field work. Come and help us to reinforce the challenge of solidarity by meeting and joining engaged people!

Work:

Within these 6 associations of Grenoble, you will participate in different activities by organising collections of food products, distributions to families with low incomes and animations in favour of social meeting and awareness... all your actions will be in fact the solution to the need noticed and expressed by the local associations, in order to enable the amelioration of the daily life of the disadvantaged people. You will be closely accompanied by volunteers of the organisations, who will present the context of their interventions and the local problematics. If you are interested in the local social actions, this workcamp is made just for you!

Accommodation and food:

You will be accommodated in one of the partner associations. All facilities (toilets, showers, kitchen) will be at your disposal there, as well as the space for the conviviality time. Your transports for your missions with the associations in the town of Grenoble will take place via public transports (bus, tram and bike in free service).

You will participate to prepare the meals alternately, with products that will be bought in the area.

We will favour the local products.

Geographical location and free time activities:

Grenoble is the largest metropolis of the Alps. It is also the third most populated community of the region Auvergne-Rhône-Alpes (680 000 inhabitants in Grenoble and its agglomeration). It is surrounded by mountains with different massifs (Vercors, Chartreuse, Belledonne...) and benefits of the proximity with many other agglomerations (Lyon, Valence, Chambéry...).

The city has many touristic assets and leisure infrastructures. A few kilometers away from the city center, you'll have the chance to reach natural spaces.

Informations to know:

You are about to realise actions in direct contact with the public of the associations. You will have to follow the recommendations of the volunteers that will enable you to establish a trustful relationship with the people you will be helping. During the summer, it is often very hot in Grenoble. However, if you make a trip in the mountains the different temperature ranges may be important.

Consider bringing some warm clothes and hiking shoes with you. The common life activities will be programmed together with our animators and according to your suggestions! If you would like to share a bit of your culture (cooking recipes, traditional stories, special objects) do not hesitate to bring a piece of your country in your backpack!

Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point:  
Albertville train station

Closest airport:

Lyon or Paris Built in order to protect Albertville from attackers a long time ago, the "Fort du Mont" is today a remarkable building, which renovation requires a long of work...

The "Fort du Mont" is an old military fortress built in 1881. It is located at 1100 metres of altitude in the mountains overlooking Albertville, a city known for having hosted the Olympic Games in 1992. Today, it has lost its military vocation but remains an important part of the local heritage and is being visited loads of tourists, history amateurs and hikers. In order to give a second life to the building, certain parts have to be renovated. This is why the community counts on a dynamic local association and, since a couple of years, on the participation of volunteers during the international workcamps organised by Concordia. Come and join us in the adventure of continuing the renovation of this remarkable building ! Continuing the job that started in 2014, this third intervention will allow us to work in the walkway and especially on the walls made of dry stones, some of which we will have to reset in order to ensure the stability of certain shelters. In some sections, we will also have to clean up the vegetation that has grown around. You will be accommodated in tents, very close to the fort. Bring your sleeping bag. Kitchen, toilets, showers and the common living space are included in the space of the fort (many available rooms, also serving as shelter in case of bad weather). You will participate in the preparation of meals in turns, using products that will be bought nearby. We&apos;ll favour the local products and the short supply circuits. Tastings of local specialities may also be organised with local producers. The Fort is located in the heights above the town of Albertville, which is just twenty minutes away by car. Despite the isolation, going down to the town and its surroundings is very frequent and the locals regularly come up to the fort, allowing numerous exchanges with the volunteers. Moreover, the fortress is visited by lots of tourists in the summer period, so meetings and interaction with locals gets even easier. The fort is located 150Km away from Lyon and 130km away from Geneva. The city of Annecy and its famous lake are accessible in less than 45 minutes, offering the possibility of visits, swimming and hiking. Thanks to the support of the community, many other activities will be proposed (swimming pool, cinema, evenings of story-telling in the -mountain, hiking...). For working in the camp, remember to bring suitable gloves as well as clothes and shoes that you do not mind dirtying. In the mountains, nights may be cool. Remember to bring a warm sleeping bag and warm polar-type clothes. Do not forget sun protection as well (hat, sunglasses, sunscreen). The common living activities will be programmed together with our animators and according to your suggestions! If you would like to share a bit of your culture, (cooking recipes, traditional stories, special objects) do not hesitate to bring a piece of your country in your backpack! Foreigners

belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of  
Workcamp:**

Meeting point:

Bourg d'Oisans tourist office. From Grenoble train station, take a bus to Bourg.

Closest airport:

Lyon or Paris In the heart of a small hamlet, perched on the mountains, discover the nature in an exceptional way and participate in an originally human adventure! On the flanks of the mountain, a road in laces leads to one of the smallest villages of the Alpes mountains: Oulles en Oisans. This road, built in the sixties, is the only passable way to reach the valley. It took immense efforts to build.

Previously, the only way to get to the village was a small pathway crisscrossing through rocks and woods. Today this path is almost inaccessible anymore: the roadwork damaged it and the vegetation took over its place.

Come and join us in this adventure to bring it back to life, for the pleasure of both hikers and the inhabitants of the village. You will participate to the rehabilitation of the path by cleaning up the vegetation that blocks its access (taking out the brambles and invasive plants, cutting up dead woods...). In order to facilitate its repairing, you will clear the path of the route and will create some useful facilities for the hikers. You will be accommodated in tents, on a land in the heart of the hamlet. Bring your sleeping bag. The kitchen, toilets, showers and the common living space are part of the city hall building. You will also be able to find shelter there in case of bad weather conditions.

You will participate to the preparation of meals in turn, using products that will be bought nearby. We will favor the local products as well as the short supply circuit. The tasting of local products are also possible with local producers. Oulles en Oisans (12 permanent inhabitants!) is the smallest village of Isère county. Perched 1,400 meters above sea level, the community benefits of an amazing view of the vast mountain massifs around (L'Alpe d'Huez ski resort...). Bourg d'Oisans is the closest community with all needed facilities.

From Grenoble, one hour far from the village, you have access to the big cities of our region (Lyon, Valence, Chambéry...) and you can discover the vast natural territories of the Vercors, Belledonne, Chartreuse or Ecrins massifs. For nature and hiking lovers, the suitable space is unlimited! Mountain bike amateurs will be also pleased... For the work, remember to bring suitable gloves work clothes and closed shoes you won't mind dirtying. Nights may be cool, bring a warm quilt and warm polar-type clothes. Do not forget the sun protection as well (hat, sunglasses, sunscreen...). The common leisure activities will be programmed together with our camp animators and according to your suggestions! If you would like to share a bit of your culture, (cooking recipes, traditional stories, unusual objects...) do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. **Description of** Meeting point:**Workcamp:** Pézenas bus station, reachable from the train station of Béziers.

Closest airport:

Montpellier, Marseille, Toulouse or Paris Discover the local heritage and meet the population of the beautiful town of Adissan by participating in development and masonry work in the village!

Located in the middle of vineyards, Adissan is a typical and charming village. This place is famous about specific white wine called « Clairette ». This monoculture gave to the local population its prosperity in the course of time.

You will take part in local animations such as the festival of Clairette wine or in July 14th national day celebrations... You will discover the rich local heritage by visiting Pézenas city, you will be able also to take a bath in the lake of Salagou while benefitting from the mild climate of the area. You will take part in various developments and masonry work in the village. You will be accommodated in the house of the local Concordia office. Sleeping bag needed. You will participate to the preparation of meals in turns. We favour the local products and the short supply circuits. Adissan is located in the Herault County (Languedoc-Roussillon region) between the cities of Narbonne and Béziers, 20 minutes from the Mediterranean coastline. For more informations at: [www.adissanmairie.blogspot.fr](http://www.adissanmairie.blogspot.fr)

Do not forget work clothes, closed shoes, warm clothes for evenings, protection against the sun (hat, glasses, sunscreen) and your nicest swim suit.

You can also bring recipes from your home country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

**Description of Workcamp:** Meeting point: Clermont l'Hérault bus station. You can reach it from Montpellier train station.

Closest airport:

Montpellier, Marseille or Paris Protect fauna and flora on the shores of the wonderful Salagou Lake by setting up protection means to secure biodiversity and environmental conservation.

The lake is listed by the Natura 2000 network and protected for the beauty of its landscapes and its important biodiversity. This site offers a beautiful setting in the heart of the Hérault county: lying at the foot of volcanic and red rocks hills, this area is one of the most symbolic landscapes of France and recognized all over the world for its geological characteristics.

The Natura 2000 label considers a surface of 13 000 hectares in the southeast of the lake. It hosts a large number of animal and vegetal breeds including about 20 species of birds which are endangered at the European level. These birds find their home environment in the diversity of the landscape, in the agricultural or grazed circles, on the cliffs or in the shores of the lake. To protect this rich biodiversity the Natura 2000 network set up measures to maintain the land characteristics and to reduce the use of phytosanitary products in vineyards. You will participate to the implementation of biodiversity protective measures nearby the lake. You will clear and uproot the shores of the lake. You will also take part in setting up other protection measures to secure biodiversity and environmental conservation in the frame of the NATURA 2000 network. In tents on the lake camping site. Tents will be provided but you can bring your own if you want. Bring a sleeping bag, camping mat and a pillow. You will participate to the preparation of meals in turns. We favour the local products and the short supply circuits. The Salagou Lake is located nearby Clermont l'Hérault in the Herault river valley, 40 km far from Montpellier city. For more information: [www.lesalagou.fr](http://www.lesalagou.fr) Take work clothes, closed shoes, warm clothes and a torch for evenings, protection against the sun (hat, glasses, sunscreen) and your nicest swim suit. You can also bring recipes from your home country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. Address:

Project: ENVI-RENO - Environmental-Restoration

Initial Date: 18/07/2016

Final Date: 08/08/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

NB : chantier ouvert a partir de 17 ans pour les participants francais After ten successful experiences with a group of international volunteers together with our association, from 2006 to 2015, the municipality of Leffrinckoucke wishes to host a new group of international volunteers to take part in the restoration of the Fortress of the Dunes , military fort built in the XIXth century. The objective of the municipality is at the same time to develop this site so that it can be visited and used for cultural purpose by local associations and groups of music, and at the same time to create an intercultural dynamics by favouring links between the inhabitants, visitors and volunteers. In the past years, many improvements were made to receive the public (guided visits are organised) : inside with the restoration of several room and in particular one room dedicated to the history of the fortification (interactive map of Dynamo operation) and outside with a secured guided circuit. With a technical leader, you will work on various parts of the site of the fortress for the clearing of its outskirts, the restoration of the external staircases, the collecting of old paved stones and branches and finally, the clearing of undergrowth in the ditches. This work will be carried ou in small groups. NB: the workcamp will end on Monday August 8th in the morning, volunteers will help prepare and participate in a meeting with associations of the town (Beach Fest), during the weekend of 6th and 7th of August, and will present international workcamps. Under tents, at the municipal football grounds (stade municipal). Kitchen and showers nearby. We cannot be responsible for you if you arrive before the beginning of workcamp. The town of Leffrinckoucke is located at a few km from the The town of Dunkerque. The fortress is at 500 meters from the beach, and at 500 meters from the town of Dunkerque. Buses are available to reach neighbour towns. The nearest train station is in Dunkerque, and many connections are available by TGV to LILLE (35min) or PARIS (2h00). 1 /Our association does not provide a car during the work camp. 2/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card, for the refunding of medical expenses in your country). Non EU volunteers must have their own travel insurance. In case of medical expenses, volunteers are responsible for these expenses and will ask for refund at their own insurance once at home. 3/ If you have a driving licence, please bring it along in case of necessity. Do not forget to bring: a sleeping bag, warm clothes (a sweater and rain-coat), a bathing suit. For male volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. For work: worn out clothes and strong shoes (like boots i obligatory for your own safety). Your games, songbooks, cassettes, musical instruments and recipes, will be also welcome To make exchanges and encounters easier, please also bring photographs of your home, some postcards, and small gifts.

