SPECIAL REMARKS/EXTRAS:

Meeting Point and Time: in the front of PALAISEAU station at 3:00 pm.

REQUIREMENTS:

English: Places for 17 years old are really limited (maximum 2, an international and a French volunteer). Not recommended for wheelchair because the work site and life site are not accessible. Français: Les places pour les mineurs sont très limités (maximum 2, un international et un français). Malheureusement les sites d'hébergement et de travaux ne sont pas accessibles aux fauteuils roulants.

DESCRIPTION OF WORKCAMP:

English: Palaiseau fortification was built from 1874 to 1879 to defend Paris against the Prussian army during the war, it is part of the 18 fortifications built all around Paris in that period. Batterie de la Pointe is one of the two branches of this Fort, volunteers will participate in its restoration. Français: Le fort de Palaiseau a été construit de 1874 à 1879 pour défendre Paris contre les armées Prussiennes pendant la guerre, il fait parti des 18 forts construits tout autour de Paris à cette période. La batterie de la pointe est un des bâtiments de ce Fort, les volontaires participeront à sa restauration.

English: Volunteers will participate to restore part of the building, they will learn the technique of old buildings and restoration. It is the beginning of this restoration, restoring the entire fortification will take several years of work. Français: Les volontaires participeront à restaurer une partie du bâtiment, ils apprendront les techniques de bâti ancien et de restauration. Attention la restauration n'en est qu'à ses débuts, il ne s'agira pas de refaire la totalité du fort qui demande plusieurs années de travaux.

English: A team is working all the year in this place. Works and some leisure activities are planned with them. Français: Une équipe travaille à l'année sur le site, les travaux ainsi que des activités de loisirs seront organisés avec eux.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

English: At the heart of a plateau, volunteers will be halfway between the city and countryside, bicycles will be provided to discover the area. Near Paris and Versailles you will participate in an original and alternative tour of the capital. You plan your spare-time and leisure activities with the facilitators and the group of volunteers. Français: Au cœur du plateau les volontaires seront à mi-chemin entre la ville et la campagne, des vélos seront à disposition pour découvrir les lieux. La visite de Paris sera au programme avec un parcours insolite pour découvrir la ville et la vie Parisienne de manière insolite et différente. Les loisirs et activités seront choisis en coopération par les volontaires et les animateurs.

ACCOMODATION/FOOD:

English: Volunteers will be hosted in tents in an old farm, with a big garden, barn and a place where you can cook and eat will be available. During the camp you'll have the opportunity to show off your culinary skills by initiating other volunteers with typical dishes from your region. Meals, like all daily activities will be carried out collectively. We will favor local and seasonal products that are at the heart of our eco-citizen approach. Français: les volontaires seront logés en tentes à la ferme des Granges de Palaiseau, un barnum et une cuisine seront à disposition. Vous serez amenés au cours du séjour à montrer vos talents culinaires en initiant les autres volontaires aux plats typiques de votre région. Les repas, comme toutes les activités du quotidien seront réalisés collectivement. Au maximum nous privilégierons les produits locaux et de saison qui sont au cœur de notre démarche éco-citoyenne. - THING TO BRING:

SPECIAL REMARKS/EXTRAS:

Meeting Point and Time: Pompey from 10:00 a.m

REQUIREMENTS:

English: Not recommended for wheelchair because the work site and life site are not accessible. Places for 17 years old are really limited (maximum 2, one international and one French). Français: Malheureusement les sites d'hébergement et de travaux ne sont pas accessibles aux fauteuils roulants. Les places pour les mineurs sont très limités (maximum 2, un international et un français).

DESCRIPTION OF WORKCAMP:

English: This will be the second and consecutive year that an international workcamp is set up on this site. In the Mid-term the objective is to work on all the rampart to make it the background of an open-air theatre as the town hall of Pompey wishes. Français: Deuxième année consécutive de mise en place d'un chantier international sur ce site, venez continuer les travaux commencés et faire le lien avec la population et les associations. L'objectif du chantier étant à moyen terme de reprendre l'ensemble de ce rempart afin qu'il serve de fond et de décor au projet de théâtre de verdure ambitionné par la Mairie de Pompey.

English: The workcamp consists in the rehabilitation of a part of the rampart between the towers 8 and 10. It implies taking off all the herbs and plants around, careful listing of the stones and reconstruction and solidification of the chosen part of the rampart. Français: Le chantier prévu consiste en la reprise d'une partie du rempart entre les tours 8 et 10, impliquant un temps de dé-végétalisation, de recensement minutieux des pierres et de reconstruction et solidification du rempart en question.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

English: Pompey is 10 minutes away from Nancy, city of the Duc Stanislas and his mythical Place Stanislas, on the top 5 of the most beautiful square in the world. It is 1h30 away from the capital, Paris, in high-speed train. The workcamp is just next to a tree-climbing park and other leisure activities. Come and enjoy the contacts with the local associations and people. Français: Pompey se situe à 10 min de Nancy cité du duc Stanislas, avec sa mythique place, classé dans le top 5 des plus belles places du monde. A 1h30 de la capitale, Paris en train à grande vitesse. Venez apprécier les nombreux contacts avec les associations locales et la population, très présente. Le chantier se situant juste à coté d'un parc d'accrobranche et de nombreuses autres activités de loisirs.

SPECIAL REMARKS/EXTRAS:

Meeting Point and Time: Vezelise train station from 10:00 am

DESCRIPTION OF WORKCAMP:

English: The colline de Sion - or colline de Sion-Vaudémont - is a hill located in the Saintois land in the south of the Meurthe-et-Moselle department, in the Grand Est region. It is 540m high, making it the highest spot of the Moselle slopes. Thanks to its history, its pilgrims and its topography it is a major place of tourism in Meurthe-et-Moselle. Français: La colline de Sion, ou colline de Sion-Vaudémont, est une colline située dans le pays du Saintois, dans le sud du département de Meurthe-et-Moselle, en région Grand Est. Culminant à une altitude de 540 mètres, ce qui en fait le point le plus élevé du relief des côtes de Moselle, la colline de Sion, de par son histoire, son pèlerinage et sa topographie, est un lieu majeur du tourisme Meurthe-et-mosellan.

English: In the entrance of the village of Vaudémont, we still find the very present tracks of the former path of guard and staves. Our construction plan is the maintenance of the path by the clearing, as well as the reassurance of this one. Français: A l'entrée du village de Vaudémont, on retrouve encore des traces très présentes de l'ancien sentier de garde et des douves. Notre chantier prévoit l'entretien de ce sentier par le débroussaillage ainsi que la sécurisation de celui-ci par l'ordonnement des déchets de taille en barrières.

Places for 17 years old are really limited (maximum 2, an international and a French volunteer). Français: Les places pour les mineurs sont très limités (maximum 2, un international et un français).

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

English: The colline de Sion-Vaudémont is one of the rare Europe sites keeping up to thousands of years of civilisations. Sion must have been populated for at least 4 thousand years, which way before the creation of the oldest cities of France. Sion is 25 minutes away from Nancy, city of the Duc Stanislas and his mythical Place Stanislas which is the top 5 of the most beautiful square of the world. It is also 2 hours away from the capital by high-speed train.

Discovering the vineyards will be part of the activities. Français: La colline de Sion-Vaudémont constitue un des rares sites en Europe qui à une mémoire archéologique correspondant à plusieurs millénaires de peuplement. Sion est occupée depuis au moins quatre mille ans, bien avant la fondation des villes les plus anciennes de France. Sion se situe à 25 min de Nancy cité du duc Stanislas et sa mythique place classé dans le top 5 des plus belles places au monde. A 2h de la capital, Paris par le Train à Grande Vitesse. La découverte des vignes sera de la partie.

DESCRIPTION OF WORKCAMP:

English: Madaleine's mountains are located in the north of the Central Massif, whose the highest picks's elevation is 1164 meters. At the heart of the forest, the association "Le syndicat mixte des Monts de la Madeleine" enhances the forest paths to develop tourism, and to carry out some actions to protect the regional environment which is classified as "sensitive regional heritage". Français: Les monts de la Madeleine sont situés au nord du Massif central, qui culminent à 1164 mètres d'altitude. Au cœur de la forêt, une association "Le syndicat mixte des Monts de la Madeleine" met en valeur des chemins de randonnées pour développer le tourisme et mener des actions de protection de l'environnement de ce site classé "patrimoine naturel sensible".

English: You will take part to the touristic promotion of the forest path at the heart of the forest. Tasks consist in strimming, cleaning and rebuilding drystone walls (traditional construction) which delimit the path. Français: Participez à la valorisation touristique d'un chemin de randonnée au cœur de la forêt. Les travaux consistent à débroussailler, nettoyer et à reconstruire des murs en pierres sèches (construction traditionnelle) qui délimitent le chemin.

English: Nights can be cold, do not forget to bring a warm sleeping bag. Bring games, music, recipes or typical ingredients from your region or country to share with the rest of the group ! For the working part, bring adapted clothes and security shoes. The rest of the equipment will be provided. Français: Les nuits peuvent être très fraîches: n'oubliez pas de ramener un sac de couchage et des vêtements chauds ! Pensez à ramener des jeux, des musiques, des recettes, des ingrédients de cuisine typique de votre région ou de votre pays pour les partager avec les volontaires ! Pour le chantier, emmenez des vêtements adaptés et des chaussures de sécurité. Les autres équipements vous seront prêtés.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

English: It is a beautiful hilly area (around 1000m high) with wonderful views over volcanoes and mounts of Auvergne. Its lovely rural villages are made of stone and wood houses and have a very rich built heritage (bread oven, chapels, castles). It is perfect for hikes, by foot or by bike, or for canoe in the rivers or swimming in the lakes, according to what the campleaders can propose you. Your campleaders will prepare games and activities but you will be invited to propose and create your own activities. Be creative ! Français: Saint Nicolas est situé dans le département de l' Allier, dans la région Auvergne. C'est une très belle région vallonnée (1000 d'altitude) et très boisée, qui offre des points de vue magnifique sur les monts d'Auvergne. Ses petits villages ruraux sont faits de maison en pierre et en bois et offrent un patrimoine bâti très riche (four à pain, chapelle, château). Cette région est un terrain de jeux idéal pour les randonnées à pied, en vélo ou en canoë, ou en vous baignant dans les lacs selon les propositions faites par l'équipe d'animation. Vos animateurs vous prépareront des jeux et des activités mais vous inciteront également à proposer et à construire vos propres animations en fonction de vos envies. Soyez créatifs !

ACCOMODATION/FOOD:

English: Accommodation is in tents (2 volunteers per tent) in a local camping or in a bed and breakfast. Volunteers will manage the tasks of daily life in teams (shopping, cooking, cleaning). Français: L'hébergement se fait sous tente (2 personnes par tente) dans un camping municipal ou dans un gîte (bâtiment en dur). La vie quotidienne est assurée par les volontaires (courses, préparations des repas, ménage). - **THING TO BRING:**

CBF02 Bringing local heritage to life 10/07/2017 - 30/07/2017 CONS 18-30 y.o. 8 internacional + 3 local vols The project : It's been many years now that the local authority of this territory is hosting an international workcamp every summer on one of its local village mainly to renovate some local heritage. This year the project will be organized in Saint Gilles Vieux Marché. The idea is to renovate a wash house and organize some events in the site, for example on Saturday July 22th, a Fest-Noz, which is a musical and traditional dance party will be organized. Local people are very much involved in the work and the hosting of the workcamp. They are waiting for you and ready to give you a warm welcome. Works : You will have the chance to participate in the construction of a new roof above an old wash house : carpentry and roofing. Some works will be done on scaffolding, so this project may not be suitable for people who are scared of heights. Location : The village of Saint Gilles Vieux Marché is located in the heart of the Bretagne region which is bordered by the Atlantic Ocean and the English Channel. This region is known for its wonderful natural richness and its great cultural heritage. Accommodation : in tents Nearest big town : Saint-Brieuc Nearest airport : Paris ou Rennes Nearest Train station Terminal : Saint-Brieuc For seekers of nice landscapes

DESCRIPTION OF WORKCAMP:

Come to discover Saubusse, a charming village surrounded by the Landes forest. Saubusse history is marked by water. It is an ancient trade harbour, lying on the shores of the Adour River and bordered by several tributary streams. This year the work will mainly be about cleaning the Jouanin stream from invasive weed, but also about some little renovation works on the reception hall.

The Jouanin stream needs a serious cleaning to avoid invasive weed to destroy the natural habitat of several species. These invasive weeds are stopping the natural flow of the water and the evacuation of the sediments. This is causing floods during which the municipality suffers serious damage. The cleaning will be done by hands. You will also participate in the local village life by renovating the reception hall of Saubusse, mainly doing little works.

Bring a warm sleeping bag, working clothes, gloves and shoes, warm and rain clothes and a flashlight. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Saubusse (1000 inhabitants) it's a charming village located in the Landes department, 30 kms from Bayonne and 20 kms from the Atlantic Ocean beaches.

ACCOMODATION/FOOD:

You will be staying on the municipal stadium. Tents for 2 will be provided. Please bring your sleeping bag. There will also be a collective tent for cooking and collective life. You will share collective tasks and prepare meals as a group. You will also have to manage a budget pro-vided by the group facilitators and participate in grocery shopping, giving priority to healthy and local foods.

DESCRIPTION OF WORKCAMP:

The Langoiran municipality, embedded between cliffs and water, is part of the Gironde department. By participating to this workcamp youll contribute to the preservation of its heritage by renovating a wash-house in order to open it again to the public.

Supervised by a technical leader and a group life leader of Concordia, you will continue the work started last year. You will work with wood to build the framework and will set the roof tiles. You will also be invited to participate in the local traditional celebration, the Saint Pey, which will take place the last week end of the workcamp, and to run some stands.

Bring a sleeping bag, working clothes, hiking shoes, warm clothes and a raincoat. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents, you should expect basic collective life conditions. The group will be sharing the cleaning chores and preparing meals together.

LOCATION:

Langoiran is a municipality located on the Garonne shores around 20 km from Bordeaux.

Extra Fee:	0 EUR		

DESCRIPTION OF WORKCAMP:

Latresne is a nice village close to Bordeaux along the Garonne River, offering nice green areas and several old buildings, testimonies of a rich heritage. Latresne municipality asked Concordia to help them preserve a part of their heritage. The aim is to renovate the tower of the "Maison des associations", where several community groups such as music, tennis or even oceanography are organised. A second aim will be to create links between local youngsters and international volunteers.

The old building hosting the community groups needs several renovation works: you will strip the tower of its coating and then grout it with traditional masonry techniques. You might also have to cut some stones depending on the condition of the stones under the coating. Please note that the work will be done on scaffolding.

Please bring a sleeping bag, working clothes, sport shoes, warm and rain clothes, a flashlight, a swimsuit and sun cream. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents. You will have access to a room for cooking and collective life. You will be staying in the building used by the tennis or music associations. In case of bad weather you will have access to "La maison des associations" premises. The area will provide you open air living rooms to enjoy your free time out in the sun. The group will be sharing the cleaning chores and preparing meals together. - THING TO BRING:

LOCATION:

Really close to Bordeaux, Latresne is a town along the Garonne River with several old building, quite lively, just next to the Entre-Deux-Mers. For more details please see: <http://www.mairie-latresne.fr/tourisme/patrimoine.php> This area is well-known for its vineyards between Garonne and Dordogne. Not too far south are Marmande and Langon, to the West Bordeaux, Libourne in the North, and Bergerac in the East. You will be charmed by the ancient cities, the mills and castles around.

Meeting point: In Bordeaux, at the Stalingrand tram station a few stop after Bordeaux train station..

DESCRIPTION OF WORKCAMP:

If you have what it takes to be a leader, if you love children and want to find out how a festival is organised, this workcamp is for you! Each year, the town of Riom organises the festival "My summer in Cerey". The main goal of this event is to offer free activities to those who aren't able to go on holiday. The organisation is very family-friendly, in a spirit of meeting and sharing where everyone can forget their differences. For ten days, sports, recreational and cultural activities will be run by the town of Riom and local associations. For the fourth year in a row, an international work camp will contribute to the organization of this festival. It will be up to you to organize activities that will take place every afternoon. You will be able to really enjoy this event, see shows in the evening and spend plenty of time with the local population.

You will arrive a few days before the festival in order to meet the local team and get a first impression of your new environment. During the event, you will be in charge of welcoming the public, tending a soft drinks stand and helping people with different activities such as a zip wire, trampoline and inflatable attractions. Finally, you will help taking down the structures at the end of the festival. This work camp needs a great deal of commitment from the volunteers as the festival takes place during ten days. Your aim is to engage in all these activities so that everyone can relax, have a good time together and meet new people! You will be accompanied by two camp leaders throughout your stay.

Please bring good shoes, working clothes and your swimsuit. As the nights can be quite cold, remember also to bring warm clothes and a sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Riom on foot, by bike and by minibus. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated in the Pierre Robin stadium, which is a 5 minute walk from the festival and 10 minutes from the town Centre. You will sleep in two-person tents and group life will take place under a marquee. A kitchen, changing rooms, showers and indoor toilets are available on the stadium premises. The stadium will be entirely reserved for the workcamp and closed to the public. You will participate in the preparation of meals. You will be able to have your own barbecues and invite young people from Riom to spend time with you! People from Riom will lend you bikes for getting around the town.

LOCATION:

Riom, an access point for Auvergne's volcanoes, is a close-knit community and a nice place to live in. Located only 7 minutes away by train from the region's capital, Clermont-Ferrand, Riom is a town that is brought to life by the many activities that are available during the summer: concerts, street shows, swimming in lakes and swimming pools, high-ropes challenge, hiking etc. Riom is a lively town that will make you love the Auvergne region! For more information have a look at: <http://www.tourisme-riomlimagne.fr> and <http://www.ville-riom.fr>.

SPECIAL REMARKS/EXTRAS:

In a center for person with special needs, behave respectfully

DESCRIPTION OF WORKCAMP:

The aim of this work camp is to transform a soulless park into a pleasant area in which to relax! Located at the heart of the town of Aubusson, "Le Méris" social center aims to involve its physically disabled adult residents in social activities. This will be the first time a group of international volunteers stays at the center. You will be there to participate in improving the residents' living environment by transforming a park into a pleasure garden, in which the residents will be able to maintain a vegetable garden and create a sensory garden over time. The aim of this workcamp is to encourage you to meet and exchange with the other volunteers, the residents and their families by working together on a project that is useful to the community! You will meet with other local organisations and young people living in the town outside of working hours. This will all take place during a pleasant summer month, perfect for living and spending time in Aubusson!

The center's educational team would like the residents to reinvest their park, in which they will be able to get back in touch with nature. Your aim will be to transform this area into a welcoming garden. In order to do this, so many small tasks will be awaiting you that it will be difficult to choose between them! You could put up a permanent wire fence; paint balusters, a bike shed and the outer walls of the pavilion; cut the hedge and repair the greenhouse and garden shed etc. You will also have to remove the breeze blocks, hutches and concrete borders that are spoiling the area. Under the instruction of a technical leader, these tasks will help you gain further experience in using tools and looking after green spaces and small buildings.

During this workcamp you will be working with physically disabled adults. We expect you to behave responsibly and respectfully and adapt to the residents and professionals at the Méris center. Bring work clothes, walking boots and a backpack. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Aubusson by foot and car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for them, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will stay in a social center for young disable workers in Aubusson. The living conditions of your stay will be especially comfortable as each volunteer will have his/her own bedroom, shower and toilet. As well as having access to a kitchen, you will be able to use a large activities room, weights room, TV/reading area, laundry room, computer room and a sports room with pool table, ping pong table and table football. WiFi is available throughout the building.

The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. During the week, you will eat lunch with the residents in the canteen at the Méris center. You will get around on foot between the center in which you are staying, the worksite and Aubusson's town centre.

LOCATION:

Aubusson is located in the Creuse department, which is one of the wilder French departments in terms of nature and is located within the "Millevesches" regional nature reserve. Here you will find an area in which nature has been protected and many hiking paths, lakes and outdoor activities, all just a stone's throw away from the town. As this is the international capital of tapestry, you will be able to meet people who make tapestries by hand and discover the history of this traditional craft. Aubusson is also a lively town and during the summer you will enjoy discovering its historic centre and traditional alleyways, relaxing on the shady terraces of the town centre's bars and going to concerts and shows organised by the Tourist Office. For more information visit: <http://www.adapei23.asso.fr> and <https://www.tourisme-aubusson.com>

DESCRIPTION OF WORKCAMP:

For seven years now, international volunteers have been restoring Pont-du-Chateau's terraced gardens. The site has already changed a great deal. You too can participate in this big project! Located near the natural river Allier, Pont du Château is a town that wishes to bring nature into the city through sustainable management of natural areas. Former terraced gardens are gradually being redeveloped and managed as ecological gardens by international volunteers. Your task on this project will be to reconstruct the walls that border the terraces. This eighth international workcamp in Pont du Château will let you discover its medieval town and share friendly moments with its inhabitants. During your stay, you will meet volunteers from other international work camps staying in Pont-du-Château.

This summer we are giving you the chance to restore the outer stone wall. The coating is falling off and there are large cracks in the wall. Your work will consist of reinforcing the wall and thus making it look more appealing! Working alongside a technical instructor, you will learn traditional building techniques using lime mortar, how to rebuild a stone wall and apply a natural coating. All the work will take place in an area rich in natural resources, not far from Allier River. You will be accompanied by two camp leaders throughout your stay.

Please bring good shoes, working clothes and your swimsuit. As the nights can be quite cold, remember also to bring warm clothes and a sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Pont-du-Château on foot and by minibus. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will sleep at the local site in two-person tents (please bring your sleeping bag). You will have your meals and showers in the stadium, which offers a large living space in a calm place near the river. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes using good products from the market and local producers. The entire stadium will be available to you and closed to the public.

LOCATION:

Pont-du-Château is a lively town which looks over the river Allier. The town is proud of its natural surroundings and the area is great for walking. The castle is in the heart of the town and offers a remarkable view over the agglomeration of Clermont-Ferrand city and the Auvergne volcanoes. This charming market town, full of tiny alleyways, timber-framed houses and remarkable buildings is full of wonderful surprises for visitors. Clermont-Ferrand, the capital of the region, is located 15km away and can be reached by train. You will be welcomed by local organizations who will offer you a whole load of activities to do during your leisure time: for example kayaking, hiking, swimming, dancing, learning how to play boules, accordion classes, badminton, basketball, football etc. For more information have a look at: <http://www.pontduchateau.net> and <http://www.planetepuydedome.com> Meeting point: PONT-DU-CHÂTEAU train station..