Code: JR16/04

Year: 2016

Name: EMMAUS 2 - FRENCH SPEAKING

Location: PARIS

Address:

Project: SOCI - Social project

Initial Date: 01/08/2016

Final Date: 20/08/2016

Min Age: 20

Max Age: 30

Places: 1

**Description of Workcamp:**

chantier francophone / French speaking camp Emmaus is a association that welcomes marginalised and homeless people, mostly men. They are called companions . The Neuilly Plaisance community (50 companions) with a place where they can live and work. It is a place where people live together in a spirit of solidarity. Some companions live there temporarily while going trough a tough phase in life and the community supports them towards social reinsertion; others see life in the community as an alternative way of life. There are 3 founding principles in all Emmaus Communities: welcoming people (everybody whatever their origin and their past); reinsertion by working (collecting, rehabilitation and sale of furniture, clothing, diverse objects...); sharing and solidarity in the community. The work will consist into helping the community in the everyday tasks such as: sorting out 2nd hand cloths, sorting out 2nd hand furniture or materials or books- helping into collecting the 2nd hand things in the people house (only strong volunteers can do that), selling the books/cloths/furniture to the public, tidying up the different little shops in the community- finally any mission useful for the well being of the community. Most of the companions have had hard times and harsh experiences. They are often tough people in appearance, who won t talk much at first. Volunteers should be mature, and aware of the difficulty of establishing communication with the companions and of gaining their confidence It is important to keep in mind that it is a social project, so that volunteers have to adapt their timetable to the one of the companions. Volunteers will have to be really motivated because it is a difficult work : they will work from Tuesday to Saturday from 7:30 am till 5:00 pm. Sunday and Mondays are free. Please note that although the project is close to Paris, you will have a limited time to visit the city, due to long working hours which cannot be bargained. If you do not agree with these conditions please do not apply. As extra activity, you will create an exhibition on the topic of tolerance, together withthe companions. Your creative talents will be needed To facilitate communication and integration, volunteers will take all their meals with the companions at the restaurant of the community. Volunteers will be hosted in basic conditions : they will sleep in a prefabricated building and share the shower and the toilets of the companions. The consumption of drugs and alcohol is strictly forbidden Town of Neuilly-Plaisance, departement de Seine-St-Denis (Ile de France). Possible activities : walk along the Seine, visit of Paris (at your exepense), of Vincennes, activities ti be organised with the companions. MINIMUM AGE 20 - MOTIVATION LETTER in french to be sure that the volunteers understand the project and explain why you want to participate There are 50 men living in the Emmaus Neuilly Plaisance community so girls are advised to be careful to do not wear too short clothes.1 /Our association does not provide a car during the work camp. 2/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card, for the refunding of medical expenses in your country). 3/ If you have a driving licence, please bring it along in case of necessity. Do not forget to bring: a sleeping bag, warm clothes (a sweater and rain-coat), a bathing suit. For male

volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. For work: worn out clothes and strong shoes (like boots i obligatory for your own safety). Your games, songbooks, cassettes, musical instruments and recipes, will be also welcome To make exchanges and encounters easier, please also bring photographs of your home, some postcards, and small gifts.

**Description of Workcamp:**

NB : chantier ouvert a partir de 17 ans pour les participants francais The municipality of Vitray and the association of local authorities PAYS DE TRONCAIS are the main partners of this workcamp. Vitray provides its residents and visitors a unique setting in the heart of a preserved and pleasant environment. Located in the heart of the Troncais Forest, people love to come during summer to spend a good time. The inhabitants and the local associations will receive volunteers for the first time with a great enthusiasm. More info on this website : <http://www.pays-de-troncais.com/> During 3 weeks you will actively participate in saving a wash house located in the heart of a preserved forest This wash house was once used by the inhabitants of a village located a few hundred meters: the river flowing at this place was the only reliable water source to build this wash house. The work consists of the rebuilding of the roof and the layout of its surroundings. Here is a detailed list of mission to do: change certain structural elements of the roof, replacement of tiled, renovate certain part of masonry, restoration of the pass for easy access. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities. Accommodation on a communal ground at the edge of the church and the town hall. Mattresses and tents provided. Bring your sleeping bag and warm clothes for the night. Shower nearby. Equipped kitchen where meals will be prepared and shared together. Dining room in the village room. The place where you will stay is a bit isolated: shops are 5 km from the village of Vitray (in the town of Meaulne). A punctual transportation will be arranged. Jeunesse et Reconstruction does not support the volunteers arrived before the start date of the project. By applying on this project, you will have the opportunity to live in the heart of the Troncais forest. This forest offers different activities: hiking, swimming, historical visit. The town of Vitray is an authentic municipality of the center of France. Some activities will be offered during your stay with the inhabitants of Vitray. To learn about this town, visit this site: <http://www.vitray.notremairie.fr/> 1/ No special knowledge or competence is required for this camp, except being motivated and loving work in group You will share friendly moments with local people : be open-minded and curious. 2/ Bring: sleeping bag, warm clothes and rain-coat, bathing suit (for male: short pants prohibited in the public swimming pools, please bring a bathing suit). 3/Bring for work: worn out clothes, safety shoes/boots compulsory. 4/ Bring some material from your culture (documents, pictures, postcards, little gift, musical instruments, games,...) to share with other volunteers and local population and make exchanges easier. 5/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/ Transportation back to the train station at the end of the workcamp will be organized during your stay with the camplleader. 7/ More info

**Description of Workcamp:** NB : chantier ouvert a partir de 17 ans pour les participants francais The village of Herment is hosting for the third time a workcamp during this 2016 summer. The project is part of a dynamic for attractiveness and opening toward the world by the municipality and intermunicipality community. The site to which you will participate is an ambitious project: the restoration of an historic dry stone retaining wall The dry stone wall that you will be involved is essential for maintaining a historical site called the walk of the walls. You will restore this dry stone wall using traditional dry stone techniques. The stone used is a typical local volcanic stone (Auvergne volcano region). You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities. You will be accommodated in the municipal camping in the center of the village. Mattress provided, bring your sleeping bag. You will go by walk to work: you have only 50 meters to walk Herment is at 830 meters of altitude, bring WARM CLOTHES. You will cook all together in the equipped camping kitchen. There are some shops in the village. Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project. Possible lodging in municipal camping of Herment, at your expenses (please check by calling the municipal camping). phone : 33 4 73 22 10 58 Located at 830 m of altitude, the village of Herment has a remarkable rich heritage. The village offers visitors a unique view of the Monts Dore, those of Limousin and Le Plomb du Cantal from the Promenade des Walls which is included in the inventory of Historical sites. In addition, this rural mountainous area benefits from the tourist attraction of winter resorts and hydrotherapy of Massif du Sancy. 1/ No special knowledge or competence is required for this camp, except being motivated and loving work in group You will share friendly moments with local people : be open-minded and curious. 2/ Bring: sleeping bag, warm clothes and rain-coat, bathing suit (for male: short pants prohibited in the public swimming pools, please bring a bathing suit). 3/Bring for work: worn out clothes, safety shoes/boots compulsory. 4/ Bring some material from your culture (documents, pictures, postcards, little gift, musical instruments, games,...) to share with other volunteers and local population and make exchanges easier. 5/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. **Description of Workcamp:**

partner

The town of Issoire hosts the regional office of Jeunesse et Reconstruction since 1957. The international volunteers took part in many different projects during summer work camp in Issoire : rebuilding an old farm, restoration of walls and a nice renovation of child outside games, creation of a sculpture made of wood, cleaning and working on the river side which go across the town. The town of Issoire has developed a strong youth and cultural policy. With numerous facilities (youth center, concert hall, home associations, gyms, ..), the city is attractive and lively. More info and pictures : <http://www.issoire.fr/>

work

During the workcamp you will actively participate in the creation of a park located in the city center. The space where you will intervene a storm water basin was built because It is essential at this place to collect water during storms and avoid flooding downtown. In order to integrate this basin, the municipality has developed an environmentally frame and landscape design. Indeed, this development should invite inhabitants to rest and allow the development of biodiversity. Here the work to be carried out during the project : -The objective is to build stone walls along the basin and develop a platform above. -To put two informative panels and secure for the general public about the function of this basin. -Install Benches and the outlines of a walking path around the pond. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this construction. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

accommodation and food

Lodging in the Fernand Cournil Sport Hall. Camp beds provided. Bring your sleeping bad and/or blankets. Unlimited access to the sports fields! Cooking and living room will be in the Sport Hall. You will cook your meals by team (2 persons). Many shops are in Issoire. A budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers (not only, but as much as possible!).

location &amp; leisure

The accommodation is 5 minutes walk from the city center. Issoire is a city of 15,000 inhabitants located 35 km south of Clermont Ferrand, between two Natural Parks (the Auvergne Volcanoes and Livradois Forez). Issoire counts many shops and local artisans sell their creations in small boutique shops. Time is planned to explore the city, enjoying its magnificent Romanesque abbey, but also hiking in the area, activities with the Youth Center, visit the Volcanoes, go to Swimming pool and of course celebrate the national day (14th of July) : a unique french experience in Issoire ! In addition, during two weeks, you will attend an international festival Folklore dance in Issoire! You will be surprised anyway by the richness of Auvergne scenery has rightly been classified among the 10 regions in

the world to visit in 2016 by Lonely Planet : <http://www.lonelyplanet.com/best-in-travel/regions/6>

Initial Date: 10/07/2016

Final Date: 30/07/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

NB : chantier ouvert a partir de 17 ans pour les participants francais The Crest, old wine village of Puy de Dome, still has signs of its rich past. The municipality wants to set up this year, for the first time, an international workcamp. Actually, there is a historical mound on its territory, and it is now inaccessible and overgrown with bushes. The workcamp would be an opportunity to give new life to this essential part of the historical heritage, and a new dynamism to local life through the coming of all of you, young volunteers Therefore, inhabitants of Le Crest are waiting for you with enthusiasm to share with you a few weeks of Auvergne life For more information about the town: <http://www.lecrest.fr/> Your mission during the workcamp will be to make the historical mound more accessible and attractive. For this, you need to develop the path to inspire walkers to discover the site. You have to make a wood siding to cover the wall of the old water tower. Then, there will be clearance and restoration works of a stone wall, in order to highlight a small drinking trough. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities. You will be housed in the old school dormitory. Mattresses will be provided, please bring a sleeping bag. You ll have on-site access to all the facilities (toilets, electricity ...). The showers will be taken in the recreation room. There will be a kitchen area with refrigerator, stove, tables and chairs so you can eat together. You will cook in turn, by two, and a budget will be allocated to food shopping in the grocery store of the town. Jeunesse et Reconstruction can t take charge of you if you arrive before the beginning of the workcamp. At the end of the Montagne de la Serre, which has an inexhaustible flora, the village of Le Crest is dominated by a tower, the only remains of an ancient fortress. From the tower, you will enjoy a wide panorama of the Gergovie plateau, the valley of the Allier and the Livradois, the Massif du Sancy, and the Cha.ne des Puys. You will be able to do so many walks and hikes around In the village, in small steep and shady streets, you will gaze at the winegrowers houses, the church (XII century) with its transitional style between Romanesque and Gothic, and The Castle , a beautiful house of landowners (XIX century), reminiscent of the heyday of the vine in Auvergne. Close by, The Stone Tower last winemaker operator, continues the tradition. During the summer, village tours are free. It s up to you to go to meet the inhabitants, to discover local life, cultural habits and the treasures of the region For more information on local tourism: <http://ete.tourisme-lescheires.com/>

Name: CHANONAT - RENOVATE TRADITIONAL WALLS AND PATHS

Location: PARIS

Address:

Project: RENO-ENVI-CONS - Restoration - Environmental - Construction

Initial Date: 17/07/2016

Final Date: 06/08/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

partner

On the banks of the Auzon, Chanonat is located midway between the rural world and the urban area of Clermont. The municipality has a remarkably rich natural and built heritage, and wants for the first time to organize an international workcamp. Indeed, many paths and walls in Chanonat need to be restored, buildings and vaults must be renovated, a small source with a strangely scarlet colour disappears beneath the undergrowth. The people are eager to welcome you all to give a new life to this heritage! For more information on the municipality: [www.chanonat.fr/](http://www.chanonat.fr/)

work

The priority is to cut undergrowth back in the trails, to clean the stone walls that run along the paths, to put the stones into place, to widen the passage and to make small steps as needed. You will have too to arrange the surroundings of the Red Source, and to improve the access in order to highlight it. Finally, depending on your efficiency to carry out those first projects, there will be stone walls to rebuild too with lime binder, the surroundings of a little building must be cleaned, and vaults losing stones have to be renovated. So you will not miss work! You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

accommodation and food

Volunteers will be accommodated in the House of Associations, organized in a dormitory. Mattresses will be available, remember to bring your sleeping bags. You'll have on-site access to all the facilities (toilets, electricity,...), the showers will be taken in two other buildings. In the House of Associations, you can also cook and eat together in an area with gas cooker, fridge, tables and chairs. You will cook in turn, by two, and a budget will be allocated for food shopping you can do in Chanonat (bakery, honey and fruits producers) and the neighboring town (farm products, groceries, butcher...). Jeunesse et Reconstruction can't take charge of you if you arrive before the beginning of the workcamp.

location &amp; leisure

Many local associations create a real dynamic in Chanonat, facilitating access to the rich historical, cultural and natural heritage of the municipality. Thus, footpaths crisscross the area, leading to the Chapel of the Tree and its mysterious legend of the statue, or the Castle of the Bâtisse, which is a Historical Monument, and whose French gardens, ponds, rock caves and waterfalls are famous. You too go to meet the inhabitants to experience the local life, customs, treasures to discover in the region : you will quickly appreciate the charm of Chanonat! For more information: <http://www.tourisme-lescheires.com/>

Name: VALUEJOLS - RENOVATE A TYPICAL WASHING PLACE

Location: --

Address:

Project: RENO-CONS-MANU - Renovation - Construction - Manual work

Initial Date: 24/07/2016

Final Date: 13/08/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:** WORK: You will work to renovate a washing place in the hamlet of Le Che, at the foot of the skiing and hiking trails. Today, there is a swamp all around the washing place, and the inhabitants are eager to see this part of the historical and cultural heritage rehabilitated. For this, you will straighten and embellish the wall with exposed stones, improve water drainage, change and clean the trays, and lay a pavement around the washing place.

ACCOMODATION: You will stay in the rest house of Valuėjols, close to the town center: it will be for you the best way to integrate into the local life. All facilities are available: two wide rooms, showers, toilets, mattresses and cots are provided. Bring your sleeping bags. Valuėjols is located more than 1000 meters above the sea level, so bring warm clothes. In the kitchen area of the house, you will have everything necessary to prepare and enjoy meals together (table, chairs). Nearby, there are some shops (grocery, restaurant bar, bakery) available in the town center and you can also go to the market every week, and the cheese cooperative in the town to enjoy fine local ingredients! Jeunesse et Reconstruction can't take into charge the volunteers before the start date of the workcamp.

LANGUAGE: ENGLISH / and : French

LOCATION: In the Regional Natural Park of Auvergne Volcanoes, in the plateau named Planèze, between 1000 and 1400 meters above sea level, 15 km from Saint-Flour, here is Valuėjols! The municipality has a wealthy and unique heritage, both environmental, historical and cultural. Small valleys, charming riverbeds, vast meadows alternate with expanses of mountain moorland. In this dry continental climate, summers are mild and sunny. If you fear the intense heat, you will find in this country a welcome respite! You can walk on the numerous paths, between the çburonsç where the cheese was made in the past ; in the swamp of Narse of Nouvialle, where you can observe many rare and protected species ; in the woods of Fraux, known for his mushrooms, among pines, flowers and fruits of the undergrowth. In summer, they are also lots of cyclists and hikers on the GR4 (hiking trail crossing France from the Atlantic to the Mediterranean sea)! In Valuėjols, there are many traces of the popular architecture left over the centuries: typical farms from Planèze, bread ovens, oratories, chapels, fountains, carved crosses in stone schist and pilgrimage churches, as St. Saturnin, a small jewel of medieval religious art. Each year, the municipality celebration brings together all the inhabitants, in August, for festive activities, for example around renovated bread ovens : it will also give you the opportunity to involve in the preparation and the party !

**Description of Workcamp:**

WORK: Your mission will be to develop the area around the magnificent Muratel waterfall. So you'll make clearing and earthworks, you will set up picnic tables, fences and stairs made of logs, you will build a bridge to cross the waterfall. All this, to allow residents and tourists to enjoy this beautiful waterfall : they may be able to access it, to walk around, to admire it endlessly! You will participate to the work with other international volunteers and technical supervisor will teach you specific techniques. The work takes place in the morning for 5 hours maximum. Afternoons and weekends are dedicated for activities.

ACCOMODATION: You will be accommodated under tents on the municipality football field. The tents will be provided by Jeunesse et Reconstruction. Remember to bring your sleeping bag and warm clothing, as it can sometimes be cold. There will be, too, a kitchen area with refrigerator, stove, tables and chairs for you to eat together. You will cook in turn, by two, and a budget will be allotted to buy food at the grocery store in town, at mobile shops (meat, bread) and at local producers (meat, milk, cheese ). To live like this in the town will be for you the best way to bond with the inhabitants, to discover and share their daily lifestyle! Jeunesse et Reconstruction does not support the volunteers arrived before the start date of the project.

LANGUAGE: ENGLISH / and : French

LOCATION: In the foothills of the largest volcanic massif of Europe, Paulhac has a rich historical and cultural heritage : hiking on the paths, you will discover the primitive latin church (XII century), the buron of the Puy du Coucou and its traditional pigsty, the Bélinay Castle (XIV century) and its chapel, the horse farm, the typical barn. In those various locations have been set up exhibitions, sales and scenic animations to present the production of milk and cheese, the local fauna and flora, the life of people and animals according to the season, the autonomy of a mountain village, who lived in isolation. Similarly, the newly restored traditional space, in Lapeyre, reflects the practices of agriculture and demonstrates the know-how such as the use of stone. In the town of Paulhac, you can also use the Internet point of the grocery store, and enjoy the proximity to Saint-Flour (20 km) to go to the pool, cinema or museum. Concerts enliven the town during the summer. Late August, there is the Feast of Paulhac : the inhabitants will be happy to prepare and enjoy with you the joyous celebrations that gather them all with enthusiasm! **Description of  
Workcamp:**

partner

For the first time, the municipality of Ségur les Villas is going to organize an international workcamp. In the region of the Cézallier Cantalien, at the heart of the Santoire river valley, there is Ségur les Villas : a village center and ten hamlets, with old houses and charming fountains. In 2014, the municipality acquires its first flower of « Flowery village ». This label shows the quality of the living environment and that Ségur les Villas is really attractive for tourists. In the same vein, the municipality wants to work to renovate its local heritage, which is sometimes in poor condition. For more information about Ségur les Villas : [www.cezallier.org/segur/](http://www.cezallier.org/segur/)

work

At the moment, the bread oven of the Villas hamlet disappears under a real heap of brushwood. The workcamp aim is to make it visible for the inhabitants and visitors. Thus, there is a lot of work to cut brushwood back, to level the ground around the bread oven, to clean and sort the stones, in order to highlight the ruins and to give its place back to the bread oven in the village. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

accomodation and food

Volunteers will sleep under tents, in the village center of Ségur les Villas : the best way to fit well in the local life ! Mattress will be provided, don't forget your sleeping bag and warm clothes. Next to this place, there is the foot stadium with cloakrooms, showers and toilets. There will be a room too for you to eat together. You will cook successively, with local products bought to the village grocery. Jeunesse et Reconstruction can't take charge of you if you arrive before the beginning of the workcamp.

location &amp; leisure

In the heart of the Cézallier altitude plateaux, Ségur les Villas owns a particularly remarkable historical heritage, in a unrivalled natural environment. The Valentine Chapel (XIIIe century) overhangs the Santoire valley, and you will admire, from this citadel, the must-see view on the Limon plateau, between Cantal Mounts, Mont Dore and Cézallier. You would cross hiking trails among peatlands, which are full of plants and wildlife : the Vial peatland, with its scottish atmosphere, the Jolan lake, a remarkable Natura 2000 area, protected for all nature friends. Visits are organized in the Gazelle water mill, which has been restored with original pieces, in a village full of character. It's up to you to go to meet the inhabitants, to discover their way of living, their customs, the treasures of this region. You will enjoy quickly its wealth ! For more information : <http://www.tourismecezallier.com/index.php/fr/home>

requirements

1/ No special knowledge or competence is required for this camp, except being motivated and loving work in group! You will share friendly moments with local people : be open-minded and curious. 2/ Bring: sleeping bag, warm clothes and rain-coat, bathing suit (for male: short pants prohibited in the public swimming pools, please bring a bathing suit). 3/Bring for work: worn out clothes, safety shoes/boots compulsory. 4/ Bring some material from your culture (documents, pictures, postcards, little gift, musical instruments, games,...) to share with other volunteers and local population and make exchanges easier. 5/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/ Transportation back to the train station at the end of the workcamp will be organized during your stay with the campleader. 7/ More info about trains : <http://www.voyages-sncf.com/> 8/ If you have a driving license, please bring it along in case of necessity

**Description of Workcamp:**

NB : chantier ouvert a partir de 17 ans pour les participants francais At the heart of an exceptional mountain cirque with lush flora, let s come to a colorful festival For the 2nd edition of the Diamant Vert festival, the municipality of Teissieres les Boulies wants to organize an international workcamp, in the framework of development projects and arrangement of its natural and historical heritage. Indeed, an agro-environmental center is being set up in the town, with a resource center in agro-ecology and eco-construction. Teissieres the Boulies is 750 meters above sea level, facing the mountains of Cantal and Aubrac, near the lake of Mours, where the festival takes place. For more information on the town: <http://teissieres-les-boulies.fr/> Le Diamant Vert festival was born from the desire to highlight the forgotten landscapes of Cantal, offering a weekend of music and art in the heart of the Auvergne volcanoes. While concerts full of sensitivity and originality, Land Art artists will set up of inspired installations, and you can take part in the creation through several creative workshops. Le Diamant Vert is a festival that wants to prove that rurality can also be modern, cultural and attractive, a festival who wants to believe in knowledge sharing between generations in a common creative dynamic. For more information about the festival: <http://www.diamantvert.fr/festivaldiamantvert.html> Your mission will be to participate in the festival organization, and to arrange of the natural environment. Supervised by the members of the association organizing the festival, you will participate in raising tents, putting gates, organizing parking, dressing rooms, refreshment stands and catering ... During the 3 days of the festival, you will help to welcome festival goers and to maintain the site. After the weekend, there will be dismantling work, equipment storage, site cleaning and restoring. In parallel, the arrangement of the natural environment consists first in the rehabilitation of a path enhancing the natural and historical heritage: cutting scrub back, highlighting a just discovered mine and vine. Finally, you will help to the settlement of the new agro-environmental Centre : to cut the brushwood back, to make earthworks, to set up experimental tools related to sustainable development. Volunteers will be accommodated, as in previous workcamps, in a communal building with toilets and showers. Remember to bring your sleeping bags and warm clothes. You will also have available a room with fridge, stove, tables and chairs in order to eat together. You will cook in turn, by two. Transportation will be arranged for you to do your shopping in supermarkets or by local producers, with a budget that will be allotted. A small grocery store is located in the municipality. Jeunesse et Reconstruction can t take into charge the volunteers before the start date of the workcamp. Teissieres the Boulies has an exceptional heritage: the bread oven, the cross of Cayre, the farrier shoeing stock, the fountain rack system, the fresco of the village from yesterday to today, the orchard with its young transplants, the secadou (building where chestnuts are dried), dry stone walls, the workshop (the former center to bottle carbonated water)... Indeed, in 1821 was discovered a source of sparkling water on the territory, whose success became legendary. A Natura 2000 site (200 hectares) is

located nearby, and works to protect bats which hibernate in mining relics. Local associations are also very active in Teissieres and animate every year the pumpkin festival, the festival of water etc. As the locals say, We are committed to our natural, built and cultural environment, that we want to preserve, develop, so come to share and love it with us . In the region, you can admire landscapes by canoe, you will discover local farms, and hike on the many trails through mountains and rivers All information on local tourism: [www.chataigneraie-cantal.com/](http://www.chataigneraie-cantal.com/) 1/ No special knowledge or competence is required for this camp, except being motivated and loving work in group You will share friendly moments with local people : be open-minded and curious.2/ Bring: sleeping bag, warm clothes and rain-coat, bathing suit (for male: short pants prohibited in the public swimming pools, please bring a bathing suit). 3/Bring for work: worn out clothes, safety shoes/boots compulsory. 4/ Bring some material from your culture (documents, pictures, postcards, little gift, musical instruments, games,...) to share with other volunteers and local population and make exchanges easier.5/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. **Description of Workcamp:** WORK: The aim of the project is to rehabilitate a dry stone wall partially destroyed and overgrown. It involves to clear the brush, to collect, sort and clean the stones often covered with moss ; then to rebuild the wall in the traditional way, along the road. You will participate in the work with other international volunteers and technical supervisor will teach you specific techniques. The work takes place in the morning for 5 hours maximum. Afternoons and weekends are dedicated for activities.