Scaffolding.

DESCRIPTION OF WORKCAMP:

Imagine yourself restoring a little chapel from the 11th century, nestled on top of a hill in a wild valley, far away from any roads or civilisation... Saint-Pal-de-Mons is a charming little town and the gateway to the Velay, a region of extinct volcanoes interspersed with valleys. For several years, the town council has been running a project to maintain and showcase local heritage for visitors. You will follow in the footsteps of previous international volunteers who have come from all around the world for five consecutive summers to participate to this project. This year, you will work on the site of a small, isolated Roman chapel in a very beautiful valley that can only be accessed by foot. The local population and young people will be a great help to the workcamp and time will be spent getting to know each other during celebrations, leisure activities and when exploring this region that is rich in natural heritage.

Your mission will be to rebuild the roof of the chapel. You will work alongside a technician specialised in traditional building methods in order to mend cracks on the outside of the chapel and to consolidate the top of the walls on which the new framework will be based. To do this, you will be accompanied by a specialised company. You will participate in the realisation of a big « human chain » with the inhabitants in order to bring all the materials needed for the workcamp to the chapel. Various restoration works might also be proposed such as the traditional rehabilitation of the walls surrounding the washhouse.

Work will take place on scaffolding. The work site will better suit to people who like nature and walking. Bring working clothes, walking boots and a swimsuit. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Saint-Pal-de-Mons on foot and by car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will sleep in two-person tents in a park located in the centre of the village, closed to the public, with use of a building made available by the council for social purposes (fully-equipped kitchen, dishwasher, large dining room). When the weather is good you will eat your meals outside. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

LOCATION:

Saint-Pal-de-Mons (2,000 inhabitants) is located in the Haute-Loire district of Auvergne, 60km North of Puy-en-Velay and 30km from Saint-Etienne. It is a very beautiful region of medium-sized mountains (800 metres above sea level) with a very natural landscape made up of beautiful valleys. You will have the opportunity to take part in outdoor leisure activities (Hiking, picnics and swimming in the river and Lavalette Lake, rail-biking or even a high ropes course), sharing football games and barbecues with the local team, and visiting towns such as Puy-en-Velay and Saint-Etienne. You will be able to attend different shows throughout your stay. For more information have a look at: <http://www.ot-lepuyenvelay.fr/> Meeting point: SAINT-PAL-DE-MONS bus station..

	Female Places: 6	Disabled Places:	0
Extra Fee:	0 EUR		

DESCRIPTION OF WORKCAMP:

Blesle's annual music festival is celebrating its 16th birthday. Participate to the festival's most exciting moments, from setting up the venue to celebrating the festival's closing evening with fireworks and a brass band! With a backdrop of old stone buildings, the association which organizes the festival wishes to treat the audience with a special musical experience. In a welcoming and family-friendly atmosphere, around 30 groups and more than 100 artists will be invited to perform in several locations during 3 days (from August 11th to 13th). The program is eclectic and open to the wider public: concert, jam-sessions, "musical walking tours" and workshops. The volunteers will arrive early in order to help with the organization of the festival and to reinforce the international dimension of this event. The festival will take place in a particularly charming environment (Blesle is one of the most beautiful villages in France).

You will participate in different activities together with a group of other festival volunteers. You will help with the logistics before and after the event: setting up and dismantling the stages. You will make the decoration of the festival. You will raise awareness of sustainable development (construction of dry toilets). You will also welcome the artists as well as the visitors during the festival and be in charge of the car park, catering of the artists and the stands "Refreshments" and "Catering» for the public. You will be accompanied by two camp leaders throughout your stay.

Some basic French is necessary. Bring work clothes, walking boots and a backpack. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Blesle village on foot. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be sleeping on mattresses, on the mezzanine level of the municipal gymnasium in Blesle, which is located in the centre of the town. The group activities will take place in the gymnasium, which is entirely reserved for the group. You will have access to the gymnasium's changing rooms, showers and toilets. The group will be sharing the cleaning chores and preparing meals together. Midday meals will be shared with the other festival volunteers. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

LOCATION:

Blesle is a village with 600 inhabitants and is located in the Haute-Loire Department (Auvergne region). It is located 70 km away from Clermont-Ferrand city, in a very beautiful valley called Allagnon. The town is full of charms, with remarkable historical and architectural features, and it has been voted as one of the most beautiful villages in France. It is especially popular with tourists and is a friendly and calm place where you can experience life close to nature without being too far from local amenities. For more information, you can take a look at: <http://aperos-musique-blesle.com> and <http://www.tourismeblesle.fr>. Meeting point: Arvant train station..

		Max Age:	30
Total Places:	2		
	Male Places:	Vegetarian Places:	1
	Female Places:	Disabled Places:	1
Extra Fee:	0 EUR		

DESCRIPTION OF WORKCAMP:

The village of Artonne is rich of a very important built heritage including listed monuments witnessing the importance of the borough during the Middle Age. It also has a remarkable collection of mansions and private castles, many dovecotes, vineyard huts and a network of fountains and crosses. Artonne even obtained the quality label of small city with character in 2016 and takes part in the famous most beautiful village of France competition. The municipality is therefore in a heritage restoration process to safeguard the vestiges of its past, to showcase for its residents and visitors and to improve the aesthetic appearance of the town in general. To do so, the inhabitants opened for the first time last year their villages doors to international volunteers and are impatiently waiting for you!

You will resume the restoration of a typical lime kiln started last year by international volunteers. This one was abandoned for many years: vegetation invaded the building and the furnace collapsed. The facade wall started being rebuilt in 2016. This year you will resume the building of a concrete block wall which will be covered with a stone facing. Depending on the time remaining, you will also participate in the restoration of the furnace chimney. Accompanied by a technical instructor, you will learn traditional building techniques.

Working on heights possible, on mason trestles. Bring working clothes, hiking boots and a backpack. The nights can be cool; so take warm clothes and a good sleeping bag. You can also take recipes from your country, musical instruments and games. You will get around Artonne on foot and by car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will sleep under two-place tents around the stadium of the village. The sanitary facilities (shower and toilet), the locker room and cooking space will be provided for the group of volunteers. Meals can be taken outdoor when the weather is nice and under a marquee installed on site. In case of rain, you can use the village hall located in the town. The group will be sharing the cleaning chores and be preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes using good products from the market and local producers.

LOCATION:

Artonne is a town of about 800 people located in the wine-producing Limagne region, between the cities of Limagne and Combrailles. The village has kept its original identity of "Balcony Village" coiled mid-slopes. The green surroundings of the village include protected natural areas. At about 30 km north of Clermont-Ferrand, its wine producing region offers many opportunities for hiking, canoeing and kayaking and swimming in lakes. Concerts and shows in Riom will also punctuate your stay. For more information have a look at: <http://www.tourisme-riomlimagne.fr/>. Meeting point: Riom train station..

DESCRIPTION OF WORKCAMP:

For six summers now, international volunteers have been coming to Davayat village to learn how to build with stones and lime mortar, to discover the region and share meals with the community. Concordia has been participating in the renovation of Davayat's former lime kilns since 2011, working alongside with a local organization called Cynorhodon 135, set up by friendly volunteers. You will see how much the work has progressed! This year again, the organization's volunteers are looking forward to showing you their region. You will share friendly moments and good meals with the inhabitants.

This is a very important year, because you will finish building the outer walls of the kilns! Your goal will be to rebuild the west-facing outer wall, the east-facing outer wall and the kiln's decorative top. The work will be varied and there will be plenty to do! Supervised by a technical instructor, you will learn traditional building techniques using local stones and lime mortars.

Bring working clothes, walking boots and a backpack. Nights can be chilly, so bring warm clothes and a good sleeping bag. You can also bring recipes from your home country, musical instruments and games. You will get around Davayat on foot and by car. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

In tents built for 2 (bring your sleeping bag) in the village near the leisure center. Access to toilets, shower facilities, a kitchen and two rooms of activities in the leisure center nearby. When the weather is good you will eat your meals outside. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers. On the first evening, you will be welcomed by the locals who will have prepared local culinary specialties for you!

LOCATION:

Davayat is a big village in the Auvergne region situated on the plain of Limagne, at the foot of the volcanic mountains. Situated at around 20 km north of the city of Clermont-Ferrand, it is a wine-producing region which offers many hiking opportunities, canoe/kayak trips and swimming in the lakes. Your stay will also include seeing concerts and shows in the town of Riom. For more information have a look at: <http://www.ville-davayat.com> and <http://www.tourisme-riomlimagne.fr>.

Cycling

DESCRIPTION OF WORKCAMP:

Come to animate the hamlet of the Temple, historic location which hosted the Knights Templar in the 12th century! For his fourth international workcamp, Carentoir wishes to animate this charming hamlet. The Temple is a small village in the municipality. All consultations are organized with residents in the only trade area, the restaurant-bar. An opportunity to experience the local culture and make unforgettable inter-generational meetings.

The work is about traditional masonry. Some parts of the wall got damaged and have to be rebuilt to the top, respecting the surrounding walls.

The workcamp site is about 3 Kilometers far from the accommodation. We will walk or use bicycles to reach it. Whatever the season in Brittany, you have to bring warm clothes (trousers, sweater; socks, closed shoes, rain clothes) and light ones (skirt or shorts, t-shirt, open shoes). We say here that all four seasons can take place during a day! Please also take with you working clothes, gloves and shoes in addition to your best swimsuit. Bring a warm sleeping bag and an insulated camping mat as nights are sometimes fresh and wet. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

Volunteers will be accommodated in the local camping, in a wooded park, in tents for 2 (bring a warm sleeping bag and comfortable camping mat). Collective life will take place in a room made available to the group. The different collective tasks (cleaning, cooking) will be managed by the group itself. Shopping will be done together with the camp leader and meals should be prepared favoring local healthy products.

LOCATION:

Carentoir (around 3000 inhabitants) is in the Morbihan County. This is a charming little town that has a rich history including a Templar church built in the 12th century. The town's territory is much extended and the site will take place precisely in the hamlet of Temple, where stands the former Templar Commandery. There are several hiking trails in the town. You can also visit the Farm World, a park with animals in semi-freedom and a village of old Bretons professions. Every summer is held the largest open-air photography festival in France in the neighboring town of La Gacilly.

DESCRIPTION OF WORKCAMP:

Come and help us restoring a 6km hiking trail! You will be doing the sign marking and the naming of the paths. Come and discover a verdant small village, hiding nice hiking paths and the remains of a rich and original artistic past. Saint-Cyr-sur-Morin is located a hundred kilometers from Paris. The municipality offers you this workcamp about environment and wood working. You will be doing the sign marking of the hiking trail and the pyrography on the wooden information panels along the trail. Activities to discover the surrounding area and cultural visits will be organised for you, to make your experience the richest possible!

With a technical leader, your main task will be to sign mark the hiking trail placing different wooden posts and to do pyrography on wooden panels to name the different paths along the trail. You will also have the possibility to work on other tasks such as building insect hostels to be set along the paths. You will lead different workshops about culture and environment for the inhabitants of Saint-Cyr-sur-Morin, proposing playful activities in order to share and discuss your experiences and your culture with them.

Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes and a sleeping bag. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country

ACCOMODATION/FOOD:

The accommodation will be under tents, in the garden of a house in Saint-Cyr-sur-Morin. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with healthy produce from the market and local producers.

LOCATION:

Located just two hours from Paris, you will be immersed in the heart of a small village of the region Ile-de-France. Saint-Cyr-sur-Morin is located in the Seine-et-Marne department, which is formed of several natural regions like Brie and Gâtinais. In the village you will find: the Pays de Seine-et-Marne Museum, the house of the writer Pierre Mac-Orlan, the Auberge de l'oeuf dur, an old Parisian cabaret that used to host many artists in the beginning of the 20th century and is now being renovated, and a roman gothic church guarding different relics of the past. DESCRIPTION OF WORKCAMP:

If you love boats, this is the workcamp for you! Come to take part in the renovation of the outside of a barge moored on the banks of the Seine. This barge hosts an association: L'Arche de l'espérance, a lively and friendly place, for reflection, creativity and initiative. Located West of Paris region, this barge has a surface of around 250m2 and welcomes various activities all year round: writing workshop, arts lessons, language exchange, movie projection, etc.

Guided by a team of workcamp leaders, you will participate in the renovation of the outside of the barge: cleaning, sanding and painting. You will also take part in the installation of the signage of the association. You will organize moments to share with Triel-sur-Seine's residents.

As you will be accommodated in a barge, it is mandatory to know how to swim! Remember to bring warm and waterproof clothes and shoes, and a good sleeping bag. The nights can be chilly! Plastics boots could be very useful, they would allow you to not slide when you clean the pontoon.

ACCOMODATION/FOOD:

The accommodation will be on the barge, in the lower level. You will share the various daily collective tasks with the other volunteers. The workcamp leaders will be given a budget and you will take part in the shopping and the preparation of meals, favouring local and healthy products.

LOCATION:

The barge is located in Triel-sur-Seine, West of Paris. Its largest part spreads out on the hillsides of Hautil, one of big forests of Ile-de-France. This municipality is close to Saint-Germain-en-Laye, to the Palace of Versailles and is situated an hour from the centre of Paris by the train.

SPECIAL REMARKS/EXTRAS:

Scaffolding.

DESCRIPTION OF WORKCAMP:

In the heart of Gascogne countryside, birthplace of the famous D'Artagnan, you will be charmed by Bassoues, a small medieval fortified village surrounded by its ramparts. The first thing that strikes you while entering the village for the first time is its splendidly preserved 43 meters high donjon, dating from 1371. A village with typical medieval features with its fortifications and Saint Fris's legend, between myth and reality. The village is listed by the departments of Historical Monuments: perfect for nature and heritage lovers! The village wants to revive the actions of voluntary work together with the inhabitants; this international workcamp is an ideal opportunity for it!

You will renovate an outer wall in the village, which is weakened by the roots invading it. First you will consolidate it by removing the vegetation and then you'll seal it with coating and mortar, using traditional construction techniques.

Please note that you will have to work on scaffoldings. Bring working clothes and shoes (waterproof if possible, in case of rain). Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc. Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents around a soccer stadium with access to changing rooms, toilets, shower and the kitchen of the clubhouse. You will participate in the preparation of the meals giving priority to local products. - THING TO BRING:

LOCATION:

Culinary specialties, hiking on the paths to the castles and fortified towns, medieval villages, the proximity of Lupiac's lake and the city of Auch, etc. From Bassoues, Gers region is yours! Bassoues is a charming small village on the road of ancient fortified villages. It is also close to the city of Marciac, famous for its international Jazz festival. Multiple cultural and sports activities are available: bal-musette or disco, outdoor cinema, fishing, rugby, local meals, hiking, theatre evening, tennis...

DESCRIPTION OF WORKCAMP:

Sansan is a charming small village in the hilly department of the Gers, full of historical treasures! In the center of the village, on the right shore of the Gers and at the foot of the fossiliferous hills lies the church of Saint Michel, with a bell tower coming from the Roman era. The rest of the church was destroyed and reconstructed in the XIXth century. The top of the village is the famous fossil site of Campané, which was searched by the paleontologist Édouard Lartet until 1847. It is registered on the national Inventory of the Geologic Heritage as a site of international level. This site is the most important continental site of the Mid-Tertiary period (approximately 15 million years), and it is probably one of the three most famous places of the world among paleontologists! The Gers is also known for its numerous hiking trails, one of them leading to this site putting the village in the heart of modern paleontology. This is where you come into play, to help these treasure becoming more accessible and welcoming for all!

You will rehabilitate a hiking trail invaded by the vegetation. The path passes by a farm building dating the XVIIIth century, also in ruin, and leads to a paleontological site. Your work will consist in making accessible the hiking trail and in cleaning the accesses of the farm building as well as the paleontological site.

Bring working clothes, gloves and shoes (if possible waterproof in case of rain). Take both light and warm clothes. Bring a warm sleeping bag and trekking shoes. Do not hesitate to bring specialties from home, photos, games, music instruments.... Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and be reimbursed once back home.

ACCOMODATION/FOOD:

You will be accommodated under tents with access to changing rooms, toilets, shower and a kitchen. You will participate in the preparation of the meals giving priority to local products.

LOCATION:

The municipality of Sansan is situated in the area of Auch, in the valley of the Gers. It is 14 km South of Auch and 4 km North of Seissan. Historically Sansan was part of the territory of Astarac. In the center of the Gers, Sansan is close to lakes like Saramon 15km away, or the one of Mirande 20km away, and particularly close to many summer animation present every year: the night-markets, festivals of jazz, rock, circus, the outdoor cinemas... You will not miss opportunities to enjoy the region: sailing, canoeing, kayaking, riding cycling...

DESCRIPTION OF WORKCAMP:

Like a haven of peace in a natural landscape, Bagneres-de-Bigorre is a small town at the foot of the Pyrenees Mountain with many fountains around the village. By venturing into the valley, we discover the natural fountain of Saint Blaise, known for decades in all the area for its numerous curative characteristics. We can drink it just as we can take a bath into it. There are also some hidden natural sources for the most curious. Bagneres-de-Bigorre is also known for the former marble exploitation, you can find examples in the Uzer s house and the Jeanne d Albret s house, both registered as historical monuments. This summer, Concordia starts the rehabilitation of the Vallon du Salut that will last for several years. Locals are looking forward to meeting you

You will rehabilitate the river banks of the) Vallon du Salut i, renovating the walls guiding the Aygo Tebio river bed. You will follow a traditional technique using dry stones and clay. The) Vallon i was the first thermal park of the city, where the flora and fauna are quite remarkable. Many inhabitants go to this park, be ready to meet local population.

ACCOMODATION/FOOD:

You will be accommodated under tents in a campsite, with access to a kitchen, toilets and showers. You will participate in the preparation of the meals giving priority to local products.

LOCATION:

Bagneres de Bigorre is a city of waters in the Pyrenean Piedmont, crossed by the Adour River. It is at the foot of the) Pic du Midi in Bigorre i (2876m high) overhung by an astronomical observatory. This municipality has the specificity to be a site of natural thermal sources of hot water, with numerous attractions. It s a territory which by its architecture, landscapes, and gastronomic resources presents a real interest. It is a very dynamic town during the summer, due to the numerous festivities which are proposed: the Festivals Week-end des Arts de la Rue and Piano Pic among others. The nearby Caves of Medous, are an interesting local curiosity. It is a nice little city with shops and bars but also very close to the nature.

DESCRIPTION OF WORKCAMP:

Little village in the Massif of Pyrenees, between mountains and rivers, Montgaillard has enough to amaze you! Montgaillard takes its name from the hill situated on the West of the municipality. This one supports the oppidum of "Eras Puyolas" built by the Romans. On this little mountain was built the church of Saint Hilaire. Just like numerous houses in the village, the city hall with its grey stone frames and its monumental fireplaces corresponds to the typical architecture of the valley. The remains of a landscape formerly very marked by agriculture, reveals a whole system of irrigations and water control, offering to the municipality an important hydraulic heritage due in particular to the presence of ancient mills. Numerous washhouses punctuate the streets of the village, one of them is situated on the shores of Adour, letting appreciate the view on the oldest bridge of the village: the bridge of the Devil. It is the first time the "Montgaillardais" host international volunteers, they are looking forward to meeting you! You will restore a washhouse and a well from the XIXth century, located in the heart of the village. Both are falling apart and the aim of the workcamp is to rehabilitate these two constructions while respecting their former shape. You will participate in demolition works and restoration of lime coatings and use traditional techniques of construction for the well. You will also straighten the washhouse, build a low wall in pebbles inside it, and create a deviation to bring the water down to the drinking trough. If you have time left after all this, you will be able to fill up the wall surrounding the alley leading to the church, with lime mortar and pebbles.

ACCOMODATION/FOOD:

You will be accommodated under tents on a field behind a municipal building, 200m of the work place. You will have access to toilets and showers located inside the building.

LOCATION:

Montgaillard is a small municipality of the Hautes-Pyrénées, in the High Bigorre countryside. It is located in a plain, at the entrance of the valley of Haut-Adour and is crossed by the river Adour and numerous smaller rivers like the Doulostre or the Gailleste.

You will find the cookie factory Védère which today revives the old railroad line Tarbes-Bagnères thanks to the opening of a coffee shop and a bakery on this one.

Since 1998, every summer an outdoor festival of music named "Truca Taoules" is organised, enjoyed by numerous inhabitants of the valley.

SPECIAL REMARKS/EXTRAS:

Motivation Letter

DESCRIPTION OF WORKCAMP:

You will work with the Emmaüs community in Escalquens, in the Midi-Pyrénées region. The secular solidarity movement of Emmaüs was born in 1949 to help people in need. Under the leadership and example of the Abbé Pierre, the compagnons have been working all around the world in order to help deprived people to find security, dignity, autonomy through work and mutual support. They collect all kind of objects (furniture, clothes, household appliances etc.) in order to fix them up and resell or recycle them. The profit from the sales is used to help people in need and to encourage people to get involved in this solidarity approach.

You will work in the Bric a Brac with the Companions of Emmaüs and the volunteers: recycling, sorting, renovating, and selling many different objects, and preparing meals for around thirty people...

You need to write a motivation letter in order to apply to this workcamp. You will live with the Compagnons which may come from difficult backgrounds; they are spending a year in the Emmaüs facilities as part of their integration process. They usually had previous professional or social difficulties, related to their age, health or highly unstable situation. You will share the same place and therefore the same rules will apply to you in order to live all together. You will work mornings and afternoons (about 6/7h a day), help prepare meals and clean the place. Your days off will be Sunday and Monday. During the day, you will share the companions life and will be between volunteers in the evenings or time off. Outsiders are not allowed outside working hours, alcohol is forbidden on the facilities with no exception.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Consider taking work clothes and shoes (waterproof if possible, in case of rain). Bring a warm sleeping bag and a good camping mat (sleeping in tent), nights are sometimes fresh and wet. Tents will be provided but you can also bring your own. Do not hesitate to bring specialties from home, photos, games, music instruments, etc.

Foreigners belonging to the European Union must bring their personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will stay under tents on the site of Emmaüs Escalquens. You will have access to the bathroom and showers. You will share meals with the Companions. You will organize yourself in order to keep the facilities clean and to prepare meals.

LOCATION:

You will decide together on what to do during your free time and organise with the locals in order to encourage communication with the young locals. Escalquens (6000 inhabitants) is located at the gates of the Laurageais area, between sunflower covered hills and small houses. In this beautiful setting you will find a bridge from 1772, a pink brick castle from 1568 in the city center and a 14th century church. At the Cousquille crossroads, you will find local shops and the Sunday market. During your days off, you can reach Toulouse in less than one hour by bus. Toulouse is a beautiful, innovative, cultural and dynamic student city famous for its rich heritage. In the area, you will get to discover villages, castles and wine estates, together with the UNESCO World Heritage "Canal des Deux Mers".

DESCRIPTION OF WORKCAMP:

Riscle, a small dynamic village situated in the Gers opens its doors this summer. It is a municipality in a very charming frame, part of the vineyard of Côtes-de-Saint-Mont, fruit of a protected heritage. The municipality counted five churches. The most known, the Gothic Church Saint-Peter dating from the XIIth century, is classified as "Historic Monument" since 1974 with its monumental staircase and its golden wooden statue, which was offered in 1638 by Anne of Austria queen of France. Nevertheless, this Church doesn't outshine the others. This summer Concordia will restore one of them dating from 1850. A small discreet church, situated at the exit of the village is asking for our attention.

You will clean and protect the walls of this small church and its sacristy, invaded by the ivy. You will rehabilitate the wall of the sacristy using traditional techniques of masonry. You will rebuild the roof of the church which was never finished and put a framework. These works will allow the completion of this building that is long-awaited by the population.

Bring working clothes, gloves and shoes (if possible waterproof in case of rain). Take both light and warm clothes. Bring a warm sleeping bag and trekking shoes. Do not hesitate to bring specialties from home, photos, games, music instruments....Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and be reimbursed once back home.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Riscle, 1829 inhabitants, is situated in the valley of Adour surrounded by three departments: Landes, Pyrénées Atlantiques and Hautes-Pyrénées. From the village, you will enjoy the view of the Pyrenees. In addition to the hikes, you can visit the cities of Mont-de-Marsan, Pau and Tarbes that are close by. Although it is a small municipality, Riscle does not miss energy thanks to an active associative life, which offers multiple activities all year round to its inhabitants. In particular in the summer, the evening called "Eating in the banks of the Adour" with meal, conviviality and fireworks. Too warm? Nothing better than the leisure center of Plaisance du Gers situated close by. The Gers being the department of wine and Armagnac, you will not miss opportunities to visit vineyards nearby or also for example the Castle of the Terms of Armagnac. The Gers is waiting for you!

ACCOMODATION/FOOD:

You will be accommodated under tents around a gymnasium with access to cloakrooms, toilets and showers as well as a kitchen and a place for daily life. It is situated 1 km from the work place. You will participate in the preparation of meals giving advantage to local and seasonal products.

LOCATION:

RISCLE.

Archaeological site. Cycling.

DESCRIPTION OF WORKCAMP:

If you are interested by archaeology, this workcamp is for you! It is the 5th year of partnership between Concordia, the Sarthe department and the city of Aubigné-Racan. Aubigné-Racan is a lovely city near the Loir's river and it spreads over 3203 hectares with 2112 inhabitants. A very important part of Aubigné's heritage is the Gallo-Roman complex composed of a theater, a temple, thermal facilities and markets built in the second half of the 1st century. This archeological site, property of the Sarthe department, is one of the most beautiful sites of the Pays de la Loire region. This area is very rich in built heritage and natural discoveries. You will discover archeology through the explanations of an Archeologist from the CAPRA (Center of Archeological Prospection and Research of Allonnes) about the Gallo-Roman history of Aubigné and about the wild life. You will take part in the local festivities: July 14th parade and fireworks, lightening of the old city called "Nuit des Chimères", discovery of the local heritage, hiking.

Like the four previous workcamps, you will be restoring a part of the archeological site: weeding and restoring the low walls using traditional masonry.

You will be cycling on a daily basis to go from the city to the workcamp (4km). Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you have your own!). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be staying in a collective accommodation under tents (2 to 3 volunteers per tent) in a field with toilets and bathroom in a local football club building. Meals will be taken there. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

LOCATION:

Aubigné-Racan is located 40km south from Le Mans, 15 km west from the Château du Loir. Meeting with inhabitants will be organize to exchanges services. For more information, have a look at:

Accommodated under huts. French and English speaking

DESCRIPTION OF WORKCAMP:

Want to renovate a place of artistic activities for the population? This is the right place! We have been organising this international workcamp each summer for 12 years in partnership with the association "Un Pas De Côté". This association develops cultural and artistic activities on the site of the Cultural Domain of Aubance in St Lézin. The renovation going on for more than 10 years has made it a lovely bucolic place, useful for a lot of activities (festivals, artistic workshops, children's camp). It used to be an important place for activities for locals before the association started using it. This workcamp is rooted in the life of the village. You will meet with volunteers of the associations and the inhabitants of the village. You will also experience the life under circus tent and the link with the other artistic activities of the association. You will decide of the daily organisation: the goal of the project is also to experiment group life in self-management (choice of the organisation of daily life, the budget, the leisure activities...). You can also experiment an eco-friendly lifestyle: local and bio products, composting, dry toilet ...

You will continue the renovation of the Cultural Domain that started more than 10 years ago. You will renovate the façade of a building thanks to traditional and ecological masonry techniques and will also perform some carpentry works. The work is accessible to all without previous experiences.

Bring good shoes, working clothes and warm clothes for evenings. Bring a camping mat and a sleeping bag. Bring your enthusiasm and your "joie de vivre". More informations : <http://unpasdecote.asso.fr> Facebook : Un Pas De Côté. It is a French and English speaking project! Come to test your French through meetings with the population.

ACCOMODATION/FOOD:

You will sleep in huts built of ecological materials. You will have access to the toilets and showers of a sports hall. The collective life and cooking will take place under an inner courtyard. You will also have a room for activities, offices, and a circus tent where you stay. Daily life tasks and cooking will be self-organised by the group. We work with locals producers for the food.

LOCATION:

St Lézin is a small village (800 inhabitants) of Maine-et-Loire County between Cholet and Angers and 80 km far from Nantes. It's possible to discover these cities during your stay. Leisure activities are organized by the group according to the budget. Visiting some cities or discovering the banks of the Loire, bathing, canoeing... It's up to you. A lot of cultural events take place in this period: concerts, festivals ... The association can also propose various artistic activities under the circus tent: circus arts, Brazilian percussions, theater ... For musicians, we can lend you many instruments. (drums, piano, guitar...) Meeting point: Chemillé train station..

Small scaffolding. Cycling.

DESCRIPTION OF WORKCAMP:

In the heart of Pays du Haras, in the department of Orne, come to discover the tiny village of Authieux-Du-Puits. Perfect workcamp for nature lovers! Last year, a workcamp took place in a village 5 km far from theirs, and the inhabitants of Authieux-Du-Puits wanted to live the same experience! Enthusiastic about hosting their first international workcamp this year, the 72 inhabitants, highly involved, will host you with open arms to make you discover the Normand culture and their remarkable natural environment. They are really looking forward to meeting new people with rich and diverse cultures. For this first year, we will work on the restoration of the village's church facade. The exchanges between locals and volunteers are guaranteed: you can be sure that you will enjoy the jovial atmosphere of this village! Normand cooking specialties, hiking, discovering national stud farms etc. From Les Authieux-Du-Puits, the Orne welcomes you!

You will take part in the restoration of the church facade. Two leaders will supervise the work and introduce you to traditional techniques: masonry works, using lime mortar, repairing joints...

You will work on small scaffoldings; you should therefore be able to work in heights. Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you own one!). Don't hesitate to bring specialties from your place, photos, games, music instruments, etc. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You are going to sleep under tents, by 2 or 3 (bring your mattress and your sleeping bag). The cooking and living spaces will be under a large tent. The sanitary facilities (toilets and showers) will be available at the inhabitant's places. The group will be sharing the cleaning chores and preparing meals together. The budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers.

LOCATION:

Les Authieux du Puits is located 50 km North-East of Alençon.

Small scaffolding

DESCRIPTION OF WORKCAMP:

Beginner or advanced: you are interested in ecology, in sustainable development, organic farming? Come to discover or rediscover environmentally responsible tools and practices. By participating in this workcamp you have the possibility to experiment, to live for 3 weeks following eco-friendly principles. You will have the opportunity to renovate a former manor in masonry with natural materials, to meet market gardeners and to support them in their activities, to cook with local and organic products, to bake bread, to build an earthenware oven, to make yourself your cleaning products for the workcamp ... You will find out a responsible consumption by giving priority to local products. You will discover a very beautiful environment: hedgerows, marshes, seaside, heaths...It is the 4th time that Concordia organises an international workcamp with the Cotentin and the Bessin Marshland Regional Nature Park. Located in the south of the Cotentin's peninsula, this wide surface of marshland polders hosts a unique fauna and flora. The Park's House proposes touristic information, exhibitions and animation in the aim of discovering natural and architectural heritage. Around this place, you will have the opportunity to hike, sail boats, discover the local and environmental heritage and enjoy animations. This workcamp is a part of a long-term project. This is an old farm built with homemade mud bricks, owned by the Manche region. This place is now used for the trainings organised by the Regional Nature Park about homemade mud bricks building.

Continuing last year's work, you will take part in the restoration of the farm frontage. Two leaders will supervise the work and introduce you to traditional techniques: masonry works, using lime mortar, repairing joints...

The workcamp is focused on ecology, historical heritage and nature. We wish to host volunteers interested in eco-friendly practices or wishing to discover eco-friendly consumption. You may work on small scaffoldings; you should therefore be able to work at heights. Please bring gardening gloves, good shoes and working clothes. As the nights can be quite cold, remember also to bring warm clothes. Don't forget to bring a sleeping-mat, a warm sleeping bag (and a tent if you own one!). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be staying in a collective accommodation under tents in a field, the toilets and bathroom will be in a building. The meals will be taken in the building. The group will be sharing the cleaning chores and preparing meals together. You will buy most of your supplies directly from local and organic producer.

LOCATION:

60km south of Cherbourg and 20 Km north of Saint-Lo. For more information about the park: www.parc-cotentin-bessin.fr

DESCRIPTION OF WORKCAMP:

Participate in the embellishment of the Pelissanne's public garden, charming typical Provençal village nestled in hills with intoxicating scents, lulled by the song of the cicadas... The public garden of the veterans, bordered by two water courses, is located in the center of the town, so you will be in the heart of the festivities and the village life. By participating in this work camp, you will contribute to the valorization of the municipality's green spaces, which wishes to apply for the contest "Cities and Villages in bloom" in order to get a second flower. You will also be initiated to environmental techniques of brush clearing and maintenance of streams. You will discover the local fauna and flora as well as technics of construction of wooden street furniture.

Several actions are planned in order to wide weight range of activities: - Creation of a pedagogical path on the flora of the park with carved wooden plates. - Creation of urban furniture in wood (jardiniere, benches). - Rehabilitation of the "Petite Touloubre", banks and river bed cleaning.

Please bring: working gloves and shoes, casual clothing, hat/cap, sunglasses, sun cream and mosquitos repellent and your swimming suit. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated in the community hall provided for the group. Bring your sleeping bag and your sleeping mat. You will share the different collective tasks and prepare meals together. The budget will be managed with your camp leaders and you will participate in the grocery shopping and the preparation of meals, favoring the local and seasonal products.

LOCATION:

Pelissanne is a little town of Provence. There are 10 000 inhabitants throughout the year but the town attracts a lot of tourists during the summer. You will enjoy visiting its historical center, its 16th century belfry, the Pelican's Fountain, and olive oil mills! Located less than 50 Km from Aix-en-Provence, Arles, Avignon and Marseille, you will have a huge choice of discoveries in your free time. You will also enjoy the summer activities of the little town (like bullfighting) and its well-known Sunday market. For more information about the village and its surroundings, please visit: <http://www.ot-massifdescostes.com/fr/PELISSANNE>

DESCRIPTION OF WORKCAMP:

Toutencourt is a small village of 500 inhabitants on the North of Amiens. In the heart of the village there is a « feudal clod » which means the ruins of a Middle Age castle. Archeological excavations took place and brought to life the importance of the site. In partnership with the tourism office of Pays du Coquelicot, the village of Toutencourt and local associations, your task will be to enhance this area in order to develop visits and tourism.

Various tasks are planned: construction of a stone well coping, cleaning and brushing around the ditches and staging the routes of the former walls of the Castel highlighted by the archeological excavations.

Bring working clothes and shoes. For the accommodation under tents, bring your sleeping bag and floor mat. Please feel free to bring some food specialties, pictures, musical instrument: things you like and want to share with the group and the local community! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents and will use the reception hall, with all equipment (dishwasher, oven...), for the daily life. The group will be sharing the cleaning chores and preparing meals together.

LOCATION:

Toutencourt is 20km North of Amiens, in the heart of battlefields of WW1. For more information: <http://www.paysducoquelicot.com/> and www.toutencourtmemoireetculture.asso-web.com

DESCRIPTION OF WORKCAMP:

It's the 8th workcamp hosted by this municipality in Oise County, at the edge of the Chantilly and Ermenonville forests. Thiers sur Thève wishes to receive volunteers and contribute to the valorisation of its heritage and the local life's animation through the rehabilitation of its church. It is a small town with 2 shops, surrounded by forests: a green workcamp! Every year, several inhabitants mobilize to offer the best welcoming to the volunteers and make them discover local assets. A small training workcamp will be organized in May 2017 to prepare the main work.

This year we will work in two different areas: • On the church, you'll have to finalize some little works on the choir, on a cornice...to give back its splendour to the church. • On the wall of the cemetery, that was built around the same time as the nave of the church, you'll have to remove the joints and joint the walls as they used to do in the past, using traditional techniques with lime. If necessary, there will be stone cutting.

Remember to bring clothes for the manual work and closed shoes. Bring your sleeping bag and if you prefer sleeping under tent, a floor mat. Please feel free to bring some food specialties, pictures, musical instrument: things you like and want to share with the group and the local community! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

Volunteers will be accommodated at the municipal hall with equipped kitchen (oven, dishwasher...). You will be able to sleep under tents or use camp beds to sleep on the municipal hall, as you prefer. The group will be sharing the cleaning chores and preparing meals together.

LOCATION:

Thiers sur Thève is located in the "Oise Pays de France" Regional Nature Park, near the Val d'Oise County and city of Senlis. You'll be at the heart of Chantilly forest, its famous castle and stud farms, close to Paris.

DESCRIPTION OF WORKCAMP:

In the heart of Audomarais marsh, the Coastal and Lake Shore Conservatory, a public body in charge of the protection of endangered natural areas in France, has just acquired a former 120 hectares farm. They are willing to involve international youth to highlight this natural zone. The international workcamp is expected to valorise this place. The marsh is in the heart of an area classified as biosphere reserve by the UNESCO and is listed as RAMSAR site, important wetland. Youth services are associated to the workcamp and activities such as boat excursions are already planned.

There will be 2 areas of works: - In the farm: with local technical teams you will help collecting and sorting out waste left by the former owner in order to recycle them (wood, tyres, scrap metal) and you will clear the areas from bushes (cutting elderberry for example). - Around the farm: there is a former water mill from the 18th century. We need your help to clear surroundings (cutting elderberry, brambles); pick up and select stones and bricks in order to reuse them later.

Please note that you will walk a lot during this workcamp! Bring working clothes and boots. For the accommodation under tents, bring your sleeping bag and floor mat. Please feel free to bring some food specialities, pictures, musical instrument: things you like and want to share with the group and the local community! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

scaffolding.

DESCRIPTION OF WORKCAMP:

In the heart of the town there is a former chapel named St Germain tower. This chapel needs to be renovated in order to be transformed into a musical, exhibition and associative place. Moreover this international work camp is part of the will of the City Council to organize activities throughout the year for young people of the town. Locals are expecting you, there will be various activities to make you live a memorable work camp.

You will make traditional masonry around the tower: recovery of joints of the walls, picket, repointing, a few bricks to change, etc...Warning: you will have to work on scaffolding.

Please note that you will work on scaffoldings. Remember to bring clothes for the manual work and closed shoes. Bring your sleeping bag and a floor mat. Please feel free to bring some food specialties, pictures, musical instrument: things you like and want to share with the group and the local community! SPECIAL REMARKS/EXTRAS:

You'll be sleeping in tents in front of the Sports Hall Didier Parpillon, at the Raoul Villot stadium, right by the city center. Bring your warm sleeping bag and mat. The kitchen, toilets, showers, and the collective living space will be inside the Sports Hall, which will also allow the group to shelter in case of bad weather. You will participate in the preparation of the meals in turns. We'll favor the local products and the short supply circuits. Tastings of local specialties may also be organized with local producers.

DESCRIPTION OF WORKCAMP:

In La Motte Servolex everyone has a right to express himself, this is why the municipality wants to renovate a wall on which graphic designers, artists and – why not? – you, could express themselves. Over the years, La Motte-Servolex's workcamp became a landmark into the culture of this small town, located a few kilometers away from Chambéry, capital of Savoy region. You will be welcomed with a lot of conviviality and generosity. With the support of the communal services, you will participate to a collective action for the heritage enhancement, together with locals willing to share with you their knowledge and traditions.

For this 16th workcamp in the community your task will be to disassemble the old wall of expression which had a wooden frame, to create a new one with stronger and more durable materials. Besides, the municipality of la Motte Servolex, actively involved in promotion of sustainable development, proposes you to participate in creation and/or improvement of green areas in the school premises (vegetable growing tables, seed plots, insect hostels, shrubberies...). Between art and nature you will find the ways to express your creativity!

The municipality will provide gloves, reflective jackets and safety glasses for the work. Don't forget to bring working clothes and closed shoes with you. As the nights can be chilly, take a warm sleeping bag with you. Some convivial times will be organized! If you want to share a bit of your culture with the others, bring a piece of your country in your backpack (cooking recipes, traditional tales, unusual objects...). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

LOCATION:

La Motte-Servolex (11 500 inhabitants) is a municipality situated in the Savoy county, in the new Auvergne-Rhône-Alpes region. It's belongs to the Chambéry urban agglomeration, less than 10 km away. Lyon and Genève are situated respectively 1h20 and 1h away from La Motte-Servolex. You'll have access to many leisure activities (open-air cinema, swimming to the Bourget lake, cycling...) in an environment both mountainous and urban. Meeting point: Chambéry-Challes-les-Eaux train station..

DESCRIPTION OF WORKCAMP:

Built in order to protect Albertville from attackers a long time ago, the Fort du Mont is today a remarkable building, which renovation requires a lot of work. The Fort du Mont is an old military fortress built in 1881. It is located 1100 meters above sea level in the mountains overlooking Albertville, a city known for having hosted the Olympic Games in 1992. Today, it has lost its military vocation but remains an important part of the local heritage and is being visited by many tourists, history amateurs and hikers. In order to give a second life to the building, certain parts have to be renovated. This is why the community counts on a dynamic local association and, for a couple of years, on the participation of volunteers during the international workcamps organised by Concordia. Come and join us in the adventure of the renovation of this remarkable building!

Continuing the restoration initiated in 2014, this fourth intervention will allow us to work on the parapet walk, in particular on its dry stone walls, some of which we will have to restore in order to ensure the stability of some shelters. We will also have to clean up the vegetation that has grown around. If time allows, we will probably perform some works inside the Fortress as well.

Remember to bring gloves as well as working clothes and shoes that you don't mind getting dirty. In the mountains, nights may be chilly. Remember to bring a warm sleeping bag and warm clothes. Do not forget sun protection as well (hat, sunglasses and sunscreen). The common living activities will be programmed together with your animators and according to your suggestions! If you would like to share a bit of your culture, (cooking recipes, traditional stories) do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents on the premises of the fort. Bring a sleeping bag. The kitchen, toilets, showers and common living space will be inside the fortress (several rooms available which can at the same time serve as a shelter in case of bad weather conditions). You will prepare meals in turns using the products bought nearby. We will favour the local products and the short supply circuits. Tastings of local specialties may also be organised with local producers (for example cheese from Savoy like Beaufort).

LOCATION:

The Fort is located in the heights above the town of Albertville, which is just twenty minutes away by car. Despite the isolation there are many paths leading to the city and its outskirts and the locals regularly come up to the fort, allowing numerous exchanges with the volunteers. Moreover, the fortress is visited by lots of tourists in the summer period, so meetings and interaction with locals gets even easier. The fort is located 150Km away from Lyon and 130km away from Geneva. The city of Annecy and its famous lake are accessible in less than 45 minutes, offering the possibility of visits, swimming and hiking. Thanks to the support of the community, many other activities will be proposed (hiking, swimming pool, access to Grignon Lake, guided visit to the middle age city of Conflans...).

DESCRIPTION OF WORKCAMP:

Come to discover the Pilat and participate in the construction of a stone and wood structure in the heart of a spectacular wild nature! La Versanne is a small charming municipality located in the Pilat Mounts. Its heritage sites hold an important place in the environment and in the hearts of the inhabitants. The whole municipality is excited at the idea of hosting their first volunteer workcamp. Be part of this lovely human adventure and discover the hospitality of the locals!

During this first workcamp you will work on the construction of a wood and stone structure. The local population and our camp leaders will introduce you into the fields of masonry and carpentry. The result of your work will be a multifunctional structure serving as an informational point for tourists, a shelter for people getting off a bus and a clean area for collecting garbage.

Bring working clothes, gloves and shoes that you don't mind getting dirty. The nights can be chilly, so bring warm sleeping bag and clothes. You will also need sun protection (a hat, sunglasses, sunscreen...). Do not forget your swimsuit! Group leisure activities will be programmed together with our camp leaders taking into account your suggestions! If you would like to share a bit of your culture (cooking recipes, traditional stories, unusual objects?), do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance

ACCOMODATION/FOOD:

You will be accommodated under tents on a land plot in the center of a small hamlet. Bring a warm sleeping bag, nights can be chilly. The kitchen, the toilets, the showers and a space for group activities will be provided inside the city hall. It would be possible to find shelter there in case of bad weather. You will prepare meals in turns out of products bought in spot, we give priority to local products. Tasting of local specialties may be organized by the local producers.