ACCOMODATION: Volunteers will be accommodated at the campsite of the town, located on the edge of the creek The Violin, an tents will be loaned by Jeunesse et Reconstruction. Remember to bring your sleeping bags and warm clothes. All facilities are available in the locker room (showers, toilets) and there will be a kitchen area with refrigerator, stove, tables and chairs for eating together. A budget will be allocated for shopping and activities, and you will cook in turn, by two. Being well accommodated within the town will give you the opportunity to connect with the people, to easily get to the market at the nearby shops (multi-point) and at local producers to do your food shopping. Jeunesse et Reconstruction can't take into charge the volunteers before the start date of the workcamp.

LOCATION: Bordered by the Dordogne, at the foot of the basalt plateau of Chastel-Marlhac, Vebret is located in a particularly remarkable natural setting, with splendid views of the Organs of Bort-les-Orgues and the chain of Sancy. Located halfway between Clermont-Ferrand and Aurillac, at the crossroads of major tourist roads (Castle Valley, Salers, Puy Mary ...), the town is the starting point of the Green Track of Sumène-Artense. The Green Track is built on the old railway line linking Paris to Aurillac, lined with varied landscapes, and you can go cycling, rollerblading, walking ... All around Vebret, you can also walk on cleared hiking trails along the three trout rivers, you will admire a picturesque waterfall (The Leap of the Saule), and contemplate the Romanesque church of Saint-Maurice, Historical Monument of the twelfth century. In the region, you can visit old castles, charming villages and the tourist train station Antignac-Vebret «; Gentian-Express»; . Every year in August, there is the feast of the town organized by the Festival Committee : local associations and residents will be happy to share with you the festivities!

**Description of Workcamp:**

WORK: If you are passionate about history and archeology, this work camp is designed for you! Here you will have an opportunity to share an archeo-experimentation project with local volunteers and young people from all around the world. In the Castellans area, high up in the castle where the antique Oppidum is located, different tasks will be given to you. Interested in archeological experiences? Very curious? Our first task will be to participate in the construction of a medieval wooden cabin. This cabin will later serve as a welcoming centre for visitors and as a storage place. If you are an apprentice in construction, this is for you too! Come and practice different techniques of traditional construction with stone. You will have the privilege to learn this ancestral technique thanks to the specialists who will work with us and who are willing to pass on their knowledge whilst we reconstruct the stone walls of the antique Oppidum with them. Finally, your task will also consist of pruning and cleaning the area to enable visitors to access the area more easily and have a better view of the basic historical elements. We are planning other work camps for upcoming years. This job is part of a new project: the construction of a real touristic and scientific spot of discovery and experimentation. The idea is to organise visits which will allow visitors to see and understand 25 centuries of history through the artefacts found in the area and to value these artefacts. The work will take place during the morning, (5 hours a day) and you will have 2 free days per week, which will give you the opportunity to explore the community through cultural activities, sports and touristic tours!

ACCOMODATION: There is nothing better than staying on a camp to change your routine! It's the best way to be able to wake up to the sounds of the cicadas. The campsite is in the heart of the town of Beaumes de Venise, perfect for spending time with the local population. Everyone will sleep in tents with mattresses provided by Jeunesse et Reconstruction. Please remember to bring your sleeping bag! We will have a kitchen, toilets and showers available especially for volunteers inside a building a couple of metres away from the campsite. To make life easier in the camp, the volunteers will cook. The association will not be able to take care of you if you arrive before or stay after the dates that we stipulate. In this case, accommodation will be available in Avignon at your expense (contact us to check availability) : Auberge de jeunesse : Pop&Hostel 17 rue de la republique 1 Tel : +33 (0)4 32 40 50 60 2 En Beaumes de Venise : Hôtel Le relais des dentelles, Quartier Saint Roch 3 Tel : +33 (0)9 70 35 79 70

LANGUAGE: ENGLISH / and : French

LOCATION: Welcome to Provence! Located between the Dentelles of Montmirail and the legendary Mont- Ventoux of Provence which ages with the region, the town of Beaumes de Venise is full of vineyards and olives which have been warmed by the sun here for thousands of years. You will be able to get a fully historical French experience, thanks to the fact that this town was the seat of the Pope for several centuries before becoming part of France in the 18th century. At the banks of the river Rhône and close to Mont-Ventoux, the county of Venaissin offers a lot of activities to be discovered: Visit the picturesque castles and towns,

go on tours through the vineyards, visit Avignon, go on an excursion to Mont-Ventoux and of course, visit wine cellars and taste regional produce. Aside from all the local festivities that reinforce the region's cultural lifestyle, local volunteers will also undertake the role of helping you discover all the things that the region has to offer and they will be curious to learn about your culture. One of the goals for your stay will be to take part in cultural and linguistic exchanges: Don't forget to bring games, musical instruments, recipes, pictures and other souvenirs from your home country in order to share this memorable experience with other volunteers. **Description of Workcamp:**

WORK: Take a deep breath of fresh air with Cap Générations! Your volunteers¿ team will take part in various types of outdoor work every morning (4 - 5 hours per day, 5 days a week). The 8 first working days will be dedicated to the arrangement of the new municipal park of Bois d¿Oingt, a beautiful ¿rose village¿ in the heart of Beaujolais vineyards: with the help of local youngsters and volunteers, you will participate in the creation of a green spot in the village center. Your mission: under the direction of the association Les Sources du Suchel, specialized in permaculture, you will organize a botanic garden for public use that will aim towards the maintenance of biodiversity. This should be a good opportunity to discover a new form of agriculture in an original way! The second mission to accomplish will be the renovation of a dry stone wall at the entrance of Ch¿tillon d¿Azergues village. You will have the opportunity to learn this technique thanks to the specialists that will be happy to lead you on the working site. This project is very important for the inhabitants who decided for it together with their representatives; for you it will be a good opportunity to establish contact with French speakers and to actively participate in the local dynamic! The local youngsters from Cap generations center will accompany you during the entire workcamp.

ACCOMODATION: This is a project for camping lovers! The former Chessy-les-Mines camp site, which will be your accommodation place, is situated halfway between the two workcamp towns and offers an ideal situation near the village center, perfect for guitar nights and outdoor bbq! Tents and mattresses will be provided by Jeunesse et Reconstruction; please don¿t forget to bring your sleeping bag! A kitchen, toilets and showers will be reserved at your disposal in the ancient camping house. The meals will be cooked together, and every volunteer will participate in the domestic chores (cooking, dish washing, cleaning¿). Careful : we will not be able to host you if you arrive before the starting date!

LANGUAGE: French

LOCATION: Located 40 km away from Lyon, the Region of Oingt its vineyards filled landscapes, is called the ¿small Beaujolais Toscana¿. You will have the chance to discover it through diverse activities! <http://www.leboisdoingt.org/bo/au-bois-doingt/album-photos/>. Possible leisure and cultural activities during the camp: visits of the villages and wine cellars of Beaujolais, trip to the city of Lyon, French national day festivities, meetings with the locals, shared meals, tennis and river swimming. But above all, many cultural and linguistic exchanges: do not forget to bring your board games, musical instruments, culinary specialties or favorite recipes and photos of your home country in order to share your culture with the inhabitants and the other volunteers. You will be invited to spend two days at the Suchel fam, an experimental permaculture farm, for a first agricultural and cultural experience. The members of the association will be happy to help you get to know this alternative farm, its gardens and the natural landscape. Camping, shared meals and outdoors animation will be included in the program! -> <http://lesuchel.tumblr.com/>

Max Age: 30

Places: 2

**Description of Workcamp:**

WORK: Stone lovers? Curious about discovering traditional masonry? Or simply desire to add your contribution? Join the team of international volunteers for a third renovation workcamp in Pontaix and participate in masonry work right in the heart of the village. After two very successful camp in 2014 and 2015, the municipal staff of the village calls again on the motivation and the collective spirit of the volunteers of Jeunesse et Reconstruction. The first challenge of the team 2016 will be to reconstruct a stone staircase to facilitate access to the town hall! The second challenge is to realize a tiled floor made with stones and pebbles to stabilize the start of the path leading to the old medieval tower. Stone cutting, manufacture of filler in the lime, the finishes, but also excavation, handling and placing stones line by line...you will have the opportunity to become real craftsmen builders within a few weeks under the discerning eye of local volunteers! The work will be made in the morning (5 hours a day) and you will have two days off per week, giving you the opportunity to discover the surrounding parts of the country through cultural and sports activities and tourist visits! Around August 13th you will be asked by the inhabitants to join them to prepare and liven up the Vogue of Pontaix, very popular summer festival which gathers hundreds of people for the weekend ( festive meals, games and concerts). By assisting in the installation, food preparation and service and in the cleaning, you will have the chance to live this major event of the village life from the inside and to share strong moments with the inhabitants ! Do not forget to bring old clothes and good shoes (like work shoes or walking shoes) for the works!

ACCOMODATION: You will benefit a collective place of living, rudimentary but comfortable, a bit away from the center of Pontaix. You will be settled in the premises of one of the village's association, just a few steps from the Drôme river and from its beach, in the middle of fields. A fitted kitchen and a living room, equipped with a terrace and a barbecue will be at your disposal. Sleeping will be in two prefabricated structures, next to the small house, in which mattresses will be installed; don't forget your sleeping bag! A shower and a toilet will also be settled on the site in a third prefabricated structure. Meals will be prepared by volunteers: don't hesitate to bring some specialties or recipes to introduce your culture the other members of the group! Please note: our association cannot take care of you if you will arrive before the beginning of the workcamp, nor beyond the end of the project.

LANGUAGE: ENGLISH / and : French

LOCATION: Pontaix: a very small village with a big heart, in an exceptional environment! Located in the South Alps, in the heart of the Valley of the Drôme, the village of Pontaix is just like its neighborhood: sweet life, beautiful landscapes, open air activities and festive spirit! In the afternoons and weekends, you will be up to discover the region: swimming in the waterfalls, holes of turquoise blue water of the Drôme, walk to explore Vercors, winery visit and Clairette tasting (the famous local sparkling wine!), canoeing or tree climbing, visit of the picturesque cities of Die and Crest. Pontaix hardly counts 200 inhabitants, among whom an

innkeeper, a brewer of beer, several wine growers and a biscuit manufacturer. A program of diverse activities will be proposed to you to meet the local population: shared meals, walks and trips, and of course the preparation of the Vogue (local festival)! Do not hesitate to bring your games, music instruments, foods or favorite recipes, photos and souvenirs to live an experience beyond your expectations! **Description of Workcamp:**

WORK: Your international team will work with local volunteers, younger or older, on the two historical sites which do Viviers proud. If you are an apprentice builder or architect, this workcamp is made for you! You will do building and stone cutting work, in order to refurbish the frontage of the knight's house, which is a splendid dwelling from the Renaissance, and far from being fully refurbished. Besides, you will work on the site of a former working-class area called « La Cité Blanche » : an old cellar will need to be cleared out and cleaned in order to eventually turn it into a museum space. The CICP's volunteers will supervise you on all of these works and will be happy to share their knowledge about the place and its history. You will work every morning, 4 to 5 hours a day and 5 days a week. Do not forget to bring good clothes and solid and closed shoes to work!