LOCATION:

Land of contrasts, the Pilat unites in a rural area (700km²) natural and cultural heritage sites exceptionally rich and diverse. La Versanne is one of the 47 municipalities of the Park. With a little more than 350 inhabitants, it is a peaceful place ideal to discover the surroundings thanks to a network of hiking trails. Located in the far south of Loire department, the municipality borders the Ardèche department and is very close to the Haute Loire where the mountains of Auvergne open up. Many activities are available in the surroundings (mountain bikes, swimming...).

DESCRIPTION OF WORKCAMP:

In the Loire countryside, an old forgotten wash-house is waiting for you to get back to life! Only the elders still remember this old wash-house. It was a living and meeting place, the last relic from a period when we were taking the time to meet and do things manually. Come and take the time to rebuild this heritage with us, giving its authenticity back. Allow it to regain its place in the history of Neulise, and in the heart of its inhabitants.

For the second year in a row the municipality of Neulise opens its doors to the volunteers from all over the world. You will participate in the renovation of a wash-house dating from the beginning of the 20th century. The roof was restored last year. This year, you will work on the masonry of the basin that was cracked and degraded by time. To make the washhouse accessible to the hikers we will also clear and arrange the surrounding area.

Don't forget to bring working gloves, clothes and closed shoes with you. As the nights can be cool, take a warm sleeping bag with you. Some convivial times will be organized! If you want to share a bit of your culture with the others, bring a piece of your country in your backpack (cooking recipes, traditional tales, unusual objects...). Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will sleep in tents on the municipal football stadium, next to the wash-house. Bring your sleeping bag and mat. The kitchen, toilets, showers, and the collective living space will be indoor, in the sports hall, which will also allow the group to find shelter in case of bad weather. You will participate in the preparation of meals in turns. We'll favor the local products and the short supply circuits. Tastings of local specialties may also be organized with local producers or garden owners.

LOCATION:

Neulise (1 300 inhabitants) is a municipality of the Loire county situated in the north of the new Auvergne-Rhône-Alpes region. The cities of Lyon and Saint-Etienne (French capital of design) are both 1 hour's drive away.

The Auvergne region with its volcanoes is also very close. Located near Roanne, "The Land between the Loire and the Rhône" includes 16 municipalities. It is bordered by the Col du Pin Bouchain (760 m. high) in the east and the Gorges de la Loire in the west. It's a land of low mountains alternating with ridges and valleys where many rivers flow. This land, rich in heritage sites, has everything the lovers of fresh air, vast horizons and beautiful landscapes could dream.

SPECIAL REMARKS/EXTRAS:

Scaffolding.

DESCRIPTION OF WORKCAMP:

Find yourself in the heart of verdant green hills of Forez and participate in the restoration of Saint Roch Chapel by bringing back its forgotten charm. Located in the municipality of Saint Barthelemy Lestra in the Loire region, Saint Roch Chapel is part of the history of this small village and is the pride and joy of its inhabitants. This edifice was built in 1750 in order to protect the village from the epidemic of plague and to pay homage to Saint Roch renowned for centuries for taking care of sick people in public hospitals. Nowadays the Chapel is part of the heritage which the community would like to renovate in order to give it a second life. In 2017 works on the roof and framework will be performed. As a member of a team of volunteers supported by the inhabitants of the village you will participate in the restoration of the exterior walls of the Chapel.

During this first workcamp you will work on outside facades. You will clear the stones from the old layer of plaster in order to coat them with lime later. This way the works will deliver visible results.

Taking into account the type of works to complete, you will work on scaffoldings. You will be working under the supervision of our technical leader who, together with the municipality, will guarantee your security on site. For the work, remember to bring gloves, clothes and shoes which you don't mind getting dirty. Nights may be chilly, bring a warm sleeping bag and warm clothes. Do not forget sun protection as well (hat, sunglasses, sunscreen...). Group leisure activities will be programmed together with our camp leaders taking into account your suggestions! If you would like to share a bit of your culture (cooking recipes, traditional stories, unusual objects...), do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents on a land plot in the heart of the hamlet. Bring a warm sleeping bag, as the nights in the mountains can be quite chilly. The kitchen, toilets, showers and the common living space will be inside a communal hall. You will also be able to find shelter there in case of bad weather conditions. You will prepare meals in turns, using products that will be bought on spot. We will encourage the purchase of local seasonal products as well as short supply circuits. Volunteers might also have an opportunity to taste local specialties provided by local producers.

LOCATION:

Saint Barthelemy Lestra is a municipality of nearly 700 inhabitants. It is located in the north of the Loire department, close to Feurs. Saint Etienne, the city of design, and Lyon, the capital of Auvergne Rhône-Alpes region, are an hour away by car. The village is located in Forez, the territory which boasts remarkable natural landscapes and unlimited opportunities for visits and strolls. This is a land rich in traditions whose hospitable inhabitants will eagerly help you to discover local heritage!

DESCRIPTION OF WORKCAMP:

In the heart of a small hamlet, perched on the mountains, discover the nature in an exceptional way and participate to an original human adventure! On the slopes of the mountain, a serpentine road leads to one of the smallest villages of the Alpes mountains: Oulles en Oisans. This road, built in the sixty's, is the only passable way to reach the valley. It took immense efforts to build it. In the past, the only way to get to the village was a small pathway crisscrossing through rocks and woods. Today this path is almost inaccessible anymore: the roadwork damaged it and the vegetation took over the place. Come and join us in this adventure to bring it back to life, for the pleasure of both hikers and the inhabitants of the village.

For the second year in a row you will be hosted by the municipality of Oulles en Oisans and its hospitable inhabitants in order to take part in the rehabilitation of the path by cleaning up the vegetation that blocks the access (taking out brambles and invasive plants, cutting up dead wood...). In order to make it easy for the hikers to spot it you will clear the path of the route and create some useful facilities for the hikers.

Remember to bring suitable gloves, working clothes and closed shoes that you don't mind getting dirty. Nights may be chilly, bring a warm sleeping bag and warm clothes. Do not forget sun protection as well (hat, sunglasses, sunscreen...). The common leisure activities will be programmed together with your camp animators and according to your suggestions! If you would like to share a bit of your culture, (cooking recipes, traditional stories ...) do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents, on a land in the heart of the hamlet. Bring your sleeping bag. The kitchen, toilets, showers and the common living space are part of the city hall building. You will also be able to find shelter there in case of bad weather conditions. You will participate in the preparation of meals in turn, using products that will be bought locally. We will favor the local products as well as the short supply circuit. Tasting local products is also possible with local producers.

LOCATION:

Oulles en Oisans (4 permanent inhabitants!) is the smallest community of Isère county. Perched at 1,400 meters above sea level it has an amazing view over the vast massifs of the Alps. Bourg d'Oisans is the closest municipality with all necessary facilities. From Grenoble, situated an hour driving from the village, you can access the big cities of our region (Lyon, Valence, Chambéry...) and discover the vast natural territories of the Vercors, Belledonne, Chartreuse or Ecrins massifs. For those fond of nature and hiking the territory offers unlimited possibilities! Mountain bike amateurs will also be pleased...

Meeting point: From the train station of Grenoble take a bus to Bourg d'Oisans. The meeting point is the Tourist Office of Bourg d'Oisans..

Extra Fee:	0 EUR		

DESCRIPTION OF WORKCAMP:

Discover the history of the Silk through this workcamp in the heart of Saint Barthélemy de Séchilienne, a village which heritage tells you the secrets of a production that is still considered to be the wealth of the region. Being the real hub of silk since the Renaissance, the city of Lyon owes a part of the fame of its industry to the work realized in the Romanche Valley, where the first power stations allowed the weaving manufacturers to be supplied in energy. Come and participate in the first workcamp in the municipality of Saint Barthélemy de Séchilienne, aiming at giving value to the site of one of the earliest power stations fed by the hydraulic force of torrents and streams.

To get access to the power station, you will need to clear the area from invasive plants. You will also clean the low part of the canal to facilitate water flow and work to highlight old pylons, made remarkable by their riveted metal structure. On the site there are also some stone walls that need to be rebuilt. To be able to work, bring suitable gloves, as well as shoes and clothes that you won't mind getting dirty. Take with you a warm sleeping bag and warm clothes (and a mat if you need it). Do not forget about sun protection (a hat, sunglasses, sunscreen...) and bring your swimsuit for bathing! Hiking in the mountains will require sturdy hiking shoes.

You will work under supervision of our technical leader who, together with the municipality, will guarantee your safety on the site. Group leisure activities will be programmed together with our camp leaders taking into account your suggestions! You will take collective decisions related to visits and activities during your stay. If you would like to share a bit of your culture (cooking recipes, traditional stories, unusual objects...), do not hesitate to bring a piece of your country in your backpack! Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents placed on the municipal stadium. Bring a warm sleeping bag (the nights may be quite chilly). The kitchen, the toilets, the showers and a space for group activities will be provided in the changing room of the stadium. You will prepare meals in turns out of products bought on site. We encourage the purchase of the local products as well as short circuits. Tasting of local specialties may be organized by local producers.

LOCATION:

The community of Saint Barthélemy de Séchilienne has an incredible history! You can rely on Gilles, the mayor of the village, to paint it for you in colorful details. If you are a fan of history, geology or environment, this workcamp was made for you. Situated on the outskirts of the city of Grenoble, Saint Barthélemy de Séchilienne is on the verge of a suburban area and a mountainous zone boasting many ski stations, for example, the station of l'Alpe d'Huez. You will have the opportunity to discover the territory through numerous hiking paths and through the practice of various outdoor activities (swimming, mountain bikes...). Grenoble is only 40 minutes away. There you will discover one of the most important cities of the Alpes and a model of environmental development.

Meeting point: From Grenoble take the bus of Transière network (line 3000) direction Bourg d'Oisans. Get off at Saint Barthélemy de Séchilienne..

DESCRIPTION OF WORKCAMP:

Located in the middle of the valley of Herault, the small village of Lieuran-Cabrières will charm you by its typical setting. The municipality is composed of a principal borough and a hamlet called the Mas de Roujou located along the banks of a small river, the Dourbie. You'll have the opportunity to discover the beauty of various sites near this place such as the Lake of Salagou, the Dolomitic circus of Mourèze, the ancient Royal Manufactory of Villeneuve (where is organized each year a Festival combining street theater, concerts...) and less than 20 km away, city of Pezenas. The objective of the work camp is to repair a dry stone retaining wall, of which certain parts were damaged by bad weather.

The retaining wall giving access to various terraces is partially collapse. You will continue to rebuild this wall, to support the path above.

Please note that the work might be arduous. Take working clothes, closed shoes, warm clothes, a torch for the evenings, your sleeping bag, protection against the sun (hat, glasses, sunscreen) and your swim suit. You can also bring recipes from your home country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

The village of Lieuran-Cabrières is located in the Hérault County (Region of Occitania) 16 km from Pézenas and 40 km from Béziers. For more information: www.lieuran-cabrieres.com .

ACCOMODATION/FOOD:

You will be accommodated under tent in a camp-site (if you have one, you can bring it). You will have access to a room for cooking and eating. You will participate in the preparation of meals and cleaning chores in turns.

DESCRIPTION OF WORKCAMP:

Protect fauna and flora on the shores of the wonderful Salagou Lake by setting up protection means to secure biodiversity and environmental conservation. The lake is listed by the Natura 2000 network and protected for the beauty of its landscapes and its important biodiversity. This site offers a beautiful setting in the heart of the Hérault county: lying at the foot of volcanic and red rocks hills, this area is one of the most symbolic landscapes of France and recognized all over the world for its geological characteristics. The Natura 2000 label includes a surface of 13 000 hectares in the southeast of the lake. It hosts a great number of animal and vegetal breeds including about 20 species of birds which are endangered at the European level. These birds find their home environment in the diversity of the landscape, in the agricultural or grazed areas, on the cliffs or the shores of the lake. To protect this rich biodiversity the Natura 2000 network set up measures to maintain the land characteristics and to reduce the use of phytosanitary products in vineyards. You will participate in the implementation of biodiversity protective measures nearby the lake.

You will clear and uproot the shores of the lake. You will also take part in setting up other protection measures to secure biodiversity and environmental conservation in the frame of the Natura 2000 network. You will also renovate a dovecote which will become a shelter for bats.

Do not forget your sleeping bag, working clothes, closed shoes, warm clothes for evenings, protection against the sun (hat, glasses, sunscreen) and a swim suit. You can also bring recipes from your home country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

In tents on the lake camping site. Tents will be provided but you can bring your own if you want. Bring a sleeping bag and a camping mat. The group will be sharing the cleaning chores and preparing meals together.

DESCRIPTION OF WORKCAMP:

Vingrau is a beautiful small village located in the middle of the Corbières hills. The area offers many hiking trails with beautiful landscapes. The village is close to the city of Perpignan, the sea the mountains and Spain. You will have the opportunity to discover the surroundings and the prehistoric site of Tautavel listed as world heritage of UNESCO. The ancient church of Vingrau, above the village dates from the 12th century. It's a long term project which will require many years of restoration. The Heritage Foundation is a partner of this project.

You will continue the work started last year on the chapel: cleaning it and removing existing coatings on the walls.

Bring a sleeping bag. Do not forget to bring working clothes and closed shoes. Bring a hat, sun glasses, sun cream and a swimming suit. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated at the municipal hall. You will have access to the changing rooms, showers, toilets, and a room for collective life. The group will be sharing the cleaning chores and preparing meals together.

LOCATION:

Vingrau is located in the South of France, 20 minutes from Perpignan and the Mediterranean Sea.

Meeting point: Vingrau bus station, reachable from Rivesaltes train station..

DESCRIPTION OF WORKCAMP:

Near the village of Colombières-sur-Orb is the departmental site of the Albine, where you will create a biological pond. Nearby you will find the Gorges of Héric where you can swim and even go kayaking. You can also enjoy this typical landscape to hike.

Your task during this workcamp will be to create a biological pond to enable the spawning of Salientia amphibians (salamanders, newts, frogs).

Please bring working clothes, closed shoes, warm clothes, protection against the sun (hat, glasses, sunscreen) and your swim suit. As the nights can be quite cold, remember also to bring warm clothes and a good sleeping bag and mat. You can also bring recipes from your home country, musical instruments and games. Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, bring their insurance certificate. If health issues happen on the project, volunteers will have to pay for it, and then be reimbursed once back in their home country.

ACCOMODATION/FOOD:

You will be accommodated under tents. Tents will be provided but you can bring your own if you want. The group will be sharing the cleaning chores and preparing meals together.

LOCATION:

Colombières-sur-Orb is located in the Hérault County (Region of Occitanie). This village is located in the canton of Olargues. The volunteers will discover the rich natural heritage of this region and various activities (kayaking, hikes?). Your games, songbooks, cassettes, musical instruments and recipes, will be also welcome To make exchanges and encounters easier, please also bring photographs of your home, some postcards, and small gifts.

DESCRIPTION OF WORKCAMP:

After eleven successful experiences with a group of international volunteers together with our association, from 2006 to 2016, the municipality of Leffrinckoucke wishes to host a new group of international volunteers to take part in the restoration of the Fortress of the Dunes , military fort built in the XIXth century. The objective of the municipality is at the same time to develop this site so that it can be visited and used for cultural purpose by local associations and groups of music, and at the same time to create an intercultural dynamics by favouring links between the inhabitants, visitors and volunteers. In the past years, many improvements were made to receive the public (guided visits are organised) : inside with the restoration of several room and in particular one room dedicated to the history of the fortification (interactive map of Dynamo operation) and outside with a secured guided circuit.

With a technical leader, you will work on various parts of the site of the fortress for the clearing of its outskirts, the restoration of the external staircases, the collecting of old paved stones and branches and finally, the clearing of undergrowth in the ditches. This work will be carried ou in small groups. NB: the workcamp will end on Monday August 7th in the morning, volunteers will help prepare and participate in a meeting with associations of the town (Beach Fest), during the weekend of 5th and 6th of August 2017, and will present international workcamps.

NB : chantier ouvert a partir de 17 ans pour les participants francais

ACCOMODATION/FOOD:

Under tents, at the municipal football grounds (stade municipal). Kitchen and showers nearby. We cannot be responsible for you if you arrive before the beginning of workcamp.

LOCATION:

The town of Leffrinckoucke is located at a few km from the The town of Dunkerque. The fortress is at 500 meters from the beach, and at 500 meters from the town of Dunkerque. Buses are available to reach neighbour towns. The nearest train station is in Dunkerque, and many connections are available by TGV to LILLE (35min) or PARIS (2h00). LEFFRINCKOUCKE.

Your games, songbooks, cassettes, musical instruments and recipes, will be also welcome To make exchanges and encounters easier, please also bring photographs of your home, some postcards, and small gifts.

DESCRIPTION OF WORKCAMP:

Emmaus is a association that welcomes marginalised and homeless people, mostly men. They are called companions . The Neuilly Plaisance community (50 companions) with a place where they can live and work. It is a place where people live together in a spirit of solidarity. Some companions live there temporarily while going trough a tough phase in life and the community supports them towards social reinsertion; others see life in the community as an alternative way of life. There are 3 founding principles in all Emmaus Communities: welcoming people (everybody whatever their origin and their past); reinsertion by working (collecting, rehabilitation and sale of furniture, clothing, diverse objects...); sharing and solidarity in the community.

The work will consist into helping the community in the everyday tasks such as: sorting out 2nd hand cloths, sorting out 2nd hand furniture or materials or books- helping into collecting the 2nd hand things in the people house (only strong volunteers can do that), You will participate in a great sell out on 9 and 10th July. Selling the books/cloths/furniture to the public, tidying up the different little shops in the community- finally any mission useful for the well being of the community. Most of the companions have had hard times and harsh experiences. They are often tough people in appearance, who won t talk much at first. Volunteers should be mature, and aware of the difficulty of establishing communication with the companions and of gaining their confidence It is important to keep in mind that it is a social project, so that volunteers have to adapt their timetable to the one of the companions. Volunteers will have to be really motivated because it is a difficult work : they will work from Tuesday to Saturday from 7:30 am till 5:00 pm. Sunday and Mondays are free. Please note that although the project is close to Paris, you will have a limited time to visit the city, due to long working hours which cannot be bargained. If you do not agree with these conditions please do not apply. As extra activity, you will create an exhibition on the topic of tolerance, together withthe companions. Your creative talents will be needed

some knowledge of French language appreciated ; minimum age 20

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Town of Neuilly-sur-Marne, departement de Seine-St-Denis (Ile de France). Possible activities : walk along the Seine, visit of Paris (at your exepense), of Vincennes, activities ti be organised with the companions.

ACCOMODATION/FOOD:

To facilitate communication and integration, volunteers will take all their meals with the companions at the restaurant of the community. Volunteers will be hosted in basic conditions : they will sleep in a prefabricated building and share the shower and the toilets of the companions. The consumption of drugs and alcohol is strictly forbidden

SPECIAL REMARKS/EXTRAS:

50 EUROS EXTRA FEE

REQUIREMENTS:

Remember to bring a sleeping bag, warm clothing (a sweater and a raincoat), a bathing suit. For work, pack old clothes and sturdy and closed footwear (sandals not valid for work). Extra fee to pay on arrival at the camp : 50 euros.

DESCRIPTION OF WORKCAMP:

Couvre Feu is an active and socially involved association, it wishes to develop and promote culture in rural areas by organizing concerts and festivals around contemporary music. Each year it organizes the Couvre Feu festival. The 16th edition will take place from 25, 26 et 27 August 2017 a Frossay (44). Organizing such an event takes time and people available, and from the start, many volunteers got involved in organizing the festival to host almost 30 000 attendees. www.couvrefeu.com/

Led by the set directors of the association organising the festival, you will participate in setting up and setting down the festival. This includes the installation of circus tents (where concerts take place), close the site with barriers, arrangement of parking lots, dressing rooms, refreshment stands and restaurants ... during the 3 day festival you will participate in welcoming the public and site maintenance. The week following the weekend s festival will be dedicated to dismantling, equipment storage, cleaning and restoration of the site. Note: tasks a little repetitive but essential festival organizers are counting on your motivation to help before, during and after the festival but also, work schedules will VARY A LOT according to needs; little time for leisure but the atmosphere is very festive. Volunteers from this site must be especially dynamic and enthusiastic. And of course must be a fan of music Time for leisure will be made available to any departure of the mission.

frais supplementaires de 50 euro a ajouter au frais d inscription/ extra fee to pay on arrival 50euro. Age : 18-30.

ACCOMODATION/FOOD:

You will stay as all the other volunteers (400 people) and organizers of the festival, in tents at camping site. Toilets and showers on site. The association provides tents, you will need to bring sleeping bags and mattress (it can be a karimat or self-inflatable mattress). Throughout the duration of work, preparing meals will be provided by volunteers from the association. NB : it can be cold in the evening and humid, it is advisable to bring warm clothes and a warm sleeping bag.

LOCATION:

Located on the south bank of the Loire estuary, and northern boundary of the Pays de Retz Atlantic, The municipality of Frossay has 3200 inhabitants. Pays de Retz: At the heart of unspoiled landscapes and varied hyphen between Brittany and the Vendee, west of Nantes and bordered by the Atlantic Ocean and the Loire. Enjoying the beach and water sports, beach resorts, charming as Pornic and Saint-Brevin-les-Pins, large sandy beaches dotted with fishing. Walks along the coastal footpath in Bourgneuf Bay, along the Loire estuary, or in swamps and thickets of the hinterland. CORSEPT.

DESCRIPTION OF WORKCAMP:

The goal of the project is to give a new life to the small river that runs through the village. Currently, bushes and shrubs have invaded the banks, the wall that runs along the river disappears, and the path is impracticable allows you to walk along the brook. We must therefore carry out clearance work, cleaning rivers, clearing brush the banks to highlight the wall and make accessible trail. You will participate in the work with other international volunteers and technical supervisor will teach you specific techniques. The work takes place in the morning for 5 hours maximum. Afternoons and weekends are reserved for activities.

ACCOMODATION/FOOD:

Volunteers will be accommodated at the campsite of the town, and tents will be loaned by Jeunesse et Reconstruction. Remember to bring your sleeping bags and warm clothes. All facilities are available in the locker room (showers, toilets). You will have access to the school cafeteria to cook and eat together: you will find fridge, stove, tables and chairs. A budget will be allocated for shopping and activities, and you will cook in turn, by two. Being well accommodated within the town will give you the opportunity to connect with the people, to easily get to the market at the nearby shops (bakery, grocery) and at local producers to do your food shopping. Jeunesse et Reconstruction can't take into charge the volunteers before the start date of the workcamp.

LOCATION:

: At the heart of the Bourbonnaise Mountain, Arfeuilles is located in a particularly remarkable natural setting. You can make many walks along the river and admire the waterfall of Pisserotte, tourist shrine, the Calvary and the Madonna overlooking the valley. Arfeuilles also has a particularly typical built heritage, like the dungeon of Montmorillon. Located both on the pilgrimage path Saint Jacques de Compostela and the Via Santi Martini, which crosses Europe from Hungary, many hikers and tourists are passing through the town during the summer. The life in Arfeuilles is very lively during the summer: fireworks, craft festival, festival of the Rivers, Classical Music Festival, the Great Games, which bring together all surroundings towns ... Other activities and events will also be organized with local associations (football tournament ...) and artisans of the municipality (painter, sculptor ...): the best opportunities to discover the culture of Auvergne region!

DESCRIPTION OF WORKCAMP:

At the heart of an exceptional region with lush flora, let s come to a colorful town The municipality of Saint-Mamet-la-Salvetat wants to organize an international workcamp, in the framework of development projects and arrangement of its historical heritage. Saint-Mamet-la-Salvetat is 750 meters above sea level, facing the mountains of Cantal and Aubrac, near Aurillac City, where a big festival takes place on August. For more information on the town: <http://www.stmamet-lasalvetat.com/>

You will act a 1000 year old site that needs to be restored This site is located in a small village, La Salvetat, where stone and rocks are) the Master i. Work to save this site will focus on the restoration of the dry stone walls around the Commandery (the name of this site where Knight established this site). You will learn how to build dry stone: the ancestral technique that stack stones without any binder for making a wall as solid as durable.You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

Chantier ouvert aux Francais a partir de 17 ans

ACCOMODATION/FOOD:

Volunteers will be accommodated in a communal building with toilets and showers. Remember to bring your sleeping bags and warm clothes. You will also have available a room with fridge, stove, tables and chairs in order to eat together. You will cook in turn, by two. Transportation will be arranged for you to do your shopping in supermarkets or by local producers, with a budget that will be allotted. A small grocery store is located in the municipality. Jeunesse et Reconstruction can t take into charge the volunteers before the start date of the workcamp.

LOCATION:

Saint-Mamet-la-Salvetat se distingue par son patrimoine exceptionnel : le four a pain, la croix de cayre, le travail du marechal-ferrand, la fontaine a chaine a cremaillere, la fresque representant le village d hier a aujourd hui, le verger et ses jeunes greffes, le secadou (batisse o u sont sechees les chataignes), les murs de pierres seches, l atelier (l ancien centre d embouteillage de l eau gazeuse)- En effet, en 1821 a ete decouverte une source d eau gazeuse sur le territoire, dont le succes est devenu legendaire. Un site Natura 2000, de 200 hectares, se trouve a proximite, et travaille a la conservation des populations de chauve-souris qui hibernent dans des vestiges miniers. Les associations locales sont aussi tres dynamiques a Saint-Mamet et animent tout au cours de l annee la fete du potiron, la fete de l eau etc. Comme disent les habitants :) Nous sommes attaches a notre environnement naturel, bati et culturel, que nous voulons preserver, mettre en valeur, developper, venez le partager et l aimer avec nous i. 1/ No special knowledge or competence is required for this camp, except being motivated and loving work in group You will share friendly moments with local people : be open-minded and curious.2/ Bring: sleeping bag, warm clothes and rain-coat, bathing suit (for male: short pants prohibited in the public swimming pools, please bring a bathing suit). 3/Bring for work: worn out clothes, safety shoes/boots compulsory. 4/ Bring some material from your culture (documents, pictures, postcards, little gift, musical instruments, games,...) to share with other volunteers and local population and make exchanges easier.5/ Foreigners belonging to the European Union must bring with them a personal EHIC (European Health Insurance Card), and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/ Transportation back to the train station at the end of the workcamp will be organized during your stay with the campleader.7/ More info about trains : <http://www.voyages-sncf.com/> 8/ If you have a driving license, please bring it along in case of necessity

DESCRIPTION OF WORKCAMP:

The diversity of the natural and built heritage of Besse-Et-Saint-Anastaise (the full name of the town) gives the town a special attraction. It is located in the heart of the Auvergne volcanoes situated on the Massif du Sancy (highest mountain in Auvergne) : the town is known for its Ski resort Super Besse . The town has assets that attract tourists invariably both during summer and winter. Besse is also distinguished by its human dynamics, number of associations and events dynamise the area throughout the year. It is with enthusiasm that the inhabitants and the local associations will receive you for the first time in this authentic village

The village is crossed by a river taking its source in one of the deepest lakes of Europe, the lake pavin. On the banks of this river called Couze pavin you can find old water mills : two century ago men once installed water mills to use the energy offered by the river. These mills are now in ruins but it needs to be saved Your mission will be to preserve these mills: cleaning sites (vegetation invades) and traditional masonry work. This project has a real interest in preserving the history written by the men of the past.You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work unfolds the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

Chantier ouvert aux Francais a partir de 17 ans

ACCOMODATION/FOOD:

You will be accommodated in an exceptional setting in small cottage. Mattresses provided. Bring your sleeping bag, extra blankets and warm clothes for the night (around 1000 meters high, nights could be cold). Equipped kitchen where you will prepare you meals. Many shops in the village of Besse. Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project.

LOCATION:

Besse is considered as one of the most beautiful sites of the Auvergne region. The village is a part of the Natural Regional Park of the Volcanoes of Auvergne. It is located in the Massif du Sancy born 5 millions years ago. The village benefits of a preserved environment and great landscapes made up of volcanoes and lakes. Besse is 1hour away from Clermont-Ferrand. You will be proposed some activities during your stay: visits, excursions, hiking, swimming- BESSE-ET-ST-ANASTAISE.

You will be accommodated in an apartment in Clermont-Ferrand. There is a kitchen in the apartment with a refrigerator and a cook; dishes and kitchenware will be provided. There are a lot of shops in Clermont-Ferrand. We will not be responsible for you if you arrive before the beginning of the project : Possible lodging, at your expenses (please check by calling): www.ville-clermont-ferrand.fr; www.ot-clermont-ferrand.fr and www.tourisme.fr/office-de-tourisme/clermont-ferrand

LOCATION:

French LOCATION: Clermont-Ferrand is the prefecture of the department of Puy-de-Dome and capital of the Auvergne region. Partly for historical reasons, the city is often called Clermont. The modern city was born of a union of two separate cities, Clairmont and Montferrand imposed by Louis XIII and confirmed under Louis XV. While Montferrand was founded in the early twelfth century by the Counts of Auvergne, on the model of Southwest towns, Clairmont is much older, as it existed in ancient times. The oldest mention of the existence of Clairmont appears in the work of Strabo, in the early first century. Clermont is located in the Massif Central, at 410 metres above sea level. To the west, the city is dominated by basaltic plateau (900m on average) with the chain of Puys, the largest chain of volcanoes (extinguished) in Europe, including the Puy de Dome, the most famous volcano. To the east of the metropolitan area reaches the plain of Limagne, with river Allier. The city is both a point of contact between the plain Limagne and Mountains of Domes. A large part of the city occupies a volcanic hill called the central plateau. It is, in fact, the edge of the crater, one hundred fifty six thousand years old. It is approximately 1,5 km in diameter and has been filled by the alluvium of the Tiretaine, small river running through the city. Clermont is also built on the edge of the valley of Allier. The city has developed around this central plateau on which stands the cathedral, extending to the east in the plain, and to a lesser extent, on the hillsides to the west. www.ot-clermont-ferrand.fr requirements.

DESCRIPTION OF WORKCAMP:

The village of Montel-de-Gelat is hosting for the first time a workcamp during this 2017 summer. The project is part of a dynamic for attractiveness and allows to be opening to the world. This workcamp is possible thanks to the municipality and intermunicipality community. Also this structure called Chavanon, Combrailles, Volcans is partner of this project which also participate to the valorisation of water-related heritage.

The work site has a special interest: he tells some of the history of Montel-de-Gelat and the old way of life of its inhabitants. You will participate to the wash house renovation, important place previously used and abandoned in recent decades because of the arrival of the washing machine, so appreciated. The work done during this workcamp will be useful to the local population. You are going to restore a stone wash house (cleaning, storage stones, masonry) and a dry stone wall nearby using traditional dry stone techniques. The stone used is a typical local volcanic stone (Auvergne volcano region). This project will allow to bury ourselves in a somehow forgotten past. This is your challenge, and we are counting on youYou will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work unfolds the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

Chantier ouvert aux Francais a partir de 17 ans

ACCOMODATION/FOOD:

You will be accommodated in the municipal camping in the center of the village. Mattress and tents provided, bring your sleeping bag. You will go by walk to work: you have only 50 meters to walk Montel-de-Gelat is at 800 meters of altitude, bring warm clothes for the night. You will cook all together in the equipped camping kitchen. A punctual transportation will be set up for shopping (shops located 3km).Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project. Possible lodging in municipal camping of Fernoel, at your expenses.

LOCATION:

The village offers visitors a unique view of the Monts Dore, those of Limousin and Le Plomb du Cantal . The city of Giat which is 3 km away offers numerous activities and festivals are organized during summer. The city of Giat, redraws its history in its built heritage through a historic monument, for example, but also thanks to the museum Maison Archeologique des Combrailles located in the neighboring town: Voingt. The town of Giat is also border to the Millevaches Regional Natural Park. This small piece of land associating historical heritage and rural heritage is also a good place to have some rest and enjoy beautiful hikes over the water Come relax in the heart of the Combrailles and the region will have no secret for you MONTEL-DE-GELAT.

DESCRIPTION OF WORKCAMP:

The town of Issoire hosts the regional office of Jeunesse et Reconstruction since 1957. The international volunteers took part in many different projects during summer work camp in Issoire : rebuilding an old farm, restoration of walls and a nice renovation of child outside games, creation of a sculpture made of wood, cleaning and working on the river side which go across the town. The town of Issoire has developed a strong youth and cultural policy. With numerous facilities (youth center, concert hall, home associations, gyms, ..), the city is attractive and lively. More info and pictures : <http://www.issuire.fr/>

During the workcamp you will actively participate in the creation of a park located in the city center. The space where you will intervened is a place appreciated by the inhabitants to meet and enjoy the surrounding nature.Here the work to be carried out during the project :- Work wood: realization of tables, benches and fences-Masonry work: realization of a traditional stone wall-Artistic work: an electric transformer will have to be covered with a fresco that you will imagine.You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this construction. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

Chantier ouvert aux Francais a partir de 17 ans

ACCOMODATION/FOOD:

Lodging in the Sport Hall. Camp beds provided. Bring your sleeping bad and/or blankets. Unlimited access to the sports fields (running, football, basketball,...) Cooking and living room will be in the Sport Hall (specific room). You will cook your meals by team (2 persons). Many shops are in Issoire. A budget will be allocated to the group leader and you will participate in the preparation of dishes with good products from the market and local producers (not only, but as much as possible).

LOCATION:

The accommodation is 5 minutes walk from the city center. Issoire is a city of 15,000 inhabitants located 35 km south of Clermont Ferrand, between two Natural Parks (the Auvergne Volcanoes and Livradois Forez). Issoire counts many shops and local artisans sell their creations in small boutique shops. Time is planned to explore the city, enjoying its magnificent Romanesque abbey, but also hiking in the area, activities with the Youth Center, visit the Volcanoes, go to Swimming pool and of course celebrate the national day (14th of July) : a unique french experience in Issoire In addition, during two weeks, you will attend an international festival Folklore dance in Issoire You will be surprised anyway by the richness of Auvergne scenery has rightly been classified among the 10 regions in the world to visit in 2016 by Lonely Planet : <http://www.lonelyplanet.com/best-in-travel/regions/6> ISSOIRE.

DESCRIPTION OF WORKCAMP:

The city of Montaigut-le-Blanc is hosting for the second time a workcamp volunteers during this summer 2017. This workcamp will be in partnership with the local association "Mons Acutus". Since 1999 this organization work for the preservation and enhancement of the town : it is called " Mons Acutus " (name of the village in the Middle Ages). Website of the association : <http://www.monsacutus.com/> work

The village is crossed by many byways that provide access to the top of the village where the castle is located. The workcamp will focus on these paths with the creation of a staircase and the implementation of stone. The objective is to facilitate access for people who want to discover this beautiful village. This project is a real opportunity to acquire manual craftsmanship in traditional masonry. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

ACCOMODATION/FOOD:

accomodation and food

You will be accommodated in tents next to the town center in a green area along the river. Mattress provided, bring your sleeping bag. You will go to the workplace by foot (5 minutes). You will cook in a kitchen in the village hall. Shops in the city of Champeix are located 3 km from Montaigut-Le-Blanc. Jeunesse et Reconstruction will not be responsible for you if you arrive before the beginning of the project.

LOCATION:

location & leisure

The village of Montaigut-le-Blanc has an exceptional heritage making it a touristic village. It is characterized by its old houses arranged in tiers around a rocky outcrop which itself is crowned by a medieval castle. Many activities can be arranged for exploring the area. You will also have free access to the swimming pool of Montaigut-le-Blanc (located nearby the campsite).

REQUIREMENTS:

work

Your mission during this workcamp is to preserve different elements of the building heritage of Ladin hac. As the first mission you will act for the restauration of the stone bridge spanning a river. This stone bridge is a masterpiece of the territory. It will be a matter of removing the moss and joining the stones. In addition, the place of the traditional press also requires intervention: the wooden parts of the press must be restored (the press was used for making apple juice !) Finally, in the cemetery of Ladin hac the stone entrance must be restored in order to embellish the site. This project is a real opportunity to acquire manual craftsmanship in traditional masonry. You will participate to the work with other international volunteers and a technical supervisor will teach you specific techniques concerning this restoration. The work takes place the morning for 5 hours maximum. Afternoon and weekends are dedicated to activities.

DESCRIPTION OF WORKCAMP:

partner

At the heart of an exceptional region with lush flora, let's come to a colorful town ! This town is located in a big Chestnut trees forest where many activities are possible. The municipality of Ladin hac wants to organize this international workcamp in the framework of arrangement of its historical heritage. Ladin hac is facing the mountains of Cantal and Aubrac near Aurillac City where a big festival takes place on August. For more information on the town: <http://www.ladin hac.fr/>

ACCOMODATION/FOOD:

accomodation and food

You will be accommodated in a flat inside a communal building with all the convenience at disposal. Remember to bring your sleeping bags and warm clothes. You will also have access to a common room in order to eat and live together. You will cook in turn, by two. Transportation will be arranged for you to do your shopping in supermarkets or by local producers, with a budget that will be allotted. Jeunesse et Reconstruction can't take into charge the volunteers before the start date of the workcamp.

LOCATION:

location & leisure

Ladin hac is near the city of Aurillac so you will have the opportunity to live the international street theater festival of Aurillac! This event will take place from August 23rd to 26th. It is a great occasion to discover artists and to attend many free shows taking place in the streets of Aurillac. More infos : <http://aurillac.net/> Ladin hac has an exceptional heritage. You will have the chance to visit different historical building and perserved landscapes. Local associations are also very active in Ladin hac and animate every year different event. In the region, you can admire landscapes, you can visit local farms, and hike on the many trails through mountains and rivers! All

REQUIREMENTS:

1/ No specific competences for this workcamp, except liking team-work and being very motivated, in a good mood and willing to exchange with the other volunteers 2/ more information about the trains : www.voyages-sncf.com 3/ EU volunteers : bring along with you your European Health Insurance Card; non-EU volunteers : do bring your CERTIFICATE OF INSURANCE. Each health expenses will be paid by the volunteer and refunded when back in its own country. 4/ You need to bring along with you : bed linen, sleeping bag, working clothes (for painting), resistant and closed shoes for work, warm clothes for fresh nights (socks, sweaters, rain-coat), hat/sunscreen/sunglasses/swimsuit, your camera, photos/souvenirs/little things from your own country. For the boys : do not forget to bring your swimming trunk in addition to your short pants (which are prohibited in the French public swimming pool). 5/It is no longer allowed to change foreign traveller s checks into money in the French banks : think about doing it in the foreign exchange counter (airport, stations, big cities) BEFORE arriving to the workcamp

DESCRIPTION OF WORKCAMP:

Welcome to the Northern Alps region Half-way between Mount Blanc and Leman lake, the town of Cluses and its exceptional views await you this summer for an international volunteer project for young people. The advantage of this project is that: you will be welcomed by some of the town s local young people, aged 18 to 25, who will be by your side working on the project and helping you to visit their splendid region. Expect cultural immersion and celebrations on this exciting volunteer project. For more information look on:<http://www.cluses.fr/Tourisme-et-loisirs.VrNgXvl5MZ4>

You will make a contribution to the beautification of a school Working together with 8 local young people, you will carry out some important work for the children by: putting colour and life back into a school located in a popular neighbourhood of the city To do this your Franco-international team will take part in different solidarity actions: repaint the school s corridors, freshening up a wall outside with mural painting. The topic is sharing and cultural awareness You will be helped by two local leaders for the technical part. For the painting task you will be able to bring in your artistic talents and your collective creativity to produce murals which express the group s shared values. The work will be done in the mornings (5 hours every day from Monday to Friday). Make sure to bring old clothes for the painting work

Chantier ouverts aux volontaires francais a partir de 17 ans

ACCOMODATION/FOOD:

You will be staying in a building in the town, near to the city centre and shopping facilities. On site are a kitchen, shower, toilets, and a common room; one of the rooms will be converted into a dormitory. For bedding, on the floor, Jeunesse et Reconstruction will provide mats, but you must bring your own sleeping bag and bed sheet You will prepare your meals as a group and you will be required to participate in daily chores (cooking, dish washing, cleaning, etc.). Do not hesitate to bring ingredients and recipes from your country to show your country s gastronomy to the other volunteers and the inhabitants. Please note: we will not be able to take care of you if you decide to arrive before the beginning of the volunteer project or to stay after In Cluses you can find a campsite: La Corbaz, 460 Avenue des Glieres 74300 Cluses Tel:0033 (0)4 50 98 44 03

LOCATION:

At the foot of one of the prettiest mountains in the Northern Alps, and on the edge of the Great Alpine Road, the pretty city of Cluses and its 17,000 inhabitants live in an ideal location Near to Italy and Switzerland (40 minutes from Geneva), Cluses gives you direct access to well-known tourist sites such as Mont Blanc or lake Leman: you will be amazed by the greenery and you will be able to learn more about the culture of high altitude towns through unique cultural visits and activities Also, you will be able to make the most of the city s summer events. You will put together an itinerary of cultural and leisure activities with your French team-mates: involving sports, swimming in lakes, excursions, visit of Annecy and other towns, celebratory meals, and of course plenty of cultural and linguistic exchanges The young people of Cluses look forward to helping you discover the region and their culture, as well as getting to know you all better Please

consider bringing your games, musical instruments, food specialties, favourite recipes, photos, and souvenirs to this experience which will exceed your expectations For more information about the region visit: : [http ://www.savoie-mont-blanc.com/offre/fiche/office-de-tourisme-intercommunal-cluses-arve-et-montagnes/473200](http://www.savoie-mont-blanc.com/offre/fiche/office-de-tourisme-intercommunal-cluses-arve-et-montagnes/473200) CLUSES.

50 EUROS EXTRA FEE /FRENCH

REQUIREMENTS:

EXTRA FEES: 50euro/person. 1/ FRENCH SPEAKING PROJECT In order to facilitate contacts with the local population, this camp is meant for French speakers/learners only Language for working activities and exchanges inside the volunteers team will mostly be French; you have to be able to communicate in French, at least at a basic level 2 / Our association doesn't provide a car during the workcamp. 3 / At the end of the workcamp, no transportation will be organized by our association. You will then have to arrange your own means of transport to return to the train station and plan it during the camp with the team leader and the inhabitants. 4/ More info about trains: http://www.voyages-sncf.com/?rfr=PropositionAller_header_ACCUEIL5/ European volunteers should bring their European health care card, and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/Please don't forget to bring: a sleeping bag, bed sheet, warm clothes (socks, sweaters and rain-coat), a bathing suit. For male volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. For the work: worn out and protective clothes and strong shoes. Your games, songbooks, musical instruments and recipes, will be also welcome To make exchanges and meetings easier, please also bring photos of your home, some postcards, and small gifts. 7/ It is not possible for foreigners to change traveller-checks into cash money at the French bank agencies: please do it before the workcamp starts at money changers (in airports, main train stations, big cities)

DESCRIPTION OF WORKCAMP:

Every year, the Crest Jazz Vocal Festival is the strong moment of the summer period. The material organization of this big manifestation requires a lot of time and a lot of volunteers available; so does the daily cleaning of the festival area. For more than 10 years, motivated volunteers from Jeunesse et Reconstruction have helped the local volunteers in its organisation. More info about Crest and the festival : <http://www.mairie-crest.fr> and <http://www.crestjazzvocal.com/>

Guided by the volunteers of the association Crest Jazz Vocal, you will participate in the festival lifetime: setting up rooms, installation of the festival area, cleaning after each performance (scene, outside space, toilets-). You will have to participate into the waste management by using the recycling bin (glass/paper/...etc). At the end of the festival, you will have to remove and store materials. On some evenings, you will also participate in drinks and concert posters selling; participants have therefore to be able to communicate in French, at least at a basic level. NB: some tasks are repetitive but essential; organizers of the festival rely on your motivation to help them before, during, but also after the festival; working hours may be very VARIABLE; time for leisure or for the group life will depend on the needs for help on the festival area; Work 20 hours a week; you may have to work on Saturday and Sunday. The volunteers are expected to be dynamic, enthusiastic and ready to meet the many local volunteers and the festival audience. And of course, fond of music You will have a free access pass for the whole festival duration and be able to attend most of the concerts.You will not be given access to the technical area (musical instruments).

French speaking project and Festival of music: for enthusiastic and motivated volunteers who wish to practice French and enjoy good jazz music 50 euro additional fees i No volunteer under 18 will be accepted.