ACCOMODATION: You will be hosted in the former city stadium, as well as the young local volunteers. It is a great occasion for the volunteers to practice their French and discover the country from the inside! For you to sleep, tents will be brought on the football pitch. You will also have access to a kitchen, toilets and showers in the very close sports center. Jeunesse et Reconstruction provides the tents and the mattresses, but do not forget to bring your sleeping bags. The meals will be cooked together, and you will be asked to do the domestic chores (cooking, dish washing, cleaning). Careful : we will not be able to host you if you arrive before the starting date!

LANGUAGE: ENGLISH / and : French

LOCATION: Viviers is a beautiful city of 4.000 inhabitants and overlooks the Rhône Valley. It has an important architectural heritage and a very good and warm weather. The town hall and the local volunteers want to take advantage of your stay by organising a lot of meetings with the local population. During an entire week, young local volunteers will be included in your team; Cultural discoveries and good atmosphere are surely guaranteed ! Special evenings and meals will be organised during the workcamp. Along with the local volunteers, you will have the opportunity to discover the region and its history : visits of the old city and historical sites of the surroundings, hiking, kayaking of the Rhône. You will also have access to the public swimming pool during your stay. The local people are very enthusiastic to welcome international volunteers, therefore we are expecting volunteers who are willing to exchange! You will be asked to organise a big international meal for the inhabitants during your stay, do not forget to bring food but also recipes from your country, photos, little objects, costumes, etc. in order to spread your traditions and culture!

**Description of Workcamp:**

WORK: You will make a contribution to the happiness of the children in Cluses! Working together with 9 local young people, you will carry out some important work for the town's children by: putting colour and life back into a school and a leisure centre through renovating child friendly spaces! To do this your Franco-international team will take part in different solidarity actions: creating play spaces in the school and leisure centre yard, developing the green spaces of the two sites, and freshening up the school's corridors. For the painting task you will be able to bring in your artistic talents and your collective creativity to produce murals which express the group's shared values. The work will be done in the mornings (5 hours every day from Monday to Friday), which will leave you time to explore the surrounding area and region through cultural activities and touristic excursions. Make sure to bring old clothes for the painting work!

ACCOMODATION: You will be staying in a school in the town, near to the city centre and shopping facilities. On site are a kitchen, shower, toilets, and a common room; one of the school rooms will be converted into a dormitory. For bedding, Jeunesse et Reconstruction will provide floor mats, but you must bring your own sleeping bag!

You will prepare your meals as a group and you will be required to participate in daily chores (cooking, dish washing, cleaning, etc.).

Please note: we will not be able to take care of you if you arrive before the beginning of the volunteer project!

LANGUAGE: ENGLISH / and : French

LOCATION: At the foot of one of the prettiest mountains in the Northern Alps, and on the edge of the Great Alpine Road, the pretty city of Cluses and its 17,000 inhabitants live in an ideal location! Near to Italy and Switzerland (40 minutes from Geneva!), Cluses gives you direct access to well-known tourist sites such as Mont Blanc or lake Léman: you will be amazed by the greenery and you will be able to learn more about the culture of high altitude towns through unique cultural visits and activities! Also, you will be able to make the most of the city's summer events. You will put together an itinerary of cultural and leisure activities with your French team-mates: involving sports, swimming, excursions, celebratory meals, and of course plenty of cultural and linguistic exchanges! The young people of Cluses look forward to helping you discover the region and their culture, as well as getting to know you all better! Please consider bringing your games, musical instruments, food specialties, favourite recipes, photos, and souvenirs to this experience which will exceed your expectations! For more information about the region visit: : <http://www.savoie-mont-blanc.com/offre/fiche/office-de-tourisme-intercommunal-cluses-arve-et-montagnes/473200>

**Description of Workcamp:**

WORK: The town owns a land plot in the centre that the representatives of the Community Center for Social Actions wishes to transform into a community garden. In order to secure the access to the future garden, the municipality needs to renovate the fortification wall and stairs under there with the help of an international volunteers¿ team. You will help renovate an ancient fortification using traditional masonry techniques: removing old coatings, jointing, and rebuilding some destroyed parts of the wall. You will be trained and supervised by a stone cutter specialist and a historical monuments specialist who will happily share with you their knowledge and expertise.

Please don¿t forget to bring strong shoes and clothes for the work! You will work 5 hours a day, in the morning, 5 days a week.

ACCOMODATION: Accommodation will be in the Golden Tower (Tour Dorée), another architectural beauty in Salins. Tents will be placed in front of the Tower for sleeping, and you will have access to the Golden Tower¿s apartment for preparing meals, eating, showering, and using the toilets.

Jeunesse et Reconstruction will provide tents and ground mattresses, but please don¿t forget to bring your sleeping bags. Meals will be prepared by volunteers for the whole group. Like every other volunteer you will participate in the daily tasks and the group organization: cooking, washing dishes, cleaning, planning free time activities, buying food¿ Please note: the camp organizers can¿t take care of you if you arrive before the starting date of the camp!

LANGUAGE: ENGLISH / and : French

LOCATION: Located in the charming valley of La Furieuse, in the heart of the Jura region, Salins-les-Bains is a little typical town of Franche-Comté that has over 3000 inhabitants. Overlooked by two ancient forts and the Mount Poupet, the town owns a rich cultural and natural heritage, as well as beautiful buildings which show the glorious past of this ¿saline city¿; among them the UNESCO world heritage ¿Saline building¿. Salins-les-Bains developed with extraction and commercialization of salt and hosts nowadays many spa-goers. Possible leisure activities for the group include: a visit of the town, of the Salt museum, hiking in the surrounding mountains, swimming, shared meals and parties with locals, visit of a farm or a vineyard etc. You will be in charge of organizing an international meal for the inhabitants during your stay; please do not forget to bring specialties and traditional recipes from your country, as well as pictures, music, trinkets, costumes etc. to share your culture!

Places: 2

**Description of Workcamp:**

WORK: Environmental and artistic camp for volunteers interested in ecological experimentations and democratic participation! Initiated by a group of youngsters from the village called 'Les bosseurs du 508', the project aims at refurbishing the abandoned places of the community in order to create a friendly space for recreation and sport activities. Together with a team of highly motivated local people, you will steer therefore different work continuing the set-up of this pedestrian artistic and sporting area: brush cutting, gardening, making wooden furniture, and building a traditional stone wall. This project will require all your creativity and artistic sense: the volunteers will be involved in the decisions regarding the design of the area and will participate occasionally in land art activities and workshops on energy autonomy. You will work 4 to 5 hours every morning. For more information about last year's work project, join the fan page: <https://www.facebook.com/pages/Rocles-Workcamp/307715156052909?fref=ts> And for pictures check : <http://babyloncry.com/lescolles/#/chantier-2014/> and click on « Menu »

ACCOMODATION: Accommodation conditions are rather basic and will encourage group dynamics and ecology practice. You shall participate in the first days installing your own living space: set up of an open air kitchen, constructing compost toilet and a solar shower installation, putting up tents for sleeping. A communal building will be available for your group in case of bad weather and for the 1st days. Tents and mattresses will be provided by the organizers, please don't forget to bring your own sleeping bag! Meals will be prepared together and you are expected to contribute to everyday tasks (cooking, washing up dishes, cleaning, emptying garbage). In order to enable more exchanges, the local volunteers will share and eat lunches with the international team. To be noted: 1) NO public WIFI in the village! 2) we cannot take care of you if you arrive before the work camp starting date, neither beyond the end date...

LANGUAGE: ENGLISH / and : French

LOCATION: Rocles is a small village in the Ardèche mountain, quite isolated but very welcoming! Located 30 km away from the next town, Aubenas, Rocles has only two shops: a bakery and a restaurant. The inhabitants, especially the youngsters, will be ready to welcome you, make you discover the surroundings and local culture and above all get to know each other! Possible leisure activities: hiking, horse riding, diner at locals, meeting with volunteers from other work camps, swimming at the river, local traditional celebrations, canoe. Besides of the site mornings you will be solicited for setting up and animating an international festive evening for the village, with the local volunteers and elected members; please do not forget to bring specialties and traditional recipes from your country, as well as pictures, music to share, etc., anything to discover your culture!

**Description of Workcamp:**

WORK: Your mission is to take part on the community's work which involves reuse of furnitures, objects and second-hand clothes. Along with your fellow workers, you will take part in collecting, selecting and refurbishing the objects given to the community : furnitures, books, decorating objects, clothes, accessories. Your role will be also to place the objects in the big selling shed, which is a true Ali Baba's cave, and to help with the selling and the connection with the public when the shop is open!

Be aware that the working days are long! Volunteers will work from Tuesday to Saturday, 7 to 8 hours a day. Sundays and Mondays are free, you can take advantage of them by having a nice time with the compagnons and discovering the region!

ACCOMODATION: For three weeks, you will be lucky to experience the daily life of the community, which involves about twenty persons : men, women, teens, elders and children, from France or elsewhere! The balance of the community is based on its members and the respect of the rules, including the ban of drinking or bringing alcohol in the community. You will also be expected to respect those rules! The meals are taken together with the compagnons (men) and compagnes (women) who successively cook ; you will be welcomed in the kitchen to help them, and maybe cook a mean from your own country. Everyone commits to take part in the different daily tasks like cleaning, tidying. About the accommodation, your group of volunteers will be hosted in a building that belongs to the community, with and independent access : the compagnons will bring beds and mattresses for you, yet don't forget your bed linen and sleeping bag. Shower and toilets will be located nearby your accommodation.

LANGUAGE: ENGLISH / and : French

LOCATION: Welcome to Etoile sur Rhône, beautiful village made of stones typical from the region, between Provence and Monts du Vercors. You will have time in the evenings or the weekends to explore the surroundings : visit of Valence, Crest or Montélimar, swimming in the Drôme, bike riding, visit of a local farm and local food tasting. With the volunteers and the compagnons, you will also have to change to make a journey to discover the natural richness of the region, and enjoy concerts, markets and festivals of the area. We also count on your spirit of initiative to suggest animations and activities to do with the compagnons ! In any case, do not hesitate to bring your board games, music instruments, food from your country or your favorite recipes, photos and memories to share with the compagnons and the volunteers for a beautiful experience of cultural exchange ! More informations on the region : <http://www.etoilesurrhone.fr/cadre-de-vie/tourisme> ; <http://www.ladrometourisme.com/fr/>

TERMINAL: Valence Ville

SPECIAL REQUIREMENTS: IMPORTANT : By coming to an Emmaüs community, you commit to respect the rules and the compagnons. You commit to be tolerant and open-minded ! 1/ No specific competences for this workcamp, except liking team-work and being very motivated, in a good mood and willing to exchange with

the compagnons! 2/ Jeunesse et Reconstruction do not provide any vehicle for the volunteers. 3/ The association will not take care of the return journey from the workcamp place to the train station. 4/ more informations about the trains : [www.voyages-sncf.com](http://www.voyages-sncf.com) 5/ EU volunteers : bring along with you your European Health Insurance Card; non-EU volunteers : do bring your CERTIFICATE OF INSURANCE. Each health expenses will be paid by the volunteer and refunded when back in its own country. 6/ You need to bring along with you : Bed linen, sleeping bag, working clothes, resistant shoes for work, warm clothes for fresh nights, hat/sunscreen/sunglasses/swimsuit, your camera, photos/souvenirs/little things from your own country. For the boys : do not forget to bring your swimming trunk in addition to your short pants (which are prohibited in the French public swimming pool). 7/It is no longer allowed to change foreign traveller's checks into money in the French banks : think about doing it in the foreign exchange counter (airport, stations, big cities) BEFORE arriving to the workcamp! REMARKS: alcool interdit - Alcohol is forbidden ! / Chantier ouvert uniquement aux volontaires de 20 ans et plus - This workcamp is not available for people less than 20 years old