ACCOMODATION/FOOD:

You will be hosted in a former school. Kitchen, showers and WC in a building few meters away from the gymnasium. Jeunesse et Reconstruction provides you with mattresses to be put on the floor but do not forget bed sheet and sleeping bag. Meals will be prepared together and shared with the whole group, and you are expected to contribute to everyday tasks (cooking, washing up, cleaning -). Don't forget to bring ingredients and recipes from your country to show your country's gastronomy to the other volunteers and the inhabitants. Accommodation is possible, at your own expenses if you decide to arrive before or to leave after the end of the workcamp (please, check availability before coming) : in Crest: Le Square hotel, 04 75 40 65 75 ; Les Moulins hotel, 04 75 76 74 11 ; Les Clorinthes

camping, 04 75 25 05 28 . www.lesclorinthes.com. -In Valence (30km far from Crest): hotel of Lyon, 04 75 41 44 66; camping of I Eperviere and lodging in dormitories, 04 75 42 32 00.

LOCATION:

Located in the Drome valley, in the south of the Vercors regional park, the town of Crest counts 8000 inhabitants. Dominated by its medieval tower, the town owns an inheritance of quality. Very busy in the summer period, the town offers many sport and cultural activities. Possible free time activities (to be decided with the camp leader and local partners) : Visit of the Tower, visit of the towns of Valence or Die (old town and cooperative cellar), night markets, free concerts within the jazz festival, swimming pool, canoe, discovering Vercors mountains footpaths... You will be in charge of organizing an international meal for the inhabitants during your stay; please do not forget to bring specialties and traditional recipes from your country, as well as pictures, music, curios to share about your culture. More info about the region: <http://www.drometourisme.com> <http://www.vallee-drome.com> <http://www.crest-tourisme.com> <http://www.tourisme.fr/office-de-tourisme/crest.htm> partenaire CREST.

NEED TO BE ABLE TO RIDE A BIKE

REQUIREMENTS:

1/ Attention volunteers must be able to ride a bicycle No other specific skills for this job except enjoy working in groups and be highly motivated, have good humor to share and want to go to meet the locals2 / Jeunesse and Reconstruction does not provide a car during the workcamp. 3 / At the end of the work camp, no transportation will be organized by our association (your group will organize it with the locals). You will then have to arrange your own means of transport to return to the train station and plan it during the camp with the team leader. 4/ More info about trains: <http://www.voyages-sncf.com> 5/ European volunteers should bring their European health care card, and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/Do not forget to bring: a sleeping bag, a bed sheet, working and warm clothes (socks, sweaters and rain-coat), solid shoes for work, a hat/sunscreen/ sunglasses/swimsuit, camera, photos/souvenirs/games from your country. For male volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. 7/ It is no longer possible to change traveler s checks in foreign currency at the offices of French banks; please go to exchange offices (airport, train station, big city) before arriving on site

DESCRIPTION OF WORKCAMP:

Dear volunteers, Welcome to the heart of Drome for a preservation of local heritage project The last two years, very successful workcamps left a really positive impression on the residents and elected local authorities. So the Beauvallon town hall (1500 inhabitants) is happy to welcome a third group of international volunteers this summer for two weeks of networking and solidarity. More information on the municipal website: <http://www.beauvallon.fr/>

You will be working for two weeks, in collaboration with the towns teenagers and adults, in order to restore some areas close to the 16th century castle. In the village centre, you will take part in traditional stone works on low walls. You will also be involved in renovating stone stairways from old pools. Some local volunteers will share their technical skills. Young team from Beauvallon will participate actively and will be pleased to present you their place: a great atmosphere and conviviality are on the menu, in addition to, of course, an incredible experience in solidarity You will be working 5 days a week, 4 to 5 hours per day, in the morning. Don t forget to bring solid and closed shoes.

chantier ouvert a partir de 17 ans pour les participants francais

ACCOMODATION/FOOD:

Your will be hosted in a communal hall located in the city center (kitchen and WC on site). Mattresses will be provided by Jeunesse et Reconstruction to be put on the floor, but please bring along your own sleeping bag and bed sheet. The meals will be prepared by volunteers, in teams of 2, at the accommodation area. Don t forget to bring ingredients and recipes from your country to show your country s gastronomy to the other volunteers and the inhabitants. You will be required to take part in daily chores (cooking, dish washing, cleaning, etc.) .The showers are located on the football stadium, an 800m walk from the main location : bikes will be made available in order to go there. We are unable to accommodate you if you arrive before the sites start date, or if you decide to stay after. (contact to verify availabilities). Valence : Hotel restaurant - Camping L Eperviere, 04 75 42 32 00 Etoile sur Rhone : Camping La Mare, 04 75 59 33 79

LOCATION:

Located in the Drome, at approximately 10km south of Valence, Beauvallon is a small, dynamic and pleasant commune overlooking the Rhone valley. The peaceful lake, the orchards, the historical village and the Veore river are only a few of the available attractions, and respresent a fantastic way to decompress. Bikes will be made available so that you can travel freely, and you may also discover the

territory thanks to the bus which circulates regularly. The inhabitants will be happy to welcome you and help you discover the hidden gems and regional flavours Possible activities: visit of beautiful Drome villages, interproject networking, concerts, family meals, visiting Valence, initiation to petanque (typically French lawn bowling), feast of the 14th of July... For more information regarding the Drome region, you can consult this internet site :<http://www.valence-romans-tourisme.com/fr/> BEAUVALLON.

DESCRIPTION OF WORKCAMP:

Attention all architectural heritage lovers A great workcamp is organised, with historical discoveries and friendly meetings. Located in Viviers, splendid little town in Ardeche near the Rhone river, the CICP (International center of construction and patrimony) is an association which is very active in the promotion of the region s heritage. The association s volunteers refurbish and animate several historical sites, especially a large dwelling from the Renaissance period located in the city center and a former worker s housing. In partnership with Viviers town hall, workcamps took place these past 3 years. Viviers and the CICP decided to welcome again an international team from the association Jeunesse et Reconstruction. Local people will take part in this project and will be happy to make you discover their city and its surroundings. For information about Viviers : <http://www.marie-viviers.fr/fr>; about the CICP : <http://www/cicp-viviers.com/fr>

Your international team will work with local volunteers, younger or older, on the two historical sites which do Viviers proud. If you are attracted by construction and architecture, this workcamp is made for you You will do stone work and stone cutting work, in a protected area alongside the knight s house, which is a splendid dwelling from the Renaissance. Your work will concern an arch, a window and a facade, to enhance it (for this a scaffold will be used with a specialist). You will also work on the site of a former working-class area called) Cite Lafarge i in order to clean a room which eventually could be used to show the way of living in the 1900 s . Two people specialized in stone work will also share their technical and historic knowledge. You will work every morning, 4 to 5 hours a day and 5 days a week. Do not forget to bring good clothes and solid and closed shoes to work

Chantier ouvert aux francais a partir de 17 ans

ACCOMODATION/FOOD:

You will be hosted in the city center, in a building with kitchen, shower, WC. For you to sleep, Jeunesse and Reconstruction will provide mattresses to be put on the floor, but do not forget to bring your sleeping bag, and bed sheet The meals will be cooked together, and you will be asked to do the domestic chores (cooking, dish washing, cleaning-). Don t forget to bring ingredients and recipes from your country to show your country s gastronomy to the other volunteers and the inhabitants. Careful: we will not be able to host you if you arrive before the starting date or of you stay after If necessary, there is a campsite, at your expense: Camping Rochecondrie, RD 86 07220 VIVIERS - 00 33 4 75 52 74 66

LOCATION:

Viviers is a beautiful city of 4.000 inhabitants and overlooks the Rhone Valley. It has an important architectural heritage and a very good and warm weather. You will have the opportunity to share a lot of meetings with local population and young people concerned by their patrimony. Cultural discoveries and good atmosphere are surely guaranteed Special evenings and meals will be organised during the workcamp. Along with the local volunteers, you will discover the region: visits of the old city and historical sites of the surroundings,

markets, hiking, kayaking of the Ardeche river, nautical base - The local people are very enthusiastic to welcome international volunteers, therefore we are expecting volunteers who are willing to exchange You will be asked to organise a big international meal for the inhabitants during your stay, do not forget to bring food but also recipes from your country, photos, little objects, costumes, etc-in order to spread your traditions and culture More information about Viviers: <http://www.mairie-viviers.fr/fr/>; and the CICP : <http://www.cicp-viviers.com/fr/> VIVIERS.

DESCRIPTION OF WORKCAMP:

Welcome to the small Alpine village of Termignon, in the very heart of the beautiful Vanoise National Park. Between vertiginous mountains heights, large flowered meadows and fresh waterfalls, you will have the pleasure of contributing to the development of the village as well as getting initiated to the ancestral dry stone building technique. Perfect site for nature and mountain lovers. After the two successful workcamps in 2015 and 2016, the inhabitants and their representative expect a new team of highly motivated volunteers to carry on the renovation work on the famous Salt Road. More information on the Vanoise National Park : <http://www.vanoise-parcnational.fr/>

A project designed for mountains lovers and volunteers interested in dry stone building. The Prestigious Salt Road is a 27km route in the heart of the Vanoise National Park which connects the municipalities of Pralognan and Termignon. For five centuries, this lane was used as a passage for transporting salt on mules, from Tarentaise to Maurienne and to the Italian Piedmont. It's on one part of this emblematic road, a few kilometers from the heart of the village of Termignon where you will intervene. Led by passionate professionals of the association The muraillers of Provence who desire to transmit their knowledge, you will participate in the repair and construction of a calade (a pavement of cobblestones). Work 5 hours per day, 5 days per week. Remember to bring sturdy and closed shoes for work. Physical work but beautiful environment. To discover the Salt Road, you can watch this video (in French) performed by the Vanoise National Park: <https://www.youtube.com/watch?v=mdxqSFXZIEY>

Chantier ouvert a partir de 17ans Pour les participants francais. NB : site de montagne, les nuits sont fraiches : sac de couchage chaud necessaire / Mountain location, nights are cold : warm sleeping bag is needed.

ACCOMODATION/FOOD:

Accommodation under tents on the village's campsite. Jeunesse et Reconstruction will provide tents and mattresses; please don't forget to bring a bed sheet and a very warm sleeping bag. Nights are cold. You will have access to the camping showers and toilets, and can use a small kitchen for cooking. Meals will be prepared by volunteers for the whole group. Do not hesitate to bring ingredients and recipes to show your country's gastronomy. Like every other volunteer you will participate in the daily tasks and the group organization (cooking, washing dishes, cleaning-). Please note that the organizers of the camp can't take care of you if you arrive before the starting date of the camp, or if you stay after.

LOCATION:

Located at 1,300 meters above sea level, the Termignon offers beautiful scenery, and many opportunities for hiking and viewing wildlife and flora. Locals will advise you on the best spots. A free shuttle from the village also allows to go to the heart of the Park, from the main

walking routes to explore the lakes and mountain refuges If you love the mountains and fresh air, welcome to Termignon Other activities on the village: tree climbing, climbing, tennis, nature exhibits, water sports, swimming pool, summer events, meeting with local people ... More information at: <http://termignon.haute-maurienne-vanoise.com> TERMIGNON.

You will then have to arrange your own means of transport to return to the train station and plan it during the camp with the team leader and the inhabitants. 4/ More info about trains : <http://www.voyages-sncf.com/> European volunteers should bring their European health care card, and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/Do not forget to bring: a sleeping bag and a bed sheet, warm clothes (socks, sweaters and rain-coat), a bathing suit. For male volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. For work: worn out and protective clothes, strong and closes shoes. Your games, songbooks, musical instruments and recipes, will be also welcome To make exchanges and meetings easier, please also bring photos of your home, some postcards, small gifts... 7/ It is not possible for foreigners to change traveler-checks into cash money at the French bank agencies: please do it before the workcamp starts at money changers (in airports, main train stations, big cities)

DESCRIPTION OF WORKCAMP:

The small village of Charnay-en-Beaujolais, which counts 1.100 inhabitants, characterised as one of the most beautiful villages of the Pays des Pierres Dorees, is welcoming this summer its second international workcamp in order to provide a new dynamic of exchange and associate it to the preservation of their patrimony. In 2015, international volunteers from Jeunesse et Reconstruction left very good memories. The elected members and the inhabitants are looking forward to welcoming the volunteers and thus to sharing their love for the region. Welcome to the heart of the Beaujolais wine region In order to discover the village, please click on the following link : <https://www.youtube.com/watch?v=5n7fGpIO7Lk>

Surrounded by local volunteers who will share some traditional masonry methods, you will take part in the restoration of a long wall made of dry stones upon the hights of the village. The region is well-known for its walls, therefore it is highly important for the town to take great care of them. You will work 5 days a week, from 4 to 5 hours per day, in the morning. Please do not forget to bring resistant and closed shoes to work.

Chantier ouvert aux participants francais a partir de 17 ans

ACCOMODATION/FOOD:

You ll be accommodated in a municipal building. Jeunesse et Reconstruction will provide mattresses to be put on the floor, but please do not forget your sleeping bag, and a bed sheet You will have access to showers and toilets, and can use a small kitchen for cooking. Meals will be prepared by volunteers for the whole group. Do not hesitate to bring ingredients and recipes to show your country s gastronomy. You will participate in the daily tasks and the group organization: cooking, washing dishes, cleaning.We cannot take care of you if you arrive before the starting date of the project, or if you stay after.

LOCATION:

Charnay has the great advantage of being located only 30km far from Lyon, and at the very heart of the famous region of the Beaujolais. The region offers numerous possibilities in terms of walking paths and visits,which will enable you to discover the old villages and vineyards of the Beaujolais. Locals will advise you on the best spots In terms of leisure activities, you can visit the villages, the city of Lyon, several cellars, you can taste some Beaujolais wine, go to July 14th Celebrations, and finally, you can meet inhabitants and people from other workcamps.Note that bikes will be made available by local partners. Indeed it will be the preferred mean of transport

to enjoy the surroundings. CHARNAY.

DESCRIPTION OF WORKCAMP:

WORK: We are offering you the opportunity to participate in a heritage restoration project with young people from all around the world! Youth volunteer work camps are now part of local history. And local teenagers are proud to be part of it! Indeed, you will work in cooperation with a group of teenagers from the local organization, House of Youth and Culture (=MJC). A working camp between stones and nature. In order to remind people of the forgotten charms of "the Calabert", a former coaching inn located at the foot of the Rhône, you will participate in clearing plants away from this historic site. This work will make a visible difference to the area and it will enable you to appreciate the green spaces of the "Bords du Rhône"; in the company of other people! Led by a professional you will also do traditional masonry work in the village. Working place will be specified later. The work will take place in the morning, 4 to 5 hours per day from Monday to Friday. Evenings and weekends can be spent sightseeing or taking part in original and fun cultural activities.

ACCOMODATION/FOOD:

You will be staying in the Pénitents; chapel located in Etoile-sur-Rhône's town centre! Refurbished by previous international volunteers, this building is now comfortable: there are dorms, toilets and showers, a shared kitchen and a huge communal lounge for spending time with other volunteers (ping pong table available)! A washing machine will be made available to the volunteers. Each volunteer will participate in everyday household tasks (cleaning, doing the dishes...). Meals will be prepared in groups : feel free to bring culinary specialities from your home country and your favourite recipe to share with everybody ! We cannot take care of you if you arrive before the starting date of the project, or if you stay after.

LOCATION:

Located 10 km south of Valence, in the Drôme department, Etoile (5000 inhabitants) is a town which overhangs the Rhône valley. Its village, at the heart of an enclosure of the 15th century, reveals an architectural heritage of quality: church, apparent-stone houses, chapel and castle. As for its countryside, it is characterized by much diversified landscapes (edge of river - Rhône and Véore -, agricultural and fruit-bearing zones, hills and woods). The teenagers of the MJC will be happy to share leisure activities with you (sports, visits...) and some other local organization as well : Lake festival at Etoile and national day on 14th of July, meeting with other workcamps. Other possible free time activities: excursion to discover the Vercors mountains, visit of nearby cities (Crest, Montélimar, Valence...) and their specialities : manufacture of Nougat, olive oil. More information : <http://www.drometourisme.com>
<http://www.vallee-drome.com>.

SPECIAL REMARKS/EXTRAS:

FRENCH

REQUIREMENTS:

1/This is a French speaking workcamp : French will be the main language for the daily life, the work and the activities ; we expect the volunteers to have a least a basic level of French 2 / Jeunesse and Reconstruction does not provide a car during the workcamp. 3 / At the end of the work camp, no transportation will be organized by our association (your group will organize it with the locals). You will then have to arrange your own means of transport to return to the train station and plan it during the camp with the team leader. 4/ More info about trains: <http://www.voyages-sncf.com> 5/ European volunteers should bring their European health care card, and everybody must, in any case, BRING THEIR INSURANCE CERTIFICATE. If health issues on the camp, the volunteers will have to pay for it, and then get reimbursed once back in the home country. 6/Do not forget to bring: a warm sleeping bag, a sheet, working and warm clothes (socks, sweaters and rain-coat-), solid and closed shoes for work, a hat/sunscreen/ sunglasses/swimsuit, camera, photos/souvenirs/games from your country. For male volunteers: short pants are generally prohibited in the public swimming pools in France, please bring a bathing suit. 7/ It is no longer possible to change traveler s checks in foreign currency at the offices of French banks; please go to exchange offices (airport, train station, big city) before arriving on site

DESCRIPTION OF WORKCAMP:

Enthusiasts for nature and french language, take note Come and discover the captivating region of Pierres Dorees through a variety of cultural and environmental activities on this workcamp This summer, the three neighbor towns of Chatillon d Azergues, Le Bois d Oingt and Chessy-les-Mines will welcome their 7th international workcamp in a row, in this pretty country located between Lyon and the famous Beaujolais region Young locals from the association Cap Generations (a social center), will participate in working on this French-speaking workcamp. Please note: the main conversation language in this workcamp will be French. More information about Cap Generations:<http://www.capgenerations.org/>

Take a deep breath of fresh air with Cap Generations Your volunteers team will take part in various types of outdoor.The first mission will be to carry on the renovation of a dry stone wall in Chatillon d Azergues village, started during the last summer workcamp. You will have the opportunity to learn this technique thanks to the specialists that will be happy to lead you on the working site. The second part will be dedicated to the arrangement of the municipal park of Bois d Oingt, a beautiful rose village in the heart of Beaujolais vineyards: with the help of local youngsters and volunteers, you will participate in the creation of a green spot for public use in the village center. Your mission: the maintenance of biodiversity by landscaping actions in the park. This project is very important for the inhabitants who decided for it together with their representatives; for you it will be a good opportunity to establish contact with French speakers and to actively participate in the local dynamic The work will take place every morning (4 - 5 hours per day, 5 days a week).

Chantier francophone / French speaking camp Ouvert a partir de 17 ans pour les participants francais

ACCOMODATION/FOOD:

This is a project for camping lovers The former Chessy-les-Mines camp site, which will be your accommodation place, is situated halfway between the two workcamp towns and offers an ideal situation near the village center, perfect for guitar nights and outdoor bbq Tents and mattresses will be provided by Jeunesse et Reconstruction; Attention: cold nights in the tents please don t forget to bring a warm sleeping bag and clothes A kitchen, toilets and showers will be reserved at your disposal in the ancient camping house. The meals will be cooked together, culinary specialities from your home country and your favourite recipe to share with everybody will be more than appreciated Every volunteer will participate in the domestic chores (cooking, dish washing, cleaning-). Careful: we will not be able to host you if you arrive before the starting date, and if you stay after

LOCATION:

Located 40 km away from Lyon, the Region of Oingt its vineyards filled landscapes, is called the small Beaujolais Toscana . You will have the chance to discover it through diverse activities Possible leisure and cultural activities during the camp: visits of the villages and wine cellars of Beaujolais, trip to the city of Lyon, French national day festivities (fireworks), meetings with the locals, shared meals, biking, meetings with other international workcamp, river swimming- But above all, many cultural and linguistic exchanges: do not forget to bring your board games, musical instruments, culinary specialties or favorite recipes and photos of your home country in order to share your culture with the inhabitants and the other volunteers. For more information you can watch this video (in French) about Le Bois d Oingt:<http://www.valdoingt.org/valdoingt/cine/video.html> CHATILLON D AZERGUES.

DESCRIPTION OF WORKCAMP:

Looking out over the plain of Valence and the surrounding mountains, this historical site offers a beautiful panoramic view of the region. The village contains natural and historical treasures, still hidden under the vegetation. In particular, a cave and a waterfall which deserve to be better known! Your task will consist of clearing plants away from the path going to these beautiful spots. You will be led by local volunteers who will be happy to show their natural heritage. The work will take place in the morning (5 hours per day) and you will have two days off per week, which will give you the opportunity to discover the surrounding area by means of cultural and sporting activities and excursions! Don't forget to bring old clothes and sturdy, closed shoes (such as work or walking boots) for the work!

ACCOMODATION/FOOD:

You will benefit from a shared living space, basic but comfortable. You will sleep in tents on a site not far from the centre of this small village. You will have access to a building belonging to the council which has a kitchen, a large room for group activities, WCs and a shower. Jeunesse et Reconstruction will provide tents and mattresses; Attention: cold nights in the tents please don't forget to bring warm sleeping bag and clothes! Meals will be prepared by the volunteers: don't hesitate to bring specialities or recipes to share with the other volunteers! The organisation cannot take responsibility for you if you arrive before the start date of the work camp or stay on after the end of the camp.

LOCATION:

Located approximately 20km from the town of Valence and at the foot of the Vercors, a mountain range in the southern Prealps, La Baume Cornillane benefits from a beautiful environment, perfect for walks and relaxation. It is a small village in which the only business is a restaurant and it has no fewer than 3 goat farmers! The residents will have their hearts set on showing you their region, countryside and gastronomic specialities. Possible activities: meal with a local family, visit to Valence, hikes in the Vercors to explore caves and cliffs, swimming, visit to a farm, tasting local products, discovering villages typical of the Drôme area and, of course, intercultural exchanges with the other volunteers and residents. Don't hesitate to bring games, musical instruments, culinary specialities or your favourite recipes, photos and souvenirs, in order to have an experience that will exceed your expectations!

DESCRIPTION OF WORKCAMP:

The association Mille Pattes , located in the municipality of Durban-sur-Arize wants to organize for the 4th time an international workcamp of young volunteers around the castle of St. Barthelemy. At the 11th century, a first castle was built, with smaller size, towards 1569, during religion wars, protestants attacked and burnt down the castle. In 1657 the castle is uninhabited. Founded in 1987, the association Mille Pattes has set a goal to create a place for meetings and cultural exchanges in Ariège. It was in 1990 that the association acquires the ideal place to facilitate these exchanges. It is a hill of 18 hectares situated above the gorge of Arize, in the municipality of Durban-sur-Arize, housing in its top the remains of a medieval castle and a chapel. Today, the association wants to go further in the conservation of these buildings, continue to protect the site, secure access to the castle and perfect conditions for permanent home visitors and volunteers. To this end, the association plans to host a group of young volunteers to assist in this work.

Supervised by a volunteer of the association Mille Pattes , young volunteers participate in various maintenance and development on the site of Chateau Saint-Barthelemy located in Durban-sur-Arize. This includes the restoration of walls (masonry works) and cleaning vegetation.

chantier ouvert a partir de 17 ans pour les participants francais

ACCOMODATION/FOOD:

You will stay in tents in the grounds of the castle. Important: housing conditions are simple (dry toilets and solar showers), notice to the lovers of peace and nature. Access to the castle is only by foot (15 minute steep path from the village, watch out for your travel bags - prefer a backpack). We cannot accommodate you if you arrive before the starting date of the workcamp.

LOCATION:

View of the castle by drone : <https://www.youtube.com/watch?v=CkJD8VyMQIo> Located halfway between Foix and St Giron, the village of Durban-sur-Arize, crossed by Arize is a charming village in the Ariège part of the Regional Natural Park of the Pyrenees. With the castle overlooking, the village has a remarkable built heritage with most of the stone buildings. This castle belonging to the association Mile Pattes is an ancient and medieval fortress dated 11th century. Located in the heart of Seronnais, the site offers many hiking. The members of Mille Pattes will offer you an introduction to archeology and rock climbing. DURBAN SUR ARIZE.

DESCRIPTION OF WORKCAMP:

The community of communes of the Bocage Bourbonnais is engaged in policies of animation and promotion of their territory. Therefore, it organizes a workcamp every year to give volunteers the chance to explore the beautiful region that gave birth to the Bourbon dynasty (king of France during the XVI – XIX centuries). This year, the workcamp will take place in two different towns.

In the first town, Saint Plaisir, you will repair and mark up a walking trail. You will also work on restoring the church's doors by repainting them with natural ochre paint that you will make beforehand. In the second town, Bourbon l'Archambault, you will clean up a community living-room. The work will consist of building partitions, painting, and you may also participate in the reparation of a dry-stone wall.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Saint Plaisir and Bourbon l'Archambault located 40 km west of Moulins sur Allier.

You will have the opportunity to visit and discover the region and all it has to offer : the Trivoli Garden, the medieval fair of Souvigny, and its historical heritage sites. A small bus will be provided for your trips.

ACCOMODATION/FOOD:

In multi-purpose rooms of different villages. The food will be provided, and the meals will be prepared by rotating groups of volunteers.

DESCRIPTION OF WORKCAMP:

The city of Saint-Yorre, known for its natural springs, has recently bought the park of Larbaud where one of these natural springs flows. This old thermal bath park is a magnificent place. Therefore, the town wishes to renovate the park and make it a convivial place for the local residents. For 4 years now, the town and local authorities have invited young volunteers to accompany and help them complete this project.

This year, the workcamp will work on re-opening an old path leading to the park that used to link to the thermal baths in the Larbaud Villa, located in the higher elevations of the park. The work will consist of removing the vegetation that is obstructing the old pathway, and of facilitating the circulation of pedestrian walkways. You may also participate in small demolition works at the Larbaud Villa that will restore the once spacious interiors. Finally, you will organize a festival that is set up each year to encourage the local residents to visit and to meet the volunteers working on the restoration of this place.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Saint-Yorre, located 8 km from Vichy.

You will have free time to explore the region on the last week of the workcamp. During the weekends, you will be busy working at the fair. However, you may enjoy the fair's activities.

ACCOMODATION/FOOD:

In a municipal building located in a park. The food will be provided, and the meals will be prepared by rotating groups of volunteers.

DESCRIPTION OF WORKCAMP:

The Beaufiest'yval is a festival of shows and animations for families and all ages, organized in a festive atmosphere. The festival will take place in an exceptional setting of 8 hectares located in the Beaufief park, in Mazeray (behind the castle). Organized by the Association of Beaufief Leisure Centre, an association that works to develop a real animation of the local life, this festival is a unique opportunity to live together and experience a time of sharing and conviviality.

You will work with volunteers, children and, youth of the Beaufief leisure center, on the preparation and the implementation of the festival. The work will consist of cleaning the park and making it attractive, and setting up the stages and stands. During the festival, you will be required to host the public and help the volunteers, and you will have the chance to perform on an open stage. So artists, get ready! After the event, you will help on cleaning up the site. Following the festival, you will organize exchanges with children from the leisure center. Activities, games, and moments of sharing and living together will enrich this cultural experience!

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Mazeray, Charente-Maritime, 1h from La Rochelle. The volunteers of Beaufief Leisure Centre will organize several activities to help you integrate into local life. They will accompany you to discover the richness of the area's historic heritage. Other attractions in the surrounding area include the artificial lake of Bernouet and its open-air-cafe.

ACCOMODATION/FOOD:

DESCRIPTION OF WORKCAMP:

The town of Nanteuil-les-Meaux wishes to raise eco-friendly awareness and solidarity practices among its inhabitants. A local youth association, Loisirs Jeunes, which organizes activities for local young people, is proposing to build a give-box with the help of an international workcamp. This shelter will be used as a storage for things that people want to get rid of but that can be used by other people.

With the support of a professional technical leader, you will build a wooden shelter, used as the give-box, in a garden near the townhall. You will also build all the necessary arrangements inside. During the whole project, you will work with local youngsters.

This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive a few days before, or leave a few days after the dates of the workcamp.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

The town of Nanteuil-les-Meaux is located 55 km east from Paris and 4 km from the town of Meaux.

During the workcamp you will be able to take part in cultural outings and activities organized with local young people and by local partners. You will have opportunities to discover the local heritage, such as the cathedral of Meaux. Other free-time activities will be organized collectively, depending on the wishes of the group and the available budget.

ACCOMODATION/FOOD:

You will sleep on mattresses in a big activity room. You need to bring along a sleeping bag. The building has toilets, showers and a kitchen. Food will be provided and cooked by the volunteers in turns.

DESCRIPTION OF WORKCAMP:

This is the second time that the town of Frederic-Fontaine hosts an international workcamp. The first year was a success, so the villagers are impatiently waiting to meet you.

You will renovate the pavement of two fountains, located in the centre of the village. You will be introduced to the masonry techniques on cutting and posing stones.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Frederic-Fontaine, at 10 km from Ronchamp and 30 km from Belfort.

The town and its inhabitants want you to have a unique experience. With them, you will have the occasion to visit touristic sites in Franche-Comté. If the weather allows, walks and swimming will be organized. You will be able to visit the city of Belfort, the chapel of Ronchamp, and to organize the traditional international meal.

ACCOMODATION/FOOD:

On camp beds in the local festival hall. Remember to bring your sleeping bag and a pillow. A kitchen will be arranged in the school's courtyard. You will be encouraged to be a part of the collective life. Therefore, you will be in charge of the kitchen and the stewardship, from time to time. Food will be taken care of. You will take showers in the villagers' houses, creating one more occasion for sharing and exchange.

DESCRIPTION OF WORKCAMP:

The village of Scey sur Saône has a remarkable patrimony that the villagers wish to highlight. They chose to organize an international workcamp in order to create an international dynamism in the village.

You are going to renovate the railings of the town's ancient museum, situated in the center of the village. The town wishes to bring back its proper level of quality. The work is mainly composed of painting.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Scey sur Saône is situated 20 km from Vesoul and 50 km from Besançon.

July is a month rich with vitality for the village: the 14th of July ball, the sport tournament? you will be invited to some events, which will give you the opportunity to build a closer relationship with the villagers. The local associations will also be involved in the project (the circus, the music association?) and you will be able to visit the nearby cities of Besançon and Vesoul. You will be involved in the choice of the activities, so any suggestion are welcome.

ACCOMODATION/FOOD:

You are going to sleep on mattress in the ancient museum, which will be arranged for the occasion. A kitchen will also be arranged on the same site. Remember to bring your sleeping bag and a pillow. You will take showers in the villagers' houses, creating another occasion for exchange and sharing. With the group leaders, you will also create the menus and alternate shifts in the kitchen. Meals with the locals will often be scheduled in order to help you build a relationship with them, and to discover the local gastronomy.

DESCRIPTION OF WORKCAMP:

This year, we are going to do the 10th edition of the international workcamp in the town of Esprels! Ten years of renovation, sharing, construction of peace and strong bonds between villagers and volunteers. So come and join us!

You are going to continue the renovation of Street Saint Desle's gutter, which began last year. In a multicultural and heterogeneous group, you will learn how to work in a team. You will also learn both, masonry and the proper way to cut stones. Although the workcamp doesn't require any specific competence, the work will be a bit physical and subject to the local weather.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Esprels is a small village in the rural area of Haute Saône. It's 20 km from Vesoul and 50 km from Besançon.

With the help of the villagers, you're going to have the possibility to discover touristic places in the region: among them the historic citadelle in Besançon and the chapel of Ronchamp. But it will also be on you, the volunteers, to propose activities. The villagers are very engaged in the life of the workcamp. They will invite you for dinner, an aperitif, or a coffee. You will have the opportunity to build strong bonds with the locals, and feel like you're a part of the village.

ACCOMODATION/FOOD:

You're going to be located at the centre of the village, in the town hall. You will sleep in a common room with camp beds, so remember to bring your sleeping bag and a pillow. A kitchen will be arranged near the school. You will be encouraged to participate in the collective life. Therefore, you will be in charge of the kitchen and the stewardship from time to time. Food will be taken care of. You will take showers in the villagers' houses, creating another occasion for exchange and sharing.

DESCRIPTION OF WORKCAMP:

At the heart of the Valley of Man, worldwilde-famous for its historical and prehistoric heritage, the municipality of Les Eyzies-de-Tayac-Sireuil, is delighted to welcome for the first time an international workcamp! Effervescent during summer time, this area is very busy all the year long.

You will work on the renovation of two wash houses of the municipality, situated in the center of the village: you will clean the access and will make some stonework. You will give brightness back to this local heritage, which the inhabitants and the visitors of the whole world come to admire. Many festive events are organized in Les Eyzies throughout the summer, and you will be invited to contribute to the organization: the greatest occasion to create links with the inhabitants.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Les Eyzies-de-Tayac-Sireuil is 45kms away from Périgueux, and 20kms away from Sarlat-la-Canéda.

During your spare time, you can discover the neighborhood that the river of Vézère has sculptured for millenniums: troglodytic sites, caves... you will also have the chance to do some nautical activities (canoe, swimming...). The local associations and the inhabitants are glad to exchange and share with you friendly moments.

ACCOMODATION/FOOD:

Accommodation will be in tents. and will have access to kitchen and sanitary facilities. Food is included, and you will cook in turns.

DESCRIPTION OF WORKCAMP:

Do you wish to discover the rural bourbon lifestyle ? If yes, come and immerse yourself in the bocage sud where you are sure to experience a friendly welcome from the beginning ! For over 10 years now, the villages of Noyant and Saint Hilaire have been hosting international workcamps, and the local residents eagerly wait each year to meet new volunteers. During this workcamp, the villagers will invite you to visit the mine museum and the buddhist temple, to try the bike-rail, and to share festive and convivial moments with them. The schedule (10 days in each village), will allow you to discover a diverse territory : the territory of Noyant d'Allier that is marked by a significant asian presence, making the village wonderfully diverse and lively, and the more traditional village of Saint-Hilaire.

Starting off at Noyant d'Allier, you will work on the projects that were started last year : renovations at the Musée de la mine, maintenance of old tools, and restoration of the church's doors. The work will consist of sanding and repainting the doors with natural ochre paint that you will make beforehand. Next, at Saint-Hilaire, you will be introduced to traditional masonry techniques by working on a surrounding wall. The work will consist of cleaning the wall and then repointing it with lime mortar. Finally, an old building situated in the courtyard of the city hall, has to be completely uncovered. So, you will have to redo the framework and cover it in tiles after cleaning them. For the entire workcamp, you will be under the supervision of a professional brick-layer.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Saint Hilaire and Noyant-d'Allier, located 25 km from Moulins-sur-Allier.

This workcamp will give you the opportunity to meet young people of the region, to discover the countryside lifestyle, and to visit touristic places. A small bus will be provided for your trips.

ACCOMODATION/FOOD:

In the villages' common rooms. The food will be provided, and the meals will be prepared by rotating groups of volunteers.

DESCRIPTION OF WORKCAMP:

Located in the heart of the Hautes-Alpes, the association "Les Villages des Jeunes", www.villagesjeunes.org, manages, runs and renovates a hosting centre at Vaunières since 1964! It is an old mountain hamlet that has become both a "trampoline" for youth and adults facing hardships, and a welcoming place for French and international volunteers. Vaunières is a vacation destination for families, tourists and people with disabilities who come to enjoy the calmness of the mountain and the place's dynamic atmosphere. Our workcamps, with volunteers from all countries, allow us to reinforce the cultural diversity of our work, and to open up the site to the world, making it a place where people from all ages and socio-cultural backgrounds agree to meet each other by working together and sharing the life of the community. We hope that, whether you are a French or an international volunteer, you too will join us in an atmosphere of exchange and "do-it-together" that characterize our project.

The hosting centre is composed of several buildings including the "Hotellerie" House which was restructured in 2014 by adding housing and a lodge. This workcamp will focus on insulating the walls of the building, especially the northern façade (all other façades were completed in the summers of 2014-2016). You will add natural insulation after preparing the walls and constructing a solid wood frame that will allow us to add the plaster. This project will also teach you new techniques and skills including traditional coating and the use of environmentally friendly materials.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Vaunières (7km from St. Julien en Beauchêne, and 50km from Gap).

Located within a remarkable natural environment, Vaunières is an ideal place to go hiking in the mountains and discover the rural life with its farmers' markets and its producers. In the evenings you will be able to organize games, screenings, international meals and more. Tourist visits will also be a possibility.

ACCOMODATION/FOOD:

In individual tents with access to a sanitary block accommodated with 3 showers and toilets. As for meals, you will eat with the other volunteers and local residents. Different groups will alternate to cook the meals, do the dishes, and clean up after the meals.

DESCRIPTION OF WORKCAMP:

Situated at the crossroad between Charente-Maritime, Dordogne, and Gironde, Cercoux is a charming and small village surrounded by vibrant nature. A strong sense of local volunteer work, striving to liven up the city center and it's surrounding areas by rehabilitating heritage sites that were classified in Natura 2000, has nurtured a collaborative relationship between Cercoux and the association Solidarité Jeunesses Poitou-Charentes. Therefore, this project will work towards renovating the community wash house, which, surrounded by nature, encourages respect towards the environment, and calls for a durable development. This year, we hope that your experience at this workcamp will be rich in humanitarian and environmental awareness.

Under technical supervision, you will work on renovating the community wash house made out of wood. Therefore, you will have the opportunity to learn different techniques of carpentry, as well as the basic theories and techniques that will allow you to complete the first stage of assembly. You will also work on reestablishing the ecosystem around the wash house, thanks to the expertise and support of the association Argiope, whose objective is to encourage a knowledge and develop a study of nature.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Cercoux, Charente-Maritime, between Bordeaux and Angoulême.

Cercoux is situated at the crossroad of big cities: Bordeaux, Angoulême, and not far from St. Emilion and Cognac, which are all known for they wine-vineyards. Excursions and event trips with local residents will be organized, to give you the opportunity to meet people and experience cultural exchange. During you free time, you will also be able to go to the movies, to spend time at the swimming pool, or to go on trips to further destinations, such as the ocean or la Rochelle.

ACCOMODATION/FOOD:

In groups, indoors, in one of the classrooms of a local elementary school.

DESCRIPTION OF WORKCAMP:

The towns of Châtel-de-Neuvre and Cressanges began to host international workcamps in 2015, and now, they are under their charm ! The local residents wait for you with open arms, and are ready to share wonderful experiences with you and invite you to discover their town. This is a moving workcamp, so you will stay 10 days in each town.

In Cressanges, you will work on projects that were started last year : the restoration of a surrounding wall in an elementary school. You will work on repointing and leveling the exterior face of the wall. You will learn how to apply traditional masonry techniques, such as the use of lime mortar, and how to lay small tiles in order to make a typical Bourbon wall cover. You will also help the local residents organize and host the Cressanges flea market. Next, in Châtel-de-Neuvre, you will take part in the restoration of the village church. This roman church, dating back to the 11th century, has been named as a historical monument, and now strives to protect this title. It will be necessary to complete the work, following the rule of art ! The work will consist of redoing the masonry work of the walls that have suffered from humidity : cleaning and repointing the walls with lime mortar.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Cressanges and Châtel-de-Neuvre (Allier), located 25 km from Moulins-sur-Allier.

This workcamp will give you the opportunity to interact with local residents, to discover the countryside lifestyle, and to visit the surrounding touristic sites and villages. You will also be able to enjoy Vieure's bodies of water, which are perfect for canoeing. A small bus will be provided for your trips.

ACCOMODATION/FOOD:

In municipal buildings at the center of each village. The food will be provided, and the meals will be prepared by rotating groups of volunteers.

DESCRIPTION OF WORKCAMP:

The Pinson Mound Redoubt, a military fortification dating back to the late 19th century, used to protect the city of Paris. The redoubt is currently hosting some local associations (apiculture, shooting, wine making). International summer camps have contributed over the years to the restoration and renovation of the fort, aiming to open it to the public (especially for heritage days in September).

This year, the work will focus on two main tasks. First you will continue to restore the fort's surrounding wall with traditional building methods. Then you will remove the vegetation around the entrances of three tunnels of the fort, in order to facilitate the access to them. During the whole project, you will work with local youngsters. This summer camp is organised in partnership with four neighboring towns, the goal being to encourage local young people to engage themselves in projects in their community.

This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive a few days before, or leave a few days after the dates of the workcamp.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

The fort is located at the top of a small hill in the middle of a 110 hectare regional park and near some urban areas. The town of Montmagny is located 15 km north of Paris.

During the workcamp, you will be able to take part in cultural outings and social exchanges organised with local partner associations and with local young people. Other free-time activities will be organized collectively, depending on the wishes of the group and the available budget.

ACCOMODATION/FOOD:

You will sleep on inflatable mattresses in school dormitories. You need to bring along a sleeping bag. Food will be provided and cooked by the volunteers in turns. One kitchen is located at the school and another kitchen for lunches is located in the fort. Showers are available in the school.

DESCRIPTION OF WORKCAMP:

In the East of the department of Dordogne, Thenon is a charming place lined by the Barade forest. Very dynamic village of 1600 inhabitants, Thenon is located between Périgueux and Brive-la-Gaillarde cities, halfway between the departments of Dordogne and Corrèze. The center of the village is very lively, and gives way to an important local animation: creative craftsmen, storekeepers and artists are gathered in the « Street of Arts ». The municipality is happy to welcome you!

At the heart of the village, you will revalue the accesses to the church: from the impressive main staircase, through the connecting path, you will give a new breath to this beautiful church. At first, you will have to do some cleaning and weeding. Then, you will discover some stonework works: repointing of paving stones and some steps. Your intervention will have a direct impact on the population. You will also be invited to take part in many animations of the village the summer!

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Thenon is 35 kms from Brive-la-Gaillarde and Périgueux, and 15 kms from Montignac.

During your spare time, you will have many things to do: canoeing, tree-climbing, hiking and activities in partnership with the leisure center, markets... every day, something happens in Thenon! The local associations and the inhabitants will be glad to share with you friendly moments, in particular on the occasion of the international meal!

ACCOMODATION/FOOD:

In a common room of the multi-purpose hall, with kitchen and sanitary facilities nearby. Food is included, and you will cook in turns.

DESCRIPTION OF WORKCAMP:

In the heart of the Hautes Alpes region, the association "Les Villages des Jeunes" (www.villagesdesjeunes.org), in partnership with the SIVU of Haute-Maraize, has been managing, renovating, and reviving the reception centre of le Faï since 1990. It is a former agriculture domain situated at an altitude of 1000 meters. The old buildings of the farm have been developed into small apartments and group accommodations. At le Faï, from April to December, the association organises inclusion projects for local people facing social and professional difficulties, and host teenagers and young adults experiencing family, health or professional difficulties, in order to give them a possibility to get professional experience. In the summer, the Faï is also a place where professional artists and musicians come to work in and with this extraordinary place. Together, they create and perform at the yearly festivals that take place at the Faï, such as FestiFaï, Échos, and La Montagne qui chante (The Mountain that Sings). The international workcamps organised at the Faï contribute to make this place something "extra", where people of different ages, from different countries and cultures, employees and volunteers, artists and tourists, live and work together for some days or several months. We hope that you, a volunteer from France or abroad, will also join this spirit of encountering and working together which bring our project to life.

Currently, the catchment area at the source of the farm is in a small wood accessible to the animals and walkers. In order to protect this catchment, you will create an enclosure around this place. Different techniques will be required: masonry, gardening work, brushing, and especially techniques of installation of a wire fence and a gate. Furthermore, last year's workcamp started a permaculture project at the Faï farm! Those who wish to, may contribute to the work related to this project: development of the greenhouse (ventilation, insulation, siding, window pane liming, ...); wood construction (vermicompost, frame, insect house, perches, storage cabin, chassis, guardians); water management (rainwater harvesting, irrigation system, bearish).

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

The Le Faï farm (3 km from the village of Saix and 30 km from Gap)

ACCOMODATION/FOOD:

In individual tents located in the welcoming center of Faï, 05400 Le Saix, where volunteers from other workcamps will stay as well. You will also have access to bathrooms and the welcom center's rooms. The entertainment team will also invite you to become more involved in the community's life : menu and meal preparation using local produce, dish-washing, and clean up.