**Description of Workcamp:**

partner

Welcome to the small Alpine village of Termignon, in the very heart of the beautiful Vanoise National Park! Between vertiginous mountains heights, large flowered meadows and fresh waterfalls, you will have the pleasure of contributing the development of the village as well as getting initiated to the ancestral dry stone building technique. After a first volunteers' workcamp last summer, the inhabitants and their representative expect a new team of highly motivated volunteers to carry on the renovation work on the famous 'Salt Road'. More information on Jeunesse et Reconstruction: <http://www.volontariat.org/> and on the Vanoise National Park : <http://www.vanoise-parcnational.fr/>

work

A project designed for mountains lovers and volunteers interested in dry stone building! The Prestigious "Salt Road" is a 27km route in the heart of the Vanoise National Park which connects the municipalities of Pralognan and Termignon. For five centuries, this lane was used as a passage for transporting salt on mules, from Tarentaise to Maurienne and to the Italian Piedmont. It's on one part of this emblematic road, a few kilometers from the heart of the village of Termignon where you will intervene. Led by passionate professionals of the association "The muraillers of Provence" who desire to transmit their knowledge, you will participate in the repair of dry stone walls along the way and in the construction of a calade (a pavement of cobblestones). Work 5 hours per day, 5 days per week. Remember to bring sturdy shoes and closed for work! Physical work but beautiful environment!! To discover the "Salt Road", you can watch this video (in French) performed by the Vanoise National Park: <https://www.youtube.com/watch?v=mdxqSFXZIEY>

accommodation and food

Accommodation under tents on the village's campsite. Jeunesse et Reconstruction will provide tents ground mattresses; please don't forget to bring a very warm sleeping bag. Nights are cold! You will have access to the camping showers and toilets, and can use a small kitchen for cooking. Meals will be prepared by volunteers for the whole group. Like every other volunteer you will participate in the daily tasks and the group organization: cooking, washing dishes, cleaning, planning free time activities, buying food. Please note that the organizers of the camp can't take care of you if you arrive before the starting date of the camp! location & leisure

Located at 1,300 meters above sea level, the village offers beautiful scenery, and many opportunities for hiking and viewing wildlife and flora. A free shuttle from the village also allows to go to the heart of the Park, from the main walking routes to explore the lakes and mountain refuges! If you love the mountains and fresh air, welcome to Termignon! Other activities on the village: tree climbing, climbing, tennis, nature exhibits, water sports, swimming pool, summer events, meeting

with local people ... More informations at: <http://termignon.haute-maurienne-vanoise.com> NB: You will be in charge of organizing an international meal for the inhabitants during your stay; please do not forget to bring specialties and traditional recipes from your country, as well as pictures, music, curios to share about your culture!

**Description of Workcamp:**

The city of Saint-Yorre is known for its natural springs. The city has recently bought the park of Larbaud where one of these spring flows. Local authorities invite international volunteers to help them to renovate this park in order to enhance it for local populations and transform it as a nice place to stroll in. This year's workcamp will culminate three years of works at the site.

During the workcamp, you will work at the environmental clearing of the park (clearing weeds for instance) around the lake of the park and around the canal's banks. You will also work on defining the parks canals and certain structures near the pond (removal, clearing of stones). You are going to participate on the rehabilitation of the central path of the park, clearing the volcanic stone edges, cleaning the stones and rebuilding the cobblestone pavings.

Each year, a celebration is organised in order to give a chance to local inhabitant to meet the international volunteers who contributed to the restoration of the park, if you want you can participate in the organisation of this event. in a municipal building in the park. Location: Saint-Yorre (Allier), 8 km away from Vichy

Leisure activities: This workcamp will allow you to discover the Vichy, Moulins region, to visit the touristic sites and to take advantage of the Allier river nearby. Also, you will have the opportunity to organise activities with the municipality and the town's youth, and to enjoy the local festivities, specially the living arts festival that will take place during the last weekend of the workcamp.

**Description of Workcamp:**

This project is part of a comprehensive effort to conserve and enhance the Vallauris silver mine, a medieval mine in the Valley of Marvels and a heritage site of the Alpes-Maritimes. After its restoration, this storage workshop, built during the mining exploitations at the end of the 19th century, will be used to store materials and safety equipment needed to visit the mine. It will also be used to store the artifacts found during the archaeological excavations at the site. The advance during initial phase of the works in 2014 included disassembling the roof and frame, raising part of the wall, and creating a concrete wall tie. In 2015 the roof and frame were rebuilt conserving the shape of the original gable roof. In 2016, we will continue with these works.

This project includes several technical goals:

- Exterior work on all the facades to make the building (la poudriere) air-tight.
- Rework of the whole of the cover of the adjoining outbuilding. (10 m2)
- Construction of a buttress on the East façade.

We will work on this project 4 days a week from 8.30am to 12pm and from 2pm to 5.30pm, and you will be supervised by a technical facilitator. The site will benefit from archaeological follow up and monitoring. 2,3 or 4 person room with toilets. A cooking team will prepare the meals, not the volunteers, but help will be needed with at kitchen, setting the dining rooms and washing the dishes. Location: Tende, located 2 hours away from Nice by train. Very isolated in the mountain at 1500m above sea level, the site is a 10 kms from Tende and 50 kms away from Vintimille.

Leisure time: recreational activities will be divided in two areas. The first one, in accordance with the goal of the project, is to carry out, since the beginning of the stay, a comprehensive visit of this heritage site to better understand the project. The second will focus on the exploration of the region, and sports activities. The schedule will be set collectively: Discovery of Historic and cultural heritage of the region (Valley of Marvels and National Park, Medieval villages, Mediterranean coast,) formal and informal meetings with people involved in mountain life (Shepherds, chaperons, guest speakers proposed by the organization) participation in local cultural events (feasts and traditional festivities) participation in one or several sports activities (hiking, climbing, tree-climbing course, via ferrate...)

Two entire weekends and one day during the week will be allocated to these activities.

**Description of Workcamp:** Project: The Beaufiest'yval is a festival of shows and animations for all the families and all ages, organized in a festive atmosphere. The festival will take place in an exceptional setting of 8 hectares located in the Beaufief park, in the town of Mazeray (behind the castle). Organized by the Association of Beaufief Leisure Centre that works to develop a real animation of the local life, this festival is a unique opportunity to live a time of sharing and conviviality.

Work: You will work with volunteers, children and youth of the Beaufief leisure center, to the preparation and the implementation of the festival. The work will be to lay out the park, make it attractive and help assembling the Big Top, stages and stands. During the festival, you will be required to welcome the audience and you will have the chance to participate in an open stage. Artists, get ready! After the event, you will help to clean and tidy up the site in a festive atmosphere! Following the festival, you will organize exchanges with children from the leisure center. Activities, games, sharing and living together will enrich this cultural experience!

Leisure activities: The volunteers of Beaufief Leisure Centre will organize several activities to help you integrate into local life. They will accompany you in the discovery of the richness of the historic heritage of the area. Other attractions in the surrounding area include the artificial lake of Bernouet and its open-air-cafe.

Accommodation: in tents, on the campgrounds of Mazeray

**Description of Workcamp:**

The archaeological site of Sanxay is a major Gallo-Roman cities of the antique territory Picton. Occupied from 1st to 4th century of our era, Sanxay was an important place for cures and pilgrimages. The remains of major public monuments, temple, amphitheater and thermal baths characterize this site located in the green surroundings of the Vonne Valley. The Gallo-Roman site of Sanxay is now one of the best preserved sanctuaries and should remain so. This is why this workcamp will be organized.

During the workcamp, a work site clearing, coming from old excavations near the temple should be performed. You will clear more carefully spaces to make the place completely readable for visitors. Accompanied by an archaeologist and the volunteers of the site of Sanxay, you will remove all the rubble, clean the area and sort the stones. When cleaning, you will be asked to be vigilant and careful, in case you would find potential remains. You will share some moments of this workcamp with young people from the territory. Collective, camping tent in the campground \*\* of Sanxay (pool, river, multi-sports areas ...) Location: Sanxay, Vienne, 30 km from Poitiers

Leisure activities: You will enjoy the local summer activities offered by the town. You will also have the opportunity to discover the region, the Marais Poitevin, visit La Rochelle and Poitiers. With the inhabitants of the village, you will live times of encounter and exchange, while discovering the history and culture of the region (castle, abbeys, arboretum ...)

**Description of Workcamp:**

Nature, poetry and land art! Between storytelling nights and evening outings, the residents have many surprises in store for you. Septfonds (meaning seven springs) is located in Tarn-et-Garonne, stone and straw country. The village has a rich and complex history shaped by the hands and memory of Men. It was the Seven Springs that in around 1130 determined the village's name and placement. Today, the village wishes to recreate the Seven Springs route. Having hosted international projects since 2009, the municipality has decided to once again organise an international workcamp in order to begin this new endeavor. The residents are excited to have the opportunity to meet new volunteers and to help them discover their region -their pride and passion. It is, then, around the subject of water that this workcamp will mark the beginning of a partnership -over three years- between the Citrus Association (Solidarités Jeunesses in Midi-Pyrénées) and the municipality of Septfonds.

You will participate in the restoration of 3 springs : the eve's spring has a poetic and inspiring atmosphere for those who know how to listen. Your mission will be to enhance and upgrade this place so that it's natural beauty be restored, working consciously, respecting its rich environment, and paying particular attention to its flora and fauna. You will be brought to upgrade the place so that it makes people want to stop or stay there. At the Borel Spring, there is an old stonewall that has been invaded by wild vegetation. These small walls contain all the history of the region, particularly in Septfonds where over the years a dozen quarries were exploited. Your task will be to enhance this wall as well as to install a picnic table which is, in fact, also a very large stone. Finally, in Morgues Spring, where there is a an old lavatory, the work will consist of restoring this construction structure, sanding off the paint on the poles as well as applying coatings. Also, with the help of a professional artist, you will create a Land'Art exposition around one of the springs. And in the context of the Fountains poetry festival, you will have the opportunity to make a show with a famous storyteller from the region. In a dormitory with kitchen and bathroom in Septfond Stadium. Location: Septfonds, 90km Northeast of Toulouse, between Cahors and Montauban.

Loisirs : The city will prepare friendly and festive activities for you. You will have the opportunity to participate in a group picnic and an evening outings to observe amphibians such as frogs and salamanders etc. In addition, you will be able to explore the village (dolmens, chapel, water fountain, memorial site, and old chapel manufactures) encountering the warmth of the inhabitants in the process. You will appreciate wandering around in the alleys of medieval cities such as Saint-Antonin-Noble-Val, Bruniquel or Penne, or walking around Montauban, a village of art and history where Ingres -the master of Neo-classic painting- was born. In this wonderful region surrounded by the Aveyron Canyon, canoeing, hiking and swimming will highlight your relaxation time.

**Description of Workcamp:**

Vialas is a pretty village near to the Mont Lozère, located in the heart of the Cévennes National Park. With its multiple stone bridges spanning the medium mountain torrents, his mythical rock of Trenze, faithful guardian of the valley, and its houses of mediterranean architecture, Vialas seduces any person getting there. The municipality wishes to focus on maintenance and enhancement of numerous hiking trails and to combine this goal with the hosting of international volunteers. You will live one part of the workcamp on the heights of the village (900 meters), in an isolated natural area without road access, a stepped path of 30 minutes will lead you to the camp that overlooks the village. A few meters higher (40 mins), the working place. Outlined by an architect of the Cevennes National Park, the new path with slighter gradient will be more accessible for hiking than the actual stony path where also water flows down regularly. Linked to their architectural heritage, the municipality is currently working on a pedagogical trail of the old lead mine located underneath the village. The remains of this ancient mine are huge and you can still imagine the importance of the former mining operations. The second part of the workcamp, you will contribute to the realization of this project by building an access to the irrigation canal, that brought water to the hydraulic machines of the mine.

During the first two weeks you will be working on the heights of Vialas by constructing a section of a new hiking trail. This part is furrowed by runoff and should be reshaped. You will be responsible for the clearing of this new section and you will draw a steady path with the stones of the path. The last week of the project is dedicated to the irrigation canal of the old silver-lead mine. You will work on the layout of the canal in order to open it to the public as a part of the future mine trail. The first two weeks you will be in a camp built for this project. You will sleep in tents, and cooking will be done in a large tent set for this purpose. A sanitary block with solar showers and dry toilets will be installed. A river is close to the place of the camp, for those of you who like it fresh!

The journeys will be mostly on foot, but the materials, water and all other charges shall be brought by car near to the camp. For the last week, as the canal is located near the village, you will stay in the school building of Vialas, that has conventional toilets, dormitories and a communal kitchen . Leisure activities: You can enjoy your leisure time to discover the natural resources and local traditions of the Cévennes and Mont Lozère, like hiking, swimming in the rivers Homol or Luech, participate in local events, visit farmer markets ... or just sit on top of the rock Trenze and contemplate the nature !

Location: Vialas, 30 km from Alès and 40 km from Florac.

Closest train station: Génolhac, at 10 min from Vialas.

**Description of Workcamp:**

Tavel, a village in the department of Gard with rich traditions and an important wine culture, will host a group of international volunteers for the second time. You will help to restore a stone wall in a traditional technique in the center of the village that is very animated in this time of year (local festival, Avignon's theatre festival). The workcamp is therefore part of a dynamic and will share the life of the village .

You work will consist in the restoration of dry stone walls in a traditional technique that is typical for the region. These walls are surrounding a large place that you will also work on (cleaning and clearing) in order to invite the local people to use it. A logistical help for the organization of local events, like "Les couleurs de Tavel", a festival about wine, gastronomic and cultural heritage, is also planned and will allow you to share lots of moments with the locals. In the local sports hall. Facilities and other spaces for collective life (cooking, meals, ...) are available in the same building. Leisure activities: Through the work, but also thanks to the contact with the local population, you will have many opportunities to discover local life in this festive period. The region offers a rich variety of outdoor leisure activities: hiking, the public swimming pool, discovering the vineyards and the city of Avignon.

Location: Tavel, also named "The village of stones and rosé wine", counts 1800 inhabitants, and is located between Orange and Avignon.

Closest train station: Avignon: City station at 15 km, TGV station at 18 km. Local busses Edgard B23 are running between Avignon and Tavel.

**Description of Workcamp:**

Welcome to "La Commanderie", an incredible ancestral site surrounded by an exceptional environment in a very dynamic village with a population that you must absolutely meet!

It is at Vaour, in an ancient sacred place, probably pre-celtic, set for to the cult of water, that the commanderie (house of Templars) was built and then classified as Historic Monument in 1909. One part of the building is used today as a multipurpose room, holding certain shows such as the village's famous annual theater festival : "Vaour Summer". Vaour is located between the picturesque Aveyron canyon and in the border with the grand forest of Gresigne, one of the largest oak wood in Europe. The village is also very close to the small vineyard valleys of Gaillac and the green valleys of Cerou or Bonnan.

You will do some maintenance work on La commanderie building which is starting to be overwhelmed by the wild weeds. You will also have the opportunity to lend a hand with the organisation of the theater festival "Vaour Summer" with the help of many volunteers. You will stay in large tents, will have access to the festival volunteers' bathrooms and kitchen Leisure activities: You will be able to take advantage of the natural heritage of the place, to go for a swim in the streams or to go canoeing. Leisure time will include the exploration of the local heritage sites, walks, visits to the medieval cities like Penne and Cordes Sur Ciel, the renown Saint-Antonin-Noble-Val market, and the discovery of other remarkable sites nearby. Various exchange activities can be organized with the local association to allow for an active discovery of our home country and the maximum cultural exchange possible. Encounters with the local residents and visits to farms to discover and taste local specialities will also be available.

Location: Vaour, 100 km away from Toulouse, between Albi and Montauban.

**Description of Workcamp:**

Located at the crossing of Charente-Maritime, Dordogne and Gironde, Saint-Pierre-du-Palais is a charming little village in the middle of a green countryside. A strong local commitment to revitalize the town and surrounding area via the rehabilitation of various places gave birth to a strong collaboration between Saint-Pierre-du-Palais and the association Solidarités Jeunesses Poitou-Charentes. This year, we expect you to make this project a rich experience!

The work will concern the restoration of the parsonage of St. Peter's Church. Very deteriorated, the church of Saint-Pierre-du-Palais, built in grison stone, was repeatedly restored. In order to complete the restoration of this site, the goal will be to make traditional masonry work: remove and replace the chalk mortar joints between the stones on the walls of the presbytery. You will also work on small restoration work in the village hall to host the people in the best conditions! During the workcamp, you will be accompanied by technical supervisors. collective, indoors, in a classroom of the village's primary school

Leisure activities: At the crossroads of several charming villages of the south-Saintonge, you can fully enjoy the local heritage such as the Romanesque churches. Outside working time, you will participate in summer activities: French National Day, night markets and other visits of producers and tastings of their specialities. Sight-seeing excursions in the city, Bordeaux or Angoulême and a day at the beach can be arranged. Cognac and St Emilion, towns of French vineyards are also nearby!

**Description of Workcamp:**

The Gallo-Roman site of Mirandes Towers is dated back to 1st – 3rd century CE and is stretched over more than a hundred hectares. First discovered in the 19th century, it was a target of many excavations and rescues at the beginning of 60's. It is a big secondary agglomeration composed of residential and hand-manufacture neighborhoods, a sanctuary, theater and an esplanade that was called forum for a long time. Since the beginning of the excavations, a building with a hypocaust – a floor heating system used in warm halls of antique thermae – has been discovered. Today, the site, especially this heating system needs a restoration and rehabilitation.

Supervised by the archaeologist who is responsible for the site, you will be working on the restoration of this heating system. You will scrape and clean the site to then be able to implement the ducts with a specific system. Your work will allow making the site recognizable for the visitors and, in such a way, understanding how this hypocaust system works. Once the ducts are restored, you will have the opportunity to create an explanatory sign; this information will complete the realization of the system and will be a trace of your passage on the Gallo-Roman site. Collective, indoor, in a classroom of a village primary school. Leisure activities: Volunteers from the Mirandes Towers Site and people from Vendevre will keep you company to discover the richness of the archaeological heritage and history of the surrounding areas that are abundant with old sites and troglodyte houses. The outings will be organized with the young people who are regulars in this area (cinema, plays, open-air activities...). During your leisure time you will participate in the local festivities, a national holiday, night farmers' markets, and you will be able to visit big cities such as La Rochelle or Poitiers and discover a French theme park "Le Futuroscope".

**Description of Workcamp:**

The Pinson Mound Redoubt is a military fortification dating from the late 19th century. The redoubt is located at the top of a small hill in the middle of a 110 hectare regional park. International summer camps here contribute to the restoration and renovation of the fort, with the aim of opening it to the public (especially for heritage days in September). During the project volunteers may also be interested in learning about the redoubt's history, as well as the Pinson Mound regional development project.

This year you will continue to restore the fort's surrounding wall. Initial work will be carried out by local young people in April in order to prepare the area for the summer workcamp. As a volunteer in this camp, you will work with these local youngsters to clean and reinforce the stones of the upper part of the wall. You will sleep on inflatable mattresses in school dormitories. You need to bring along a sleeping bag. Leisure activities: This summer camp is organised in conjunction with four neighbouring towns, the goal being to encourage local young people to engage with the camp's activities. As such, you will be able to take part in cultural outings and social exchanges organised with local partner associations. Other free-time activities will be organized collectively, depending on the wishes of the group and the available budget.

Location: The town of Montmagny, located 15 km North of Paris.

Closest train station: Deuil-Montmagny. Observations: This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive some days before or leave some days after the dates of the workcamp.

**Description of Workcamp:**

For the 21st year in a row, the association Souvigny Grand Site proposes to a group of volunteers to get involve in carrying out a remarkable one-week medieval event. This event hosts more than 30 000 visitors each year.

You will take part in the preparation, as well as in the daily animation of several stands. At the end of the week, you will help in clearing the location.

You will take part in the entire event, and will be involved in all phases of the process: assembly, animation, disassembly and clean up.

A very intense working week is waiting for you. This workcamp is a challenging experience which requires you to be really motivated all along the week. Certain evenings, the stands will be open until midnight. in a dormitory in Souvigny.

Leisure activities: An exploration of the region will take place mostly during the last week of the workcamp. During the weekends, you will usually be occupied by the fair, but you will be able to take advantage of the activities at the fair.

Location: Souvigny (Allier), 10 kms away from Moulins-sur-Allier.

**Description of Workcamp:** Project: The international workcamp has become an inescapable meeting occasion every summer for the inhabitants of the town of Esprels, a regular partner of our projects for 8 over years now. They wait for this moment of sharing and cultural discovery with impatience!

Work : You will participate in the renovation of the gutter on the street of the fountain Saint-Desle over a stretch of 30 meters. You will work using the traditional paving method, learning both masonry and stone carving. This project requires no specific competence, but work can be physical.

Leisure activities: The municipality, the Mayor and its inhabitants wish to offer a unique experience to the group. Thanks to the involvement of the inhabitants, you will have the opportunity to visit with them many of the franc-contois famous sites: the Citadel of Besançon, the chapel of Ronchamp and other picturesque places. The inhabitants will welcome you at their home to share a meal, a drink, a coffee, fostering the creation of strong links with them. Depending on the weather : walks, petanque tournaments or swimming outings will be offered as well as the traditional international dinner.

Accommodation: In the village school. You will sleep in a common room. A kitchen will be located under the courtyard of the school. Bring a sleeping bag.

Location: Esprels is located 20 km from Vesoul and 50 km from Besançon.

**Description of Workcamp:**

This workcamp is organised in conjunction with the municipality of Saint Rabier, where the regional Aquitaine office of Solidarités Jeunesses is located. This 580 inhabitants town, situated in the black Perigord in between Perigueux and Brive-la-Gaillarde, is made up of 11 hamlets, including Bord, where you will be working.

The bread oven at Bord has been neglected for many years to the point where the actual oven has been demolished. Since the spring, the municipality and the organization have started works on the bakehouse. This includes the reconstruction of the roof, and the demolition of the chimney... You will continue the work by helping to build a traditional oven, laying the foundations, construction of a vault with refractory brick, laying the Lauze stone roof and stone masonry. Some other smaller works to embellish the site are also foreseen. In a campsite in the middle of the village. Leisure activities: You will be able to meet local producers, visit some farms and be introduced to the local gastronomy. The idea is to also get involved in the local community life, notably, by helping to organize a nocturnal market with local producers and the 20th edition of the literary meeting "Livre en Tête" and a jazz concert. During your free time, you will be able to take advantage of the hiking trails to explore the region. The traditional "international dinner" will be a sensational opportunity to meet and share with the residents.

Location: Saint Rabier, 40km away from Brive-la-Gaillarde and 50km from Perigueux.

**Description of Workcamp:** L'espace Randonnée (Hiking area) of the Pays du Buech ([www.buech-rando.com](http://www.buech-rando.com)) brings together five communities of communes in the Hautes Alpes around a common objective : develop, invigorate and promote non-motorised hiking activities (pedestrian, bike tourism, VTT and horse riding), for the purposes of tourism and local development. In the face of extensive maintenance work required every year over the 1000 kilometres of trails, since 2010 l'espace Randonnée organises many international volunteer workcamps in partnership with the association "Les Villages des Jeunes" ([www.villagedesjeunes.org](http://www.villagedesjeunes.org)). This workcamp is an occasion for a true immersion in nature : it will allow you to discover the beautiful Hautes-Alpes countryside, its fauna and its flora. The proposed work is accessible to all but it involves walking in mountains every day to reach the site of the workcamp.

This workcamp will aim to clear the trails that have been invaded by vegetation, cutting down some trees, and pruning a trail in the bottom of the Aspres-Sur-Buech mountains. In this village, that relies on the "Drôme Provençale", the encounter of both Alpine and Mediterranean vegetation creates diversity and contributes to the richness of the local flora whether in wild and natural areas or in human built ones. Every morning, the team will leave to the work site half way up the mountain and will be able to witness the progress made. On a campground Leisure activities: During your free time, you will be able to go swimming in the river around the area, to enjoy sports activities, and to organize international meals with the local residents. Some other trips might also be organised in order to discover the region.