DESCRIPTION OF WORKCAMP:

An incredible medieval village with enthusiastic locals, and a magnificent welcoming environment, Aveyron is as real as it is beautiful and great! In Aveyron, time is not the same: it passes differently and it's at Salmièch, a small charming village, where you will feel the spirit of time. In this village, a church was built from the remains of a castle, and after many years, it has been the home of the rural museum of charroi. Classified as a museum of France in 2002, this museum presents a beautiful collection of ancient wheels, antique carriages and carts, and diverse artisan tools, all which date back to the golden past. Therefore, don't hesitate. Come join us on a journey into the past of great Aveyron!

We will be cleaning and arranging stones from the ruins of the castle from which the Church of Saint-Firmin was built. After many years, the church is home to the museum of rural Charroi. In collaboration with the association « Friends of the Museum », you will bring and arrange your stone that will help maintain this historical place. This year, we will clean, restore, and do masonry work in order to bring light to this patrimonial site that is a part of a picturesque environment worthy of interest.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Salmièch, located 27 km from Rodez, and 187 km north of Toulouse.

You will have the opportunity to discover Aveyron and its rich natural sites, such as the canyons of Aveyron and Céor, and the historical architecture of its fortified towns, abbeys, and castles. You will also be able to participate in summer events like the market of countries that welcomes a significant number of artisans and local producers each year, as well as the village festival. Finally, you will indeed have the opportunity to meet locals who will be more than happy to share the unique history of their village with you.

ACCOMODATION/FOOD:

In a hosting center accommodated with rooms, bathrooms, and kitchens.

Male Places:	6	Vegetarian Places:	0		
Female Places:	6	Disabled Places:	0		
Extra Fee:	0 EUR				

DESCRIPTION OF WORKCAMP:

At the foot of the Massif du Dévoluy, in the Hautes-Alpes, stand the remains of the castle of Lesdiguières, located at the entrance of a hamlet of the same name, in the district of Glaizil. This castle was built in the 16th century by François de Bonne, the future duke of Lesdiguières and the last constable of France. Today, only the ruins of the old chapel, the towers, and broken down sections of the walls can be found at the site of this once-grand castle, ranked as a French national historic monument. The general council of the site's owners and the association of Lesdiguières, have decided to preserve this piece of local history, and to bring it back to life. It is with this goal in mind that, since 2010, a dynamic partnership has formed with the association "Les Villages des Jeunes" to organize an international youth workcamp each year. Following a 2012 report stating that the 17th century left a serious and unknown mark on the Dauphiné, many academics and conservatives decided to name 2017 the « year of Lesdiguières ». In fact, the 400 year celebration of Duke's second marriage will call for a number of activities, organized by different community players (the general council, the tourism office, etc.)

In 2017, you will apply a coating on the elevation of a wall along the southern door. The coating will be a mixture of lime mortar and natural materials. The finishing stage of the coating is called « fouettée ». This will be your opportunity to discover and learn about the ancient techniques of masonry work and how they were applied to medieval building.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Lesdiguières, town of Le Glaizil (30 km from Gap).

You will be able to organize hikes, swimming trips, sports and games, and sightseeing tours in the surrounding areas. You will also have the opportunity to attend the events celebrating the 400th anniversary of the Duke's marriage. During your free time, you will also be able to organize events with locals such as international meals, joint workcamp days, parties, festivities?

ACCOMODATION/FOOD:

In tents on the «La Pra » campground, located at the entrance of the Valgaudemar valley. On the campground, you will enjoy a calm stay in a green setting. You will have access to camping equipment : toilets, cater fountains, and a community barbecue. The entertainment team will encourage you to participate in the community's life: menu and meal preparation using local produce, dish-washing, and clean-up...

DESCRIPTION OF WORKCAMP:

Welcome to the heart of the black Périgord! This three weeks workcamp will take place in two phases, on two nearby municipalities: Audrix that is made of stones to open the festivities, then, Saint-Chamassy with its 2 castles to end on a high note. These two beautiful municipalities abound in small traditional heritage, and are delighted to welcome you!

You will work on a fountain and a wash house that need to be rehabilitated, and you will facilitate the access of the hiking trail going to the fountain. On August 5th, you will have the chance to contribute to the organization of the festival of St-Chamassy: a very friendly time to exchange.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Audrix and St-Chamassy are located between the Dordogne and Vézère rivers. The villages are 45km away from Périgueux, Bergerac and Sarlat.

During your free time, you will have plenty to do: hiking in the valley, along the Vézère riverside, swimming, going to local markets... During summertime, those two villages are close to many famous and lively places. Local associations and inhabitants will be happy to share friendly time with you.

ACCOMODATION/FOOD:

You will be hosted in a tent and you will have access to sanitary facilities, and kitchen. Food is included, and you will cook in turns.

DESCRIPTION OF WORKCAMP:

The Gallo-Roman site of Sanxay is one of the major archaeological sites of the old province of Aquitaine. Tucked between the twist and turns of the Vonne Valley, this small village used to stretch over 25 hectares and was occupied from the 1st to the 5th century. Sanxay underwent an important development and monumental phase during the 11th century AD. The archaeological site of Sanxay is one of the best conserved ancient sites of France, and must remain so. In this regard, the Center of National Monuments asked our association to be present.

This workcamp will give you the opportunity to learn the techniques of modern archaeological excavation, and to put them into practice by working on an old landyard of rubble dating back to the 19th century. The excavation will be significant because it will reveal important historical facts of the place, and it will allow us to learn how the first archaeological excavations were carried out. Therefore, the work will consist of doing an analysis of archaeology. Under the supervision of an archaeologist, you will have to remove all the rubble, clean the zone, and sort the stones. You will have to be very vigilant and meticulous during the clean-up, because you may find archaeological remains or objects. You will also be working with other local youth during the workcamp.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Sanxay, 30 km from Poitiers.

ACCOMODATION/FOOD:

In groups, in tents on the Sanxay campground (pool, river, multi-sport areas)

DESCRIPTION OF WORKCAMP:

Conflandey will host its first international workcamp this year. The villagers wish to be active for a project that is useful for the area and will allow them to discover new cultures.

You are going to participate in the renovation of a cemetery's wall, which is in a very bad condition. In a multicultural and heterogeneous team, you will learn to cooperate. As you build the wall, you undo your prejudices. The work will be a bit physical, and it will take place 5 minutes by foot from your accommodation.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Conflandey is situated at 30 km from Vesoul and 60 km from Besançon.

The ties with the local population will be strong. They will take you to discover the local touristic places (the clod of Vesoul, Besançon?). Meals with them will be regularly organized. You will be considered in the choice and proposition of the activities.

ACCOMODATION/FOOD:

You will be hosted in the town hall, at the centre of the village. You'll be sleeping in a common room on camp beds. Remember to bring your sleeping bag and pillow. A kitchen will be arranged in the school's courtyard. You will be encouraged to be part of the collective life. Therefore, you will be in charge of the kitchen and the stewardship, from time to time. Food will be taken care of. You will take showers in the villagers' houses, creating another occasion for exchange and sharing.

DESCRIPTION OF WORKCAMP:

The organization Neige et Merveilles is working on a series of studies and valorisation programs linked to the mining heritage of Vallauria; one of the maritime Alps' silver mines. In the near future, this mining site will be open to the public. You will be participating in the construction of a support wall, which will be built using traditional dry-stone wall construction techniques. This secured platform will provide future visitors with an area where they will be able to stop and listen to guides, and discover the entrance of the vast open ceiling cave (11th century) of the medieval mine.

You will be working outdoors on the mine's access path. Rocks gathered at this location will be used in the construction, respecting the natural appearance of the site. (Length of wall to be built: 15m – Height according to the landscape of between 0.60m and 1.50m). You will be working four days per week from 08:30 to 12:00 and 14:00 to 17:30. You will be accompanied by a technical supervisor who specialises in the restauration of heritage.

Working on secured scaffolding. Some rocks will be heavy and difficult to move.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Tende - 2 hours from Nice by train. Neige et Merveilles is situated at 1.500 metres of altitude in an isolated mountainous area, 10 km from the Closest village of Tende, and 50 km from Vintimille (Italy).

You will have the chance to visit the villages in the valley, the Merveilles museum in Tende, archaeological sites located at the heart of the Mercantour national park and the Vallauria mine. You will also be offered the opportunity to take part in hiking and other sporting activities, which you will decide on collectively. Speakers (local guides) will be invited to help you meet members of the local population.

ACCOMODATION/FOOD:

You will be sharing a room with 3-4 other volunteers. Bathrooms are also shared. Meals are prepared by our kitchen staff. You will be asked to lend a hand with the preparation of some food, tidying the dining area, and doing the dishes.

DESCRIPTION OF WORKCAMP:

For the 21st year now, the association Souvigny Grand Site invites a group of volunteers to get involved and carry out a remarkable one-week medieval event. This event attracts and hosts more than 30,000 visitors each year. It is a wonderful opportunity for volunteers to discover the costumes and traditions that are a part of French medieval culture.

You will take part in the preparation, as well as in the daily animation of several stands. During the fair, you will be asked to dress-up in medieval costumes, and to prepare the pauper soup, or to wait the tables during the banquet. At the end of the festival, you will help with clearing the location. You will be involved in all phases of the process: assembly, animation, disassembly and clean up. Attention, this will be a very intense week of work. This workcamp is a challenging experience which will require a lot of energy and flexibility. Certain evenings, the stands will be open until midnight!

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Souvigny, located 10 km from Moulins-sur-Allier.

You will have time to explore the region on the last week of the workcamp. During the weekends, you will mostly be occupied by the fair, but you will be able to take advantage of the activities at the fair.

ACCOMODATION/FOOD:

In a dormitory. Food will be provided, and meals will be prepared by rotating groups of volunteers. In the afternoons, you will eat with the other festival volunteers.

Female Places:	5	Disabled Places:	0		
Extra Fee:	0 EUR				

DESCRIPTION OF WORKCAMP:

Live the village life, meet the friendly residents, and participate in the building of peace ! At the heart of a vast and green forest in a magical ambience, lies an ancient stone bridge. Saved by a multicultural community that worked on it's reconstruction for 4 years, it is seen today as a symbol of peace between the peoples. For the 5th time this year, Morlhon-le-Haut will welcome a group of international volunteers to restore this bridge. Sheltered by a village perched on a hill ringed with trees, this small yet magical heritage site has, for a long time, been left forgotten. 50 years ago, one of the bridge's arches was partly destroyed by a flood. Fortunately, two groups of international volunteers reconstructed the arch. In 2016, the fourth workcamp of volunteers started the construction of the parapets that you will now work on to finally erect this symbol of peace !

The goal is to make the bridge more practicable by completing the final touches. You will mostly be working on ground pavement (you might create a mosaic at the center of this). One part of the workcamp will be dedicated to the clean-up of pedestrian pathways leading to the bridge. Passionate in the works of masonry and a master in the necessary techniques, an employee of the community of Morlhon-Le-Haut will be by your side and introduce you to the methods traditionally implemented in the construction of stone bridges.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Morlhon-le-Haut, located 135 km northeast of Toulouse, between Cahors and Rodez.

You will have the opportunity to discover Aveyron's natural sites, such as the canyons of Aveyron and Doulouze, and the historical architecture of it's fortified towns, abbeys, and castles. You will also be able to participate in the village's festivities, such as the « Festival of fortified towns » in the surrounding medieval towns, and Morlhon's « Festival of the Lake », where, following tradition, the local youth called « classards » go around the village offering flowers to each house.

ACCOMODATION/FOOD:

In dorms situated in the village's festivities venue.

Male Places:	6	Vegetarian Places:	0		
Female Places:	6	Disabled Places:	0		
Extra Fee:	0 EUR				

DESCRIPTION OF WORKCAMP:

Supported by the French Red Cross, The Medical Education Institute (MEI) of Tonnay-Charente, has undertaken the mission to welcome children and teenagers suffering from a light intellectual deficiency. Now settled in the Castle Les Capucins, the former tuberculosis hospital, the MEI, develops an individualized project that helps teenagers to build self-confidence, to learn the community life, and to be more independent, by encouraging them to build a future life, and to develop a love for learning (academic training or professional).

To welcome the children and teens, the buildings have to be in good condition. The main building, a castle from the 17th century, is therefore under continuous renovation and restoration. Under the supervision of a referred technician of the MEI, and in collaboration with some children and teenagers who are a part of the MEI, you will work on restoring the terrace of the MEI's restaurant. The work will consist of stone-paving in the roman style, and building two small walls on each side, using lime mortar and implementing traditional masonry techniques.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Tonnay-Charente, Charente Maritime, around 40 km from La Rochelle.

In order to live and share times of intercultural exchanges, the hosts will organize excursions in the region and animations with the local population. You will discover the local heritage: a suspension bridge, a former abbey, and a priory. During your free time, you will participate in the local summer festivities (music festival, night market..), and you will visit the famous nearby town of La Rochelle. You will also be able to enjoy a stroll on the beach and swim in the ocean.

DESCRIPTION OF WORKCAMP:

Always international, the "fête de l'Oie" puts the spotlight on dance this year: it is in Coulaures, a charming village settled in White Périgord, Northeast of the department of Dordogne that will take place the event. For two years, the municipality welcomes an international workcamp on the occasion of the annual festival, which attracts more than 1000 visitors!

You will decorate costumes and floats as part of the "Fête de l'Oie", the annual festivity of Coulaures which celebrate a new topic every year, with an international dimension. "Journey through dance" is the theme of this year: in addition of the creative part, you will work on choreographies in order to cheer up the festival, and will be involved in the global organization of the event!

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Coulaures is 15km away from Thiviers, 30km away from Périgueux, and 8km way from Excideuil.

During your spare time, you can discover the magnificent landscapes of Dordogne, visit the castle of Excideuil, or Périgueux city, full of History. The workcamp will take place during the summer time, a lively season: you will be able to meet the local residents at the farmers' markets, during the festival and during the traditional international meal that you will share with them.

ACCOMODATION/FOOD:

In a shared room in the town's hall of events with kitchen and sanitary facilities access. Food is included, and you will cook in turns.

DESCRIPTION OF WORKCAMP:

Located in the heart of the Hautes-Alpes, the association "Les Villages des Jeunes", www.villagesjeunes.org, manages, runs and renovates a hosting centre at Vaunières since 1964! It is an old mountain hamlet that has become both a "trampoline" for youth and adults facing hardships, and a welcoming place for French and international volunteers. Vaunières is a vacation destination for families, tourists and people with disabilities who come to enjoy the calmness of the mountain and the place's dynamic atmosphere. Our workcamps, with volunteers from all countries, allow us to reinforce the cultural diversity of our work, and to open up the site to the world, making it a place where people from all ages and socio-cultural backgrounds agree to meet each other by working together and sharing the life of the community. We hope that, whether you are a French or an international volunteer, you too will join us in an atmosphere of exchange and "do-it-together" that characterize our project.

The hosting centre is composed of several buildings including the "Hotellerie" House which was restructured in 2014 by adding housing and a lodge. This workcamp will focus on insulating the walls of the building, especially the northern façade (all other façades were completed in the summers of 2014-2016). You will add natural insulation after preparing the walls and constructing a solid wood frame that will allow us to add the plaster. This project will also teach you new techniques and skills including traditional coating and the use of environmentally friendly materials.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Vaunières (7km from St. Julien en Beauchêne, and 50km from Gap).

Located within a remarkable natural environment, Vaunières is an ideal place to go hiking in the mountains and discover the rural life with its farmers' markets and its producers. In the evenings you will be able to organize games, screenings, international meals and more. Tourist visits will also be a possibility.

ACCOMODATION/FOOD:

In individual tents with access to a sanitary block accommodated with 3 showers and toilets. As for meals, you will eat with the other volunteers and local residents. Different groups will alternate to cook the meals, do the dishes, and clean up after the meals.

Female Places:	6	Disabled Places:	0		
Extra Fee:	0 EUR				

DESCRIPTION OF WORKCAMP:

In the heart of the Hautes Alpes region, the association "Les Villages des Jeunes" (www.villagesdesjeunes.org), in partnership with the SIVU of Haute-Maraize, has been managing, renovating, and reviving the reception centre of le Faï since 1990. It is a former agriculture domain situated at an altitude of 1000 meters. The old buildings of the farm have been developed into small apartments and group accommodations. At le Faï, from April to December, the association organises inclusion projects for local people facing social and professional difficulties, and host teenagers and young adults experiencing family, health or professional difficulties, in order to give them a possibility to get professional experience. In the summer, the Faï is also a place where professional artists and musicians come to work in and with this extraordinary place. Together, they create and perform at the yearly festivals that take place at the Faï, such as FestiFaï, Échos, and La Montagne qui chante (The Mountain that Sings). The international workcamps organised at the Faï contribute to make this place something "extra", where people of different ages, from different countries and cultures, employees and volunteers, artists and tourists, live and work together for some days or several months. We hope that you, a volunteer from France or abroad, will also join this spirit of encountering and working together which bring our project to life.

Currently, the catchment area at the source of the farm is in a small wood accessible to the animals and walkers. In order to protect this catchment, you will create an enclosure around this place. Different techniques will be required: masonry, gardening work, brushing, and especially techniques of installation of a wire fence and a gate. Furthermore, last year's workcamp started a permaculture project at the Faï farm! Those who wish to, may contribute to the work related to this project: development of the greenhouse (ventilation, insulation, siding, window pane liming, ...); wood construction (vermicompost, frame, insect house, perches, storage cabin, chassis, guardians); water management (rainwater harvesting, irrigation system, bearish).

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

The Le Faï farm (3 km from the village of Saix and 30 km from Gap)

ACCOMODATION/FOOD:

In individual tents located in the welcoming center of Faï, 05400 Le Saix, where volunteers from other workcamps will stay as well. You will also have access to bathrooms and the welcom center's rooms. The entertainment team will also invite you to become more involved in the community's life : menu and meal preparation using local produce, dish-washing, and clean up.

DESCRIPTION OF WORKCAMP:

The friendly residents of Lot welcome you with open arms to discover an unbelievably beautiful and preserved rural heritage site. Lugagnac and Crégols are two charming villages that border each other and are typical of Lot. In 2016, the first group of international volunteers was amazed by the warm welcome of the residents. However, the friendly residents of two villages will welcome you to immerse yourself in the local culture, and to become a part of the daily life of both villages for 3 weeks. During the summer, these villages, located amid the beautiful Parc Naturel des Causses du Quercy, are entirely illuminated by the sun, and enveloped by the sound of cicadas, making it an ideal place for adventurous spirits looking to discover the natural trails, hills, and rivers within this land of legends located steps away from the majestic valley of Lot.

You will be trained in dry stonebuilding, an ancestral technique that gives this region's villages their charm. Afterwards, at the heart of this exceptional nature, you will participate in the restoration of ancient wash houses, as well as the renovation of an old bread oven, and help assemble the framework. You will be supervised by a group of passionate local volunteers who will be happy to share their knowledge with you.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Lugagnac, located 120 km from the northeast of Toulouse, between Cahors and Brive-la-Gaillarde.

You will participate in local summer festivities like the festival of music in Limogne-en-Quercy or the gourmet market of Lugagnac, and will have free time to enjoy the local natural and cultural heritage of Quercy : the valley of Lot, walking tours, bike and canoe rides, and visits to Saint-Cirq-Lapopie, Cahors, and other remarkable sites in the proximity. The residents of Lugagnac and Crégols are already planning surprise outings such as an invitation to lunch or dinner, visits to exceptional sites, and a walk under the stars, all making each day a marvel.

ACCOMODATION/FOOD:

In tents of 6 to 8 people, located next to a charming covered space accommodated with a kitchen and an outdoor lounge. You will have access to showers and toilets. If you wish to have more privacy, you may bring your own personal tents.

SPECIAL REMARKS/EXTRAS:

This project should not be seen as a sightseeing trip to Paris. If you wish to visit Paris, you should arrive a few days before, or leave a few days after the dates of the workcamp.

DESCRIPTION OF WORKCAMP:

This summer, some local youth associations are organizing, for the sixth time, a local cultural event, the 'Festi'Val Fraîcheur', which aims to promote the expression of cultural diversity, to create links between different generations of people, and to encourage young people to become engaged in their community.

As a volunteer in this camp, you will work with local young volunteers from various partner organisations to help to prepare the event. The work will first consist of preparing the place where it will take place, as well as building some furniture using recycled material. You will also help to promote the festival in the local community and to host participants. After the event, you will help clear the site of the event, and celebrate the end of the project with the local partners!

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

You will have the opportunity to meet many other young people from the community of Torcy and its surrounding areas. Some activities will be organized with the support of local partners and associations. You will also be able to arrange other activities according to the opportunities and the available budget.

ACCOMODATION/FOOD:

You will sleep on mattresses in a local sociocultural centre. Please bring a sleeping bag with you. The centre has bathrooms and showers, as well as a kitchen. Food will be provided and cooked by the volunteers in turns.

LOCATION:

Torcy is approximately 30km east of Paris. The project is organized in the centre of Torcy..

DESCRIPTION OF WORKCAMP:

A vibrant village awaits you ! Hundreds of volunteers have already stepped foot on this village, and you will be the next ! The town of Verfeil sur Seye has been a loyal partner of Citrus for a long time now. It is a small and medieval fortified town from the 18th century, built on a promontory located amid a beautiful landscape of wooded hills. Its past is governed by rich and historic events, and today, in a visible tranquility, the town is home to a significant diversity of characters and community-run activities. Colette Magny, a famous jazz singer, once lived here.

Many workcamps have already taken place in Verfeil, and this one will partake in the reconstruction of a retaining wall and the restoration of a wash house. Therefore, you will be introduced to small masonry work. You will also be accompanied by Christian, a motivated and enthusiastic municipal employee, who is impatiently waiting for your arrival.

COMPLEMENTARY ACTIVITIES - LEISURE ACTIVITIES:

Verfeil sur Seye, located 100 km northeast of Toulouse, between Albi and Montauban.

You will be able to go on walks along the numerous pathways all around Verfeil, and to join the local residents in a game of pétanque. You will also have the opportunity to participate in the village festival, discover the beautiful countryside of Rouergue and the canyons of Aveyron, and visit the surrounding medieval villages of Saint-Antonin-Noble-Val, Najac, and Cordes-sur-ciel. Finally, you will also enjoy the rich exchanges with local residents who will be more than happy to welcome you.

ACCOMODATION/FOOD:

In tents on a football field, located in proximity to a kitchen and an everyday-living space situated in a festivities venue.