**Description of Workcamp:**

Built on stone atop some old dolmens and very close to the majestic Lot Valley - the perfect place for legends to emerge- Lugagnac is a charming little village that has been able to conserve its exceptional little heritage. In the middle of a well preserved green forest, during the summer, Lugagnac is the ideal place for the spirit to venture off on the dirt roads, hills, valleys and rivers to the sound of singing cicadas under a bright sun. It is in this enchanted setting that the filmmaker Louis Malles decided to restore the village's manor to create an ideal place for inspiration and for family reunions. Lugagnac is well worth a visit and that is without even considering its residents warmth and hospitality.

After several "civic days" where the inhabitants came together to work on the restoration of the Audry lake -an old wash house- the site recovered its exceptional charm. You will continue the work in this setting by clearing the place and with the help of passionate local residents- you will learn the region's traditional technique of building dry stone walls. You will stay in tents next to a charming open space with a kitchen and an outdoor lounge and you will have access to toilets and showers. This place is usually used to host the film festival organised by the community. Leisure activities : You will be able to take part in the summer festivities and to take advantage of Quercy's natural and cultural heritage : Lot Valley, walks, biking, canoeing, visits to Saint-Cirq-Lapopie, Limogne-et-Quercy, Cahors and other remarkable sites in the area. Exchange activities with local associations might also be planned in order to share cultures in an interactive way as you will also have the opportunity to meet volunteers at the international workcamp in Concots, a nearby village. Meeting with residents and visiting farms to taste local specialties will also be a significant element of the stay.

**Description of Workcamp:**

Project: Located in Perigord Blanc, in the Northeast of the Dordogne Department, Coulaures is a small village of about 900 inhabitants. Crossed by the Isle river, it holds a rich historical heritage including, notably, 5 castles.

Work: You will work on the confection of costumes and floats as part of the 'Celebration of the Goose', an annual festivity in which several cultures meet and celebrate this emblematic animal of the region's gastronomy. This year, the honor of this exchange has been given to the Cuban culture. You will be free to use your creativity and imagination. In addition, some enhancing works at the local school and in the village will be planned (sanding, painting...)

Leisure activities: During your free time you can go for walks in the many hiking trails and discover the scenic landscapes of the Dordogne Region. The workcamp will take place during the beloved summer season when you will be able to meet the residents at the farmers' markets, during the festival and during the traditional international meal that you will share with them.

Accommodation: In a shared room in the town's hall of events

Location: Coulaures is 15km away from Thiviers, and 8km way from Salignac les Eglises and Excideuil

**Description of  
Workcamp:**

Project: A round cemetery and washhouse with a fountain, both classified as historical monuments, are proof of the rich and original heritage of the town of Pennesiere. The association of Beaumotte Center has been working with the municipality for a long time on its insertion program, but this is the first year that Pennesiere hosts an international workcamp.

Work: The wash-house and fountain is a picturesque monument from the 19th century which has the peculiarity of being one of the first covered basin models. The purpose of the workcamp will be to restore the paving. You will dismantle the existing paving, sort the pavers, carve stones, make a new paving and work on the joints.

Leisure activities: The municipality and its inhabitants wish to offer a unique experience to you. After working hours, you are free to discover the local heritage and to explore the region through the different hiking trails as well as activities proposed by the inhabitants which will be the perfect time to share your culture with them. Let's not forget the citadel of Besançon and of course the traditional international dinner!

Accommodation: In an old school room. You will sleep on camp beds in a common room. A kitchen will be available to the group. Bring a sleeping bag.

Location: Between Besançon and Vesoul. 17 km from Vesoul.

**Description of Workcamp:**

Project: This summer, the town of Torcy is hosting the fifth edition of the 'Festi'Val Fraicheur', an urban cultural festival, organised by local youth associations, which showcases performances of music, graffiti and break dancing. The aim of this festival is to promote the expression of cultural diversity, to create links between different generations of people and to encourage young people to engage with their community.

Work: As a volunteer in this camp, you will work with local young volunteers from various partner organisations to help to prepare the park where the festival takes place. The work will first consist in making the venue accessible and safe to all, as well as attractive and comfortable. You will also help to promote the festival in the local community and act as stewards for the public during the festival itself. After the event, you will help to clear the site of the festival and celebrate the end of the project with the local partners!

Leisure activities: You will have the opportunity to meet many other young people from the community of Torcy and its surrounding areas. Some activities will be organised with the support of local partners and associations. You will also be able to arrange other activities according to the opportunities and the available budget.

Accommodation: You will sleep on mattresses in a local gymnasium. Please bring a sleeping bag with you.

Location: Approximately 30km east of Paris.

Closest train station: Torcy RER

**Description of Workcamp:**

Project : Concots is a charming stone village typical of the Lot region, near the majestic Lot valley, in the middle of a well preserved pristine, green environment where the sun shines brightly during the summer, the cicadas sing happily and the spirit is free to venture off on the dirt roads, the valleys, the hills and the rivers. In this wonderful setting that shelters about 400 people, Concots is well worth the visit, and that is without even taking into account its warmth and welcoming people.

In 2015, a strong local desire to stimulate the village and its surroundings by rehabilitating different places gave way to the first workcamp with Citrus (Solidarités Jeunesses in Midi-Pyrénées) in 2015. The participants of this first project had the opportunity to work on the shared garden and to meet the generous residents of Concots, forming such strong relations that the locals now await impatiently your arrival for this second project, which will be centered on the creation of a green theater to host cultural events.

Work : First, we will conduct a clearing job to uncover the old road that leads to the town, allowing us, then, to rebuild the low dry-stone wall, that will serve as bleachers. In doing so you will be introduced to the traditional stonewall building technique of the region. It will also be necessary to make the place suitable to hold a scene on a play. During the three weeks of the workcamp, you will also have the opportunity to restore low stone walls and wells both in and around the town.

Leisure activities : You will be able to take part in the summer festivities and to take advantage of Quercy's natural and cultural heritage : Lot Valley, walks, biking, canoeing, visits to Saint-Cirq-Lapopie, Limogne-et-Quercy, Cahors and other remarkable sites in the area. Exchange activities with local associations might also be planned in order to share cultures in an interactive way. Meeting with residents and visiting farms to taste local specialties will also be a significant element of the stay.

Accommodation: In a hostel in Concots, comprised of rooms for the dormitories, two dining rooms, two kitchens, restrooms and a garden.

Location: Concots, 120 km Northeast of Toulouse, between Cahors and Brive-La-Gaillarde.

**Description of Workcamp:**

The project: In the Saintois territory, the horseshoe-shaped hill of Sion reaches 542 meters above sea level. It dominates the plain of Lorraine and offers an infinite panorama on the old traditional orchards. On the south side, the visitor discovers the vestiges of a fort built by the count of Vaudemont. Reconstructed in 1741, the basilica of Sion celebrates the cult of Mary which is the object of pilgrimages even today. A Virgin overhangs the impressive tower of 45 meters high.

Works: In the entrance of the village of Vaudémont, we still find the very present tracks of the former path of guard and staves. Our construction plan is the maintenance of the path by the clearing, as well as the reassurance of this one. You will build a protection gate with recycled materials.

Activities: On your arrival, leaders will propose several activities; but your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group and things are planned within the group.

Location: This site is the most visited in Meurthe et Moselle, it is the object of a quite particular attention because it shelters numerous vestiges but also protected species... You will work with numerous associations really involved in the protection and the animation of this site which can host several thousands of people in a week-end!

Accommodation: In a building, with beds, on the site of the Colline de Sion.

Nearest big town : Sion

**Description of Workcamp:**

The project : Palaiseau fortification was built from 1874 to 1879 to defend Paris against the Prussian army during the war. It is one of the 18 fortifications built all around Paris in this period. Batterie de la Pointe is one of the two branches of this Fort, volunteers will participate in its restoration.

Works : Volunteers will participate to restore part of the building, they will learn the technique of old buildings and restoration. Warning : it is the beginning of this restoration, restoring the entire fortification will take several years of work.

Activities : At the heart of the plateau, volunteers will be halfway between city and countryside, bicycles will be provided to discover places. Near Paris and Versailles you will participate in an original and alternative tour of the capital. In cooperation with the facilitators and the group of volunteers you plan your spare-time and leisure activities.

Location : We are currently building this project with the city. Some work may be modified, it depends how fast it progress.

Accommodation : Volunteers will be host in tents in an hold farm, with a big garden and a place where you can cook and eat.

Special Requirements : Each volunteer will have the opportunity to make a traditional meal of his country, so bring recipes. The team working on the site in the year will discover its many activities.

**Description of Workcamp:**

The project : The castle of the Avant-garde, presents an interesting plan, with still massive square towers, many internal arrangements, but it is surprising because of the fragility of his walls. The long-term objective is to highlight this castle by integrating a discovery route, one viewpoint indicator and a space scenography.

Works : The workcamp consists in the consolidation of the walls and the resumption of a part of the rampart between the towers. The middle term objective is to resume this whole rampart. It is for use as bottom and as set to the project of open-air theater aspired by Pompey's City hall.

Activities : On your arrival, leaders will propose several activities; your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group !

Accommodation : In a tent, close to the site.

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

The project : Inside the Natural Park of Chevreuse Valley, you will contribute to the project of valorization of the remarkable site of ¿Vaux de Cernay¿. Since three years, volunteers participate in development and management of this property. Between streams and stone bridges, this unique place can relive the ancient history of the 17th century millers and landscape painters of the 19th century. This is definitely an historic site, you will be accommodated in a very special house whose history will surprise you. You will live with the other volunteers and participate to work activities and everyday life activities. A work leader and a camp leader will be there with you all along the workcamp. You will live a great adventure in the heart of this remarkable patrimony heritage which is the Chevreuse Valley.

Works : Volunteers in the continuity of the 2015 construction, fit out the Petit Moulin Park. There will be masonry with lime, creating nesting boxes for bats, weeding works and excavations on the remains of mill. The entrance to the site is also planned by the beautification of a pond and entrance stairs.

Activities : The Regional Natural Park of the Upper Chevreuse Valley offers a perfect setting for cycling or walking, castles and abbeys are essential halts in the region. Near Paris and Versailles you will participate in an original and alternative tour of the capital and villages of the valley. In cooperation with the campleader and the group of volunteers you plan your spare-time and leisure activities. You could for example discover fishing, bird watching, picking and a variety of other outdoor activities.

Location : The Vaux Cernay field represent 1/5th of the surface of the classified site of the Chevreuse Valley. This provide a high level of natural and landscape preservation (Biological Reserve NFB forest, Natura 2000 site). The presence of mills of great historical interest, waterfalls, the nearby Abbey of ¿Vaux de Cernay¿ classified historic monument, give the site a very important heritage interest. Little Mill is the keystone of the whole site. His opening to the public, the proposed of new activities allow the redeployment of visitors to this tourist popular in Chevreuse Valley, and the preservation of natural areas bordering the Abbey.

Accommodation : Volunteers will be staying in a cottage with its special history, it will be told on arrival. The dormitories of 2 and 4 people room, a large kitchen, a fireplace and a large garden.

Special Requirements : Each volunteer will have the opportunity to make a traditional meal of his country, so bring in recipes. The accommodation is not the same as the location of the site, way in minibus will be daily.

Final Date: 29/08/2016

Min Age: 18

Max Age: 30

Places: 2

**Description of Workcamp:**

The project The National Stud institution of Rosière aux Salines will welcome you at 15 minutes from the city of Nancy. There, you can discover equestrian activities and learn renovation techniques of old 'hippomobile' cars.

Works: The volunteers will have two main missions: renovation and environment. The team will renovate the Honour Saddlery. Works will concern the maintenance and the restoration of the woodworks, the painting of the saddlery room, and volunteers might also experience how to work the leather.

The environmental part will be in cooperation with the association l'Atelier Vert. Volunteers will create a green path and do some other works in the countryside. They will also help out with the development of the Festival Sauvage.

Activities: On your arrival, leaders will propose several activities; but your ideas are welcomed and everything can be discussed. So be imaginative, the workcamp is a place for having fun! We don't expect you to do activities on your own, you will live an experience in a group and things are planned within the group. Do not forget it!

Location: The stud farm of Rosières aux Salines is a well preserved site, offering numerous activities around the horse. It is also a centre of pre-production, training and hosting of equine artists.

Accommodation: You will be hosted in a building, not far from the site.
